197.317. 1. After July 1, 1983, no certificate of need shall be issued for the following:

(1) Additional residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility beds above the number then licensed by this state;

(2) Beds in a licensed hospital to be reallocated on a temporary or permanent basis to nursing care or beds in a long-term care hospital meeting the requirements described in 42 CFR, Section 412.23(e), excepting those which are not subject to a certificate of need pursuant to paragraphs (e) and (g) of subdivision (10) of section 197.305; nor

(3) The reallocation of intermediate care facility or skilled nursing facility beds of existing licensed beds by transfer or sale of licensed beds between a hospital licensed pursuant to this chapter or a nursing care facility licensed pursuant to chapter 198, RSMo; except for beds in counties in which there is no existing nursing care facility. No certificate of need shall be issued for the reallocation of existing residential care facility I or II, or intermediate care facilities operated exclusively for the mentally retarded to intermediate care or skilled nursing facilities or beds. However, after January 1, [2003] **2008**, nothing in this section shall prohibit the Missouri health facilities review committee from issuing a certificate of need for additional beds in existing health care facilities or for new beds in new health care facilities or for the reallocation of licensed beds[, provided that no construction shall begin prior to January 1, 2004]. The provisions of subsections 16 and 17 of section 197.315 shall apply to the provisions of this section.

2. The health facilities review committee shall utilize demographic data from the office of social and economic data analysis, or its successor organization, at the University of Missouri as their source of information in considering applications for new institutional long-term care facilities.

197.318. 1. The provisions of section 197.317 shall not apply to a residential care facility I, residential care facility II, intermediate care facility or skilled nursing facility only where the department of [social] **health and senior** services has first determined that there presently exists a need for additional beds of that classification because the average occupancy of all licensed and available residential care facility I, residential care facility II, intermediate care facility and skilled nursing facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise appears to qualify for a certificate of need. The department's certification that there is no need for additional beds shall serve as the final determination and decision of the committee. In determining ninety percent occupancy, residential care facility I and II shall be one separate classification and intermediate care and skilled nursing facilities are another separate classification.

2. The Missouri health facilities review committee may, for any facility certified to it by the department, consider the predominant ethnic or religious composition of the residents to be served by that facility in considering whether to grant a certificate of need.

3. [There shall be no expenditure minimum for facilities, beds, or services referred to in subdivisions (1), (2) and (3) of section 197.317. The provisions of this subsection shall expire January 1, 2003.]

4.] As used in this section, the term "licensed and available" means beds which are actually in place and for which a license has been issued.

[5.] 4. The provisions of section 197.317 shall not apply to any facility where at least ninety-five percent of the patients require diets meeting the dietary standards defined by section 196.165, RSMo.

[6.] 5. The committee shall review all letters of intent and applications for long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e) under its criteria and standards for long-term care beds.

[7.] 6. Sections 197.300 to 197.366 shall not be construed to apply to litigation pending in state court on or before April 1, 1996, in which the Missouri health facilities review committee is a defendant in an action concerning the application of sections 197.300 to 197.366 to long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e).

[8. Notwithstanding any other provision of this chapter to the contrary:

(1) A facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(a) Submitting a letter of intent to expand to the division of aging and the health facilities review committee;

(b) Certification from the division of aging that the facility:

a. Has no patient care class I deficiencies within the last eighteen months; and

b. Has maintained a ninety-percent average occupancy rate for the previous six quarters;

(c) Has made an effort to purchase beds for eighteen months following the date the letter of intent to expand is submitted pursuant to paragraph (a) of this subdivision. For purposes of this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to purchase beds from another licensed facility in the same licensure category; and

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license; or

(e) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit an expansion for:

a. A facility with more than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-three percent or greater over the previous six quarters;

b. A facility with fewer than forty beds may expand its licensed bed capacity within the same licensure category by twenty-five percent or ten beds, whichever is greater, if that same licensure category in such facility has experienced an average occupancy of ninety-two percent or greater over the previous six quarters;

c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure category;

(2) Any beds sold shall, for five years from the date of relicensure by the purchaser, remain unlicensed and unused for any long-term care service in the selling facility, whether they do or do not require a license;

(3) The beds purchased shall, for two years from the date of purchase, remain in the bed inventory attributed to the selling facility and be considered by the department of social services as licensed and available for purposes of this section;

(4) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility to be licensed within the same licensure category if both facilities are under the same licensure ownership or control, and are located within six miles of each other;

(5) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual long-term care licensed beds to facilities qualifying pursuant to paragraphs (a) and (b) of subdivision (1) of this subsection. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity in that licensure category for a period of five years from the date the licensure is relinquished.

9. Any existing licensed and operating health care facility offering long-term care services may replace one-half of its licensed beds at the same site or a site not more than thirty miles from its current location if, for at least the most recent four consecutive calendar quarters, the facility operates only fifty percent of its then licensed capacity with every resident residing in a private room. In such case:

(1) The facility shall report to the division of aging vacant beds as unavailable for occupancy for at least the most recent four consecutive calendar quarters;

(2) The replacement beds shall be built to private room specifications and only used for single occupancy; and

(3) The existing facility and proposed facility shall have the same owner or owners, regardless of corporate or business structure, and such owner or owners shall stipulate in writing that the existing facility beds to be replaced will not later be used to provide long-term care services. If the facility is being operated under a lease, both the lessee and the owner of the existing facility shall stipulate the same in writing.]

7. Notwithstanding any other provisions of this chapter to the contrary, a facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed capacity by:

(1) Submitting a letter of intent to expand to the department of health and senior services and the health facilities review committee;

(2) Certification from the department of health and senior services that the facility:

(a) Has no patient care class I deficiencies within the last eighteen months; and

(b) Has maintained a ninety percent average occupancy rate of its licensed and available beds for the previous four quarters;

(3) Has made an effort to purchase beds for twelve months following the date the letter of intent to expand is submitted. For purposes of this section, an "effort to purchase" means:

(a) A copy certified by the offeror as an offer to purchase beds from another licensed facility within the same licensure category; or

(b) In an effort to promote continuum of care, as an offer to purchase beds in another licensure category;

(4) A facility may purchase, transfer or sell individual licensed beds to facilities qualifying pursuant to subdivisions (1) and (2) of this subsection. Any facility which transfers or sells licensed beds shall not expand its licensed bed capacity within that licensure category for a period of five years from the date the license is relinquished;

(5) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license;

(6) If no agreement is reached by the selling and purchasing entities, the health facilities review committee shall permit the following expansion:

(a) A facility may expand its licensed bed capacity in the same licensure category by twenty-five percent of its current licensed and available beds;

(b) A facility may expand its licensed bed capacity in another licensure category by up to ten percent of the facility's current licensed and available beds;

(7) Any residential care facility or skilled nursing facility licensed pursuant to chapter 198, RSMo, may relocate any portion of such facility's current licensed beds to any other facility if both facilities are under the same ownership or control;

(8) In an effort to promote continuum of care, an independent living facility may apply to the health facilities review committee for permission to buy residential care or skilled nursing beds as follows:

(a) The facility shall submit a plan to the division of health standards and licensure and, if approved, the division shall issue a permit to apply to the health facilities review committee;

(b) The health facilities review committee shall review the plan, the permit and the need for beds and may authorize the facility to buy beds;

(c) The facility shall work with the health facilities review committee staff to identify a seller;

(d) If an agreement is reached by the selling and purchasing entities, the health facilities review committee shall issue a certificate of need for the expansion of the purchaser facility upon surrender of the seller's license;

(e) The facility shall then apply for licensure of the purchased beds;

(f) For purposes of this subdivision, the term "independent living facility" means any unlicensed group housing with services program for three or more unrelated adults that promotes resident self-direction and participation in decisions that emphasize choice, dignity, privacy, individuality, independence and home-like surroundings.

8. A facility which is licensed as a skilled nursing facility, a residential care facility I, or a residential care facility II pursuant to chapter 198, RSMo, may obtain licensure in more than one category while retaining the same number of beds. The facility shall submit a plan to the division of health standards and licensure and, if approved, make the changes necessary to fulfill the licensure requirements and then apply for licensure in the new category.

[10.] 9. Nothing in this section shall prohibit a health care facility licensed pursuant to chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so long as the existing facility and proposed or replacement facility have the same owner or owners regardless of corporate or business structure and the health care facility being replaced remains unlicensed and unused for any long-term care services whether they do or do not require a license from the date of licensure of the replacement facility."; and

Further amend said bill, page 8, Section 198.016, line 29 of said page, by inserting immediately after said line the following:

"198.022. 1. Upon receipt of an application for a license to operate a facility, the department shall review the application, investigate the applicant and the statements sworn to in the application for license and conduct any necessary inspections. A license shall be issued if the following requirements are met:

(1) The statements in the application are true and correct;

(2) The facility and the operator are in substantial compliance with the provisions of sections 198.003 to 198.096 and the standards established thereunder;

(3) The applicant has the financial capacity to operate the facility;

(4) The administrator of a residential care facility II, a skilled nursing facility, or an intermediate care facility is currently licensed under the provisions of chapter 344, RSMo;

(5) Neither the operator nor any principals in the operation of the facility have ever been convicted of a felony offense concerning the operation of a long-term health care facility or other health care facility or ever knowingly acted or knowingly failed to perform any duty which materially and adversely affected the health, safety, welfare or property of a resident, while acting in a management capacity. The operator of the facility or any principal in the operation of the facility shall not be under exclusion from participation in the title XVIII (Medicare) or title XIX (Medicaid) program of any state or territory;

(7) All fees due to the state have been paid.

2. Upon denial of any application for a license, the department shall so notify the applicant in writing, setting forth therein the reasons and grounds for denial.

3. The department may inspect any facility and any records and may make copies of records, at the facility, at the department's own expense, required to be maintained by sections 198.003 to 198.096 or by the rules and regulations promulgated thereunder at any time if a license has been issued to or an application for a license has been filed by the operator of such facility. The department shall make at least [two inspections per year, at least one of which shall be unannounced to the operator] **one inspection per year, the date of which shall be unannounced to the operator. Should the facility not be in substantial compliance, other inspections shall be performed as the department deems necessary.** The department may make such other inspections, announced or unannounced, as it deems necessary to carry out the provisions of sections 198.003 to 198.136.

4. Whenever the department has reasonable grounds to believe that a facility required to be licensed under sections 198.003 to 198.096 is operating without a license, and the department is not permitted access to inspect the facility, or when a licensed operator refuses to permit access to the department to inspect the facility, the department shall apply to the circuit court of the county in which the premises is located for an order authorizing entry for such inspection, and the court shall issue the order if it finds reasonable grounds for inspection or if it finds that a licensed operator has refused to permit the department access to inspect the facility." and

Further amend said bill, page 15, Section 198.073, line 7 of said page, by inserting immediately after said line the following:

"[197.367. Upon application for renewal by any residential care facility I or II which on the effective date of this act has been licensed for more than five years, is licensed for more than fifty beds and fails to maintain for any calendar year its occupancy level above thirty percent of its then licensed beds, the division of aging shall license only fifty beds for such facility.]" and

Further amend said bill and section, Page 8, Lines 73 to 91, by striking said lines and inserting in lieu thereof the following:

"2. A pawnbroker shall have no recourse against the pledgor for payment on a pawn transaction except the pledged goods themselves, unless the goods are found to have been misappropriated.

3. [To obtain possession of tangible personal property held by a pawnbroker which a claimant claims to be misappropriated, the claimant may file a petition in a court of competent jurisdiction in the county where the theft occurred or where the pawnbroker's pawnshop is located, requesting the return of the property, naming the pawnbroker

as a defendant and serving the pawnbroker with the petition. The provisions of section 482.305, RSMo, to the contrary notwithstanding, a court of competent jurisdiction shall include a small claims court, even if the value of the property named in the petition is greater than three thousand dollars. Upon receiving notice that a petition has been filed by a claimant for the return of property in the pawnbroker's possession, the pawnbroker shall hold the property identified in the claimant's petition until the right to possession is resolved by the parties or by a court of competent jurisdiction.

4. Upon being served notice that a petition has been filed pursuant to this section, the pawnbroker may, after determining the validity of the claimant's claim, return the property to the claimant prior to a decision being rendered on the claimant's petition by the court. The pawnbroker shall return the property to the claimant free of any principal, interest and service charges, conditioned only upon the claimant withdrawing the petition filed with a court of competent jurisdiction seeking the disposition of said property. Property voluntarily returned by a pawnbroker to a claimant subject to this subsection shall be returned:

(2) When the property is subject to a pawn transaction contract, the pawnbroker shall deliver the property to the claimant immediately upon the termination of the pawn transaction contract, except that if the pledgor of the property subject to a claimant's claim attempts to redeem the property as provided for by the pawn transaction contract, the pawnbroker may collect any principal, interest or service charges due and shall hold the property until the right to possession is resolved by the parties or by a court of competent jurisdiction.

The provisions of this section to the contrary notwithstanding, the pawnbroker shall not be required to pay any costs incurred by the claimant and the claimant shall not be required to pay any costs incurred by the pawnbroker when the property subject to the claimant's petition is returned to the claimant pursuant to this subsection.

5. When a claimant files a petition pursuant to this section, the pawnbroker may bring the conveying customer of the alleged misappropriated property into that action as a third-party defendant. When a claimant files a petition pursuant to this section, the pawnbroker shall bring the conveying customer of the alleged misappropriated property into that action as a third-party defendant if the pawnbroker has collected any principal, interest or service charges pursuant to subdivision (2) of subsection 4 of this section. If after notice to the pawnbroker and an opportunity to add the conveying customer as a defendant, the property in the possession of the pawnbroker is found by a court of competent jurisdiction to be the claimant's property and the property is awarded to the claimant by the court, then:

(1) The prevailing claimant may recover from the pawnbroker the cost of the action, including attorney's fees;

(2) The conveying customer shall be liable to repay the pawnbroker the full amount received from the pawnbroker from the pawn or sales transaction, including all applicable fees and interest charged and the costs incurred by the pawnbroker in pursuing the procedure described in this section, including attorney's fees.] **If any seller or pledgor fails to provide a pawnbroker with proof of ownership of the property sold or pledged to the pawnbroker, the pawnbroker shall hold such property for a period of six months prior to selling or otherwise transferring such property, provided, a pledgor may redeem the pledged property at any time upon performance of the contract with the pawnbroker.**

4. Any claimant whose property was misappropriated and subsequently pledged or sold to a pawnbroker may, personally or by designee, demand return of the misappropriated property upon proof of ownership.

(1) If the property demanded by a claimant or claimant's designee was sold or pledged to a pawnbroker by a conveying customer without proof of ownership, and the demand by claimant or claimant's designee occurs within six months of the sale or pledge, the pawnbroker shall return the property to claimant or claimant's designee.

(2) If the property demanded by a claimant or claimant's designee was sold or pledged to a pawnbroker by a conveying customer with proof of ownership, or by a conveying customer without proof of ownership and the demand by claimant or claimant's designee occurs six months or more after the sale or pledge, the pawnbroker may return the property to claimant or claimant's designee.

5. If a pawnbroker refuses to deliver property to a claimant or designee upon proof of ownership, or if a pawnbroker relinquishes possession but still claims an ownership interest in the property, either the claimant or the pawnbroker may file a petition in a court of competent jurisdiction requesting return of the property, provided, the non-prevailing party shall be responsible for costs of the action and the reasonable attorney's fees of the prevailing party.

6. The filing of a petition pursuant to the provisions of this section shall be in the county where the theft occurred or where the pawnbroker's pawnshop is located. The provisions of section 482.305, RSMo, to the contrary notwithstanding, a court of competent jurisdiction shall include a small claims court, even if the value of the property named in the petition is greater than three thousand dollars. Upon receiving notice that a petition has been filed, the party with possession of the property shall hold the property identified in the petition until the right to possession is resolved by the parties or the court.

7. Further amend said bill and section, Page 8, Lines 73 to 91, by striking said lines and inserting in lieu thereof the following:

"2. A pawnbroker shall have no recourse against the pledgor for payment on a pawn transaction except the pledged goods themselves, unless the goods are found to have been misappropriated.

3. [To obtain possession of tangible personal property held by a pawnbroker which a claimant claims to be misappropriated, the claimant may file a petition in a court of competent jurisdiction in the county where the theft occurred or where the pawnbroker's pawnshop is located, requesting the return of the property, naming the pawnbroker as a defendant and serving the pawnbroker with the petition. The provisions of section 482.305, RSMo, to the contrary notwithstanding, a court of competent jurisdiction shall include a small claims court, even if the value of the property named in the petition is greater than three thousand dollars. Upon receiving notice that a petition has been filed by a claimant for the return of property in the pawnbroker's possession, the pawnbroker shall hold the property identified in the claimant's petition until the right to possession is resolved by the parties or by a court of competent jurisdiction.

4. Upon being served notice that a petition has been filed pursuant to this section, the pawnbroker may, after

determining the validity of the claimant's claim, return the property to the claimant prior to a decision being rendered on the claimant's petition by the court. The pawnbroker shall return the property to the claimant free of any principal, interest and service charges, conditioned only upon the claimant withdrawing the petition filed with a court of competent jurisdiction seeking the disposition of said property. Property voluntarily returned by a pawnbroker to a claimant subject to this subsection shall be returned:

- (1) Immediately when the property is not subject to a pawn transaction contract; and
- (2) When the property is subject to a pawn transaction contract, the pawnbroker shall deliver the property to the claimant immediately upon the termination of the pawn transaction contract, except that if the pledgor of the property subject to a claimant's claim attempts to redeem the property as provided for by the pawn transaction contract, the pawnbroker may collect any principal, interest or service charges due and shall hold the property until the right to possession is resolved by the parties or by a court of competent jurisdiction.

The provisions of this section to the contrary notwithstanding, the pawnbroker shall not be required to pay any costs incurred by the claimant and the claimant shall not be required to pay any costs incurred by the pawnbroker when the property subject to the claimant's petition is returned to the claimant pursuant to this subsection.

5. When a claimant files a petition pursuant to this section, the pawnbroker may bring the conveying customer of the alleged misappropriated property into that action as a third-party defendant. When a claimant files a petition pursuant to this section, the pawnbroker shall bring the conveying customer of the alleged misappropriated property into that action as a third-party defendant if the pawnbroker has collected any principal, interest or service charges pursuant to subdivision (2) of subsection 4 of this section. If after notice to the pawnbroker and an opportunity to add the conveying customer as a defendant, the property in the possession of the pawnbroker is found by a court of competent jurisdiction to be the claimant's property and the property is awarded to the claimant by the court, then:

- (1) The prevailing claimant may recover from the pawnbroker the cost of the action, including attorney's fees;
- (2) The conveying customer shall be liable to repay the pawnbroker the full amount received from the pawnbroker from the pawn or sales transaction, including all applicable fees and interest charged and the costs incurred by the pawnbroker in pursuing the procedure described in this section, including attorney's fees.] **A pawnbroker shall require of every person from whom the pawnbroker receives sold or pledged property the following:**

(2) A signed statement that the seller or pledgor is the legal owner of the property and stating when, where, and in what manner such property was acquired by the seller or pledgor.

4. If any seller or pledgor fails to provide a pawnbroker with proof of ownership of the property sold or pledged to the pawnbroker, the pawnbroker shall hold such property for a period of ninety days prior to selling or otherwise transferring such property, provided, a pledgor may redeem the pledged property at any time upon performance of the contract with the pawnbroker.

5. Any claimant whose property was misappropriated and subsequently pledged or sold to a pawnbroker may, personally or by designee, demand return of the misappropriated property upon proof of ownership.

6. If a pawnbroker refuses to deliver property to a claimant or designee upon proof of ownership, or if a pawnbroker relinquishes possession but still claims an ownership interest in the property, either the claimant or the pawnbroker may file a petition in a court of competent jurisdiction requesting return of the property, provided, the non-prevailing party shall be responsible for costs of the action and the reasonable attorney's fees of the prevailing party.

7. The filing of a petition pursuant to the provisions of this section shall be in the county where the theft occurred or where the pawnbroker's pawnshop is located. The provisions of section 482.305, RSMo, to the contrary notwithstanding, a court of competent jurisdiction shall include a small claims court, even if the value

of the property named in the petition is greater than three thousand dollars. Upon receiving notice that a petition has been filed, the party with possession of the property shall hold the property identified in the petition until the right to possession is resolved by the parties or the court.

8. Nothing contained in this section shall limit a pawnbroker from bringing the conveying customer into a suit as a third-party, nor limit a pawnbroker from recovering from a conveying customer repayment of the full amount received from the pawnbroker from the pawn or sales transaction, including all applicable fees and interest charged, attorney's fees and the cost of the action."

residents who have developed and maintained an admirable record of community betterment activities through the excellent execution of professional duty in their chosen fields of endeavor; and

WHEREAS, Dr. Mack Evans of Joplin, Missouri, has earned distinction during the past three decades for his spiritual leadership as the Pastor of Central Christian Center; and

WHEREAS, Dr. Mack Evans will gather with friends, colleagues, and parishioners on Sunday, April 28, 2002, when the Central Christian Center will honor him and Mrs. Evans on the occasion of his Thirtieth Anniversary celebration; and

WHEREAS, Dr. Evans moved to Joplin in 1972 from Shreveport, Louisiana, and accepted the call to spiritual service at a church composed of only thirty-five members; and

WHEREAS, Dr. Evans has enjoyed unqualified success as Central Christian Center has grown to include a weekly attendance of more than 1,200 people with worship services televised on KOAM Channel 7 for the past sixteen years; and

WHEREAS, in 1974 Central Christian Center moved to facilities in the old Fox Theatre located in downtown Joplin, began a renovation project that has turned most of one block in the area from empty storefronts to a beautiful center of activities that attract participants from throughout the four-state region, and sparked an ongoing neighborhood renewal that promises to recapture the grandeur, for which the downtown was once heralded; and

WHEREAS, recent Central Christian Center renovations include new offices and a north theatre entrance which required an investment of some \$1.7 million:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-first General Assembly, join unanimously to applaud the exceptional spiritual and organizational leadership contributed by Dr. Mack Evans to the staff and members of Central Christian Center and to convey to him and Mrs. Evans this legislative body's heartiest congratulations and best wishes as he and his congregation proudly commemorate three decades of his wonderful service and care; and

SENATE CONCURRENT RESOLUTION NO. 64

WHEREAS, recognizing that visual development from birth through school age has sensitive and critical periods where abnormalities can lead to permanent impairments, especially in the development of binocular vision, an important part of human vision; and

WHEREAS, realizing that conditions such as strabismus (ocular misalignment) including esotropia (crossed eyes) and exotropia (outward turned eyes) occur in up to 6.7% of children prior to entering elementary school and anisometropia (significant difference in refractive prescription between the eyes) has a 1% or higher prevalence and clinically significant hyperopia (farsightedness) a prevalence of 3-6%; and

WHEREAS, The Journal of the American Public Health Association reported that 25% of Missouri's K-6 children have some kind of vision deficiency; and

WHEREAS, noting that the majority of eye and vision conditions prior to entering elementary school are not obvious on gross examination and go undetected; and

WHEREAS, noting that decreased binocular vision and depth perception can lead to problems in gross motor and fine motor development, and that uncorrected hyperopia is associated with deficits in visual perceptual skills, reading readiness, intelligence quotient, and reading achievement; and

WHEREAS, realizing that early comprehensive childhood eye care is a neglected area, that less than half of pediatricians perform even limited vision screenings, and pediatric screening, when performed, is usually limited to a light reflex test which will not detect most strabismus, hyperopia or anisometropia; and

WHEREAS, recognizing that professional organizations agree that screening under age 3 is not successful but there is ample evidence that amblyopic conditions should be detected and treated as early as possible;

NOW, THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-First General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby impel school districts to implement:

(1) The institution of a comprehensive vision screening to be performed on kindergarten age children. Such screenings should be done through the use of photorefractive technology developed by the National Aeronautics and Space Administration, and should screen for myopia, hyperopia, oblique astigmatisms, anisometropia, constant strabismus, ocular media opacities, other visible eye abnormalities, and defects that can lead to amblyopia.

(2) With the completion of such screening all children and schools would receive information detailing their screening results. Children with possible problems indicated will be directed to seek the services of an eye care professional to address their problem through a full eye examination.

(3) This screening system will begin with a pilot program for the 2002 school year. This program will be implemented in designated school districts as funding permits.

(4) This pilot program will be funded through monies deposited in the "Blindness, Education Screening & Treatment Fund".

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-FOURTH DAY--TUESDAY, APRIL 16, 2002

The Senate met pursuant to adjournment.

Senator Klarich in the Chair.

Reverend Carl Gauck offered the following prayer:

"Sometimes God must sit back and let us try to work it out so that when we ask his assistance we will better understand the miracle he performs for us." (Carl D. Windsor)

Gracious God, we are sometimes very slow to come to You for help and often it is after we have tried so hard to do things on our own and failed that we recognize the help we need that only You can provide. So be with us this day and hear our prayer for Your presence and guidance in all we do this day. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

HOUSE CONCURRENT RESOLUTION NO. 18

WHEREAS, recent legislative hearings have brought to light serious problems in the ability of young adults to understand and evaluate consumer credit issues, such as credit cards and payday loans; and

WHEREAS, mistakes with financial well-being made in early adulthood can imperil a young adult's credit rating and affect his or her ability to be a productive member of society; and

WHEREAS, the ability to evaluate the soundness and advisability of using particular consumer credit programs is a crucial life skill; and

WHEREAS, the Missouri assessment program communications, mathematics, and social studies assessments for middle school and high school students offer a unique opportunity to gauge the extent of young people's understanding of these issues; and

WHEREAS, the first goal of the Show-Me Standards includes elements such as evaluating information and ideas, and applying acquired information to different contexts as students, workers, citizens, and consumers; and

WHEREAS, in some disciplines, such as consumer and family sciences and business education, extensive work has already been done to chart skills such as comparing various aspects of consumer credit against not only the Show-Me Standards but also national standards and tests; and

WHEREAS, dictating the content of courses by state statute may not always be good public policy, but making known legislative priorities so that existing programs may accommodate those priorities is an obligation of the General Assembly:

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, that the Department of Elementary and Secondary Education should:

- 1) Impanel a group or groups of teachers to determine if consumer credit issues can be addressed in the framework of the Show-Me Standards and, if so, determine what type of questions, including the possibility of performance events, would be appropriate for inclusion in the statewide assessments, as well as addressing the optimum grade level for inclusion, whether middle or high school, or both;
- 2) If the teacher panels respond favorably to the inclusion of consumer credit questions, determine if and how the assessment instruments can be kept comparable with previous years' instruments as they are rewritten in the ordinary course of test development to incorporate consumer credit elements;
- 3) Determine what steps would be necessary to track and report statewide average performance on those elements concerning consumer credit issues and advise if it is possible or advisable;
- 4) Encourage organizations that represent individual curriculum areas, such as communications, mathematics, and social studies, to incorporate analysis of consumer credit issues where appropriate; and
- 5) Identify and publicize methods besides statewide assessments that could help students and teachers incorporate consumer credit issues in teaching and learning, including professional development opportunities; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Commissioner of Education.

In which the concurrence of the Senate is respectfully requested.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up adopted and third read **HCR 13**.

HOUSE CONCURRENT RESOLUTION NO. 13

WHEREAS, HR 3113, the TANF Reauthorization Act of 2001, was introduced in the United States House of Representatives on October 12, 2001, which would reform the Temporary Assistance for Needy Families program to make it clear that the program's principal focus is the long-term reduction of poverty rather than a short-term immediate reduction in the welfare rolls; and

WHEREAS, HR 3113 would also make it clear that postsecondary education is a work activity under the TANF program by providing access to postsecondary education for TANF recipients as a permissible work activity; and

WHEREAS, in the United States, education has always been a route to economic self-sufficiency and social mobility; and

WHEREAS, in the twenty-first century, at least one year of postsecondary education will become increasingly more essential for all workers; and

WHEREAS, TANF does not currently extend our nation's commitment to educational opportunity to persons living in poverty with their children, but who are ready, willing, and able to benefit from postsecondary education; and

WHEREAS, data from several studies has demonstrated that the additional earning capacity that a postsecondary education provides can make the difference between economic self-sufficiency and continued poverty for many TANF recipients; and

WHEREAS, among families headed by African American, Latino, and Caucasian women, the poverty rate declines from fifty-one, forty-one, and twenty-two percent to twenty-one, eighteen and one-half, and thirteen percent, respectively, with at least one year of postsecondary education; and

WHEREAS, further data has found that postsecondary education not only increases incomes, it also improves self-esteem, increases children's education ambitions, including aspiring to enter postsecondary education themselves, and has a dramatic impact on quality of life; and

WHEREAS, now more than ever TANF recipients need postsecondary education to obtain the knowledge and skills required to compete for jobs and enable them to lift themselves and their children out of poverty in the long-term; and

WHEREAS, without some postsecondary education, most women who leave welfare for employment will earn wages that place them far below the federal poverty level, even after five years of employment; and

WHEREAS, allowing TANF recipients to attend postsecondary education, even for a short time, will improve their earning potential significantly, with the average person who attends a community college, even without graduating, earning approximately ten percent more than those persons who do not attend postsecondary education at all; and

WHEREAS, women who receive TANF assistance clearly appreciate the importance and role of postsecondary education in moving them out of poverty to long-term economic self-sufficiency; and

WHEREAS, as of November 1999, at least nineteen states had considered or enacted strategies to support recipient's efforts to achieve long-term economic self-sufficiency through the pursuit of postsecondary education:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, support HR 3113, the TANF Reauthorization Act of 2001; and

BE IT FURTHER RESOLVED that the General Assembly urges Missouri's Congressional delegation to support the passage of HR 3113, the TANF Reauthorization Act of 2001; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of Missouri's Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up adopted and third read **HCR 34**.

HOUSE CONCURRENT RESOLUTION NO. 28

WHEREAS, sustained investment in electric, natural gas, water, sewer, and heating utility infrastructure is vital to the economic vitality and well-being of the State of Missouri; and

WHEREAS, Missouri electric, natural gas, water, sewer, and heating utility companies compete with utility companies in other states for the capital necessary to sustain investment in utility infrastructure in Missouri; and

WHEREAS, Missouri electric, natural gas, water, sewer, and heating utility companies must achieve reasonable rates of return as compared to the rates of return achieved by utility companies in other states to ensure sustained investment in utility infrastructure in Missouri; and

WHEREAS, the utility regulatory process is a primary factor in determining the rate of return levels regulated electric, natural gas, water, sewer, and heating utility companies may achieve; and

WHEREAS, the utility regulatory process in Missouri, as it applies to electric, natural gas, water, sewer, and heating corporations, is governed primarily by Chapter 393, RSMo, which is largely unchanged since original enactment in 1913; and

WHEREAS, the potential for the deregulation of utilities in Missouri has received substantial legislative study in recent years, while the ongoing utility regulatory process and procedure has not enjoyed broad legislative evaluation; and

WHEREAS, the utility regulatory process must be periodically evaluated so as to promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies, by addressing policy and practice advances in areas including, but not limited to, nontraditional regulatory rate plans, performance-based regulatory rate plans, incentive regulatory rate plans, capital recovery schedules, consistency of utility regulatory policy with generally accepted accounting principles, consistency of utility regulatory policy with financial accounting standards, consistency of utility regulatory policy with generally accepted engineering principles, communication between and among participants in the regulatory process, time schedules for the initiation and conclusion of proceedings before utility regulatory agencies, the role, function and needs of the Public Service Commission, the role, function and needs of the Office of Public Counsel, and the overall structure and cost of governmental utility regulatory agencies and the utility regulatory process; and

WHEREAS, the utility regulatory process must also continue to assure that all consumers continue to receive safe, reliable service at reasonable rates, especially as energy market behavior and other factors beyond Missouri's control exert more influence on the state's citizens:

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, that a "Joint Interim Legislative Committee on Utility Regulation and Infrastructure Investment" be created to be composed of five members of the Senate, to be appointed by the President Pro Tem of the Senate, and five members of the house of Representatives, to be appointed by the Speaker of the House of Representatives, and that the committee be authorized throughout the Ninety-first General Assembly; and

BE IT FURTHER RESOLVED that the committee conduct in-depth studies and make appropriate recommendations concerning: how the utility regulatory process and the results thereof in Missouri in regard to electric, natural gas, water, sewer, and heating utility companies compare to the utility regulatory process and the results thereof in other states; and how the utility regulatory process in Missouri in regard to electric, natural gas, water, sewer, and heating utility companies can, or should, be modernized to be more efficient and effective, ensure sustained investment in utility infrastructure, maintain or improve service safety and reliability, continue to provide reasonably priced utility services, and promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies; and

BE IT FURTHER RESOLVED that the committee present a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the First Regular Session of the Ninety-second General Assembly; and

BE IT FURTHER RESOLVED that the committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Office of the Public Counsel, political subdivisions of this state, energy utilities, water utilities, heating corporations and representatives of energy and water customer groups; and

BE IT FURTHER RESOLVED that House Research, the Committee on Legislative Research, and Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED that the actual and necessary expenses of the committee, its members, and any staff personnel assigned to the committee incurred in attending meetings of the committee or any subcommittee thereof shall be paid from the Joint Contingent Fund.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HB 1869**, entitled:

An Act to amend chapter 71, RSMo, by adding thereto one new section relating to peace officer residency

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-SIXTH DAY--THURSDAY, APRIL 18, 2002

The Senate met pursuant to adjournment.

Senator Klarich in the Chair.

Reverend Carl Gauck offered the following prayer:

"I love the Lord, because he has heard the voice of my supplications, because he has inclined his ear to me whenever I called upon him." (Psalm 116:1)

Holy God, we thank You daily for we call upon You and You hear our voice and You incline Your ear to our prayers. We thank You for Your blessing us with Your guidance presence. We thank You for those You have given us to love and for teaching us to love as You have loved us. We ask You to watch over us this day in the work we complete here and in our traveling to be with loved ones once again. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

SENATE CONCURRENT RESOLUTION NO. 67

WHEREAS, Echostar Communications Corporation proposes to acquire Hughes Electronics; and

WHEREAS, through their services known as Dish Network and DirecTV, the two companies together control virtually one hundred percent of the market for direct broadcast satellite services (DBS); and

WHEREAS, a significant portion of Missourians have no option for multi-channel programming services other than through satellite services; and

WHEREAS, Echostar's acquisition of DirecTV would result in the consolidation of the DBS industry to one DBS provider; and

WHEREAS, there is no reliable mechanism to enforce the commitments by Echostar and DirecTV to provide a national pricing plan, rural broadband and local television stations into the local television markets; and

WHEREAS, competition is the best way to ensure innovation, quality service and a fair price to consumers; and

WHEREAS, the companies have made application to the Federal Communications Commission asking that they be allowed to transfer licenses to complete the merger; and

WHEREAS, the companies have notified the Department of Justice, as required by federal law, of their intent to merge:

NOW, THEREFORE, BE IT RESOLVED by the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, that the state of Missouri believes that continued competition in the marketplace by retaining independent DBS companies is the best way to provide continued pricing incentives, technological innovations and more choices for consumers, and

BE IT FURTHER RESOLVED that the state of Missouri does not believe it to be in the best interest of consumers for this merger to be approved; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Federal Communications Commission and the Department of Justice.

WHEREAS, event materials promise "dungeon parties" with "flogging and cutting", suggesting a "tarp or drop cloth" be used for "messy blood scenes and other bodily fluids"; and

WHEREAS, sadomasochist behavior of this kind spreads disease; and

WHEREAS, engaging in deviant sexual behavior and experimentation is widely recognized by experts to lead to more extreme behavior, particularly the victimization of women and children who are not "consenting"; and

WHEREAS, by allowing the "Beat Me in St. Louis" gathering to be held at their hotel, the Howard Johnson hoteliers are contributing to the overall risk to the health and welfare of their other patrons and the public:

Further amend the title and enacting clause of said bill accordingly.

An excursion boat licensee shall pay to the commission an admission fee of two dollars **and fifty cents** for each person embarking on an excursion gambling boat with a ticket of admission. One dollar of such fee shall be deposited to the credit of the gaming commission fund as authorized pursuant to section 313.835, and one dollar of such fee shall not be considered state funds and shall be paid to the home dock city or county. **The remainder of such fee shall be utilized in FY04 for a two percent state employee pay raise. For all fiscal years thereafter, the remainder of such fee shall only be utilized for state employee compensation.** Subject to appropriation, one cent of such fee deposited to the credit of the gaming commission fund may be deposited to the credit of the compulsive gamblers fund created pursuant to the provisions of section 313.842. Nothing in this section shall preclude any licensee from charging any amount deemed necessary for a ticket of admission to any person embarking on an excursion gambling boat. If tickets are issued which are good for more than one excursion, the admission fee shall be paid to the commission for each person using the ticket on each excursion that the ticket is used. If free passes or complimentary admission tickets are issued, the excursion boat licensee shall pay to the commission the same fee upon these passes or complimentary tickets as if they were sold at the regular and usual admission rate; however, the excursion boat licensee may issue fee-free passes to actual and necessary officials and employees of the licensee or other persons actually working on the excursion gambling boat. The issuance of fee-free passes is subject to the rules of the commission, and a list of all persons to whom the fee-free passes are issued shall be filed with the commission.

2. All licensees are subject to all income taxes, sales taxes, earnings taxes, use taxes, property taxes or any other tax or fee now or hereafter lawfully levied by any political subdivision; however, no other license tax, permit tax, occupation tax, excursion fee, or taxes or fees shall be imposed, levied or assessed exclusively upon licensees by a political subdivision. All state taxes not connected directly to gambling games shall be collected by the department of revenue. Notwithstanding the provisions of section 32.057, RSMo, to the contrary, the department of revenue may furnish and the commission may receive tax information to determine if applicants or licensees are complying with the tax laws of this state; however, any tax information acquired by the commission shall not become public record and shall be used exclusively for commission business."; and

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-NINTH DAY--WEDNESDAY, APRIL 24, 2002

The Senate met pursuant to adjournment.

President Maxwell in the Chair.

Reverend Carl Gauck offered the following prayer:

"You are a hiding place for me, you preserve me from trouble; you surround me with glad cries of deliverance." (Psalm 32:7)

Gracious God, amid all the people and pressures wanting something from us we look to You for peace and guidance. You look upon our circumstances and let us know that You are near. Provide us wisdom so we may be of help to others. And we give You thanks for watching over Your servant Senator DePasco, bringing him through a successful surgery; continue, O Lord, Your healing and blessings to him. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-first General Assembly, Second Regular Session, in the passage of appropriations bills for fiscal year 2003, will observe the following procedure, which shall for purposes of parliamentary rulings be regarded as a definitive statement of the practice of the Senate:

"1. No amendment to any appropriations bill shall be in order that increases the total amount of general revenue appropriated in the bill as it was reported from the Appropriations Committee unless there is a decrease in general revenue appropriations which results from adoption of an amendment to another operating budget bill in a manner that does not increase the total of general revenue appropriated by all of the operating budget bills considered in the aggregate as they were reported from the Appropriations Committee.

2. Any member offering an increasing amendment to be balanced by a decreasing amendment to another operating budget bill shall submit the amendments together. If the decreasing amendment applies to the pending bill and the amendment is adopted, the increasing amendment shall be taken up when the bill it applies to is taken up. Journal of the Senate

SECOND REGULAR SESSION

SIXTIETH DAY--THURSDAY, APRIL 25, 2002

The Senate met pursuant to adjournment.

Senator Gross in the Chair.

Reverend Carl Gauck offered the following prayer:

"I praise you, for I am marvelously made, wonderful are your works that I know very well." (Psalm 139:14)

You are an awesome God, O Lord, who has created us so our mind, body and soul are interconnected and what affects one part touches the others. So we are thankful that even a quiet moment like this, in conversation with You, dissipates some of the stress we experience this time of year. Help us to take more such moments so we may be healthier and more effective in what is ahead of us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Senate met pursuant to adjournment.

President Pro Tem Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"Be merciful to me, O God, be merciful to me, for in you my soul takes refuge; in the shadow of your wings I will take refuge until the destroying storms pass by." (Psalm 57:1)

Merciful Father, we are thankful for Your many blessings and Your watching our "going out and coming in." We pray for Your blessings and comfort to those whose lives have been disrupted by the storms that blew through our state and Midwest the last several days. Heal those who were injured and comfort those who suffered death to loved ones and provide refuge for all who seek it. In Your Holy Name we pray. Amen.

The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

Consistent with the provisions contained in section 160.526, the state board of education shall develop a statewide assessment system that provides maximum flexibility for local school districts to determine the degree to which students in the public schools of the state are proficient in the knowledge, skills and competencies adopted by such board pursuant to subsection 1 of section 160.514. The statewide assessment system shall assess problem solving, analytical ability, evaluation, creativity and application ability in the different content areas and shall be performance-based to identify what students know, as well as what they are able to do, and shall enable teachers to evaluate actual academic performance. The assessment system shall neither promote nor prohibit rote memorization and shall not include existing versions of tests approved for use pursuant to the provisions of section 160.257, nor enhanced versions of such tests. The statewide assessment shall measure, where appropriate by grade level, a student's knowledge of academic subjects including, but not limited to, reading skills, writing skills, mathematics skills, world and American history, forms of government, geography and science.

2. The assessment system shall only permit the academic performance of students in each school in the state to be tracked against prior academic performance in the same school.

3. The state board of education shall suggest criteria for a school to demonstrate that its students learn the knowledge, skills and competencies at exemplary levels worthy of imitation by students in other schools in the state and nation. "Exemplary levels" shall be measured by the assessment system developed pursuant to subsection 1 of this section, or until said assessment is available, by indicators approved for such use by the state board of education. The provisions of other law to the contrary notwithstanding, the commissioner of education may, upon request of the school district, present a plan for the waiver of rules and regulations to any such school, to be known as "Outstanding Schools Waivers", consistent with the provisions of subsection 4 of this section.

4. For any school that meets the criteria established by the state board of education for three successive school years pursuant to the provisions of subsection 3 of this section, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, excepting such waivers shall be confined to the school and not other schools in the district unless such other schools meet the criteria established by the state board of education consistent with subsection 3 of this section and the waivers shall not include the requirements contained in this section and section 160.514. Any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the criteria established by the state board of education consistent with subsection 3 of this section.

The advisory panel shall attempt to identify preexisting developmentally appropriate alternate assessments but shall, if necessary, develop alternate assessments and recommend one or more alternate assessments for adoption by the state board. The state board shall consider the recommendations of the advisory council in establishing such alternate assessment or assessments. Any student who receives special educational services, as that term is defined pursuant to section 162.675, RSMo, shall be assessed by an alternate assessment established pursuant to this subsection upon a determination by the student's individualized education program team that such alternate assessment is more appropriate to assess

the student's knowledge, skills and competencies than the assessment developed pursuant to subsection 1 of this section. The alternative assessment shall evaluate the student's independent living skills, which includes how effectively the student addresses common life demands and how well the student meets standards for personal independence expected for someone in the student's age group, sociocultural background, and community setting.

168.400. 1. Sections 168.400 to 168.415 shall be known and may be cited as the "Missouri Professional Teacher and Administrator Act". This section shall become effective September 1, 1988, and shall establish programs for the following public school personnel:

- (1) The preservice teacher or student in training;
- (2) The beginning teacher;
- (3) The practicing teacher; and
- (4) The administrator.

2. Preservice teacher programs established under this section shall include, but need not be limited to, the following provisions:

- (1) A program of entry-level testing of all prospective teacher education students shall be established at all colleges and universities offering approved teacher education programs and, with the advice of the advisory council as provided in section 168.015, shall be administered by the commissioner of education, who shall cause the department of elementary and secondary education to develop or select such tests to establish abilities necessary to receive a satisfactory rating, and to establish procedures for the administering of the test;
- (2) The entry-level tests developed under this subsection shall include, but need not be limited to, an examination of basic oral and written communication skills and of basic mathematics skills, and may include both oral and written examinations;

(3) Each prospective teacher education student shall be required to obtain a satisfactory rating prior to admission into the approved teacher education program;

(4) The department of elementary and secondary education, with the advice of the advisory council as provided in section 168.015, shall establish and monitor exit requirements from approved teacher education programs which shall be met by all preservice teacher education students seeking certification in Missouri, and specific criteria for a preservice teacher assessment that all candidates for certification shall meet. The preservice teacher assessment established under this subdivision shall include, but need not be limited to, classroom achievement, practice teaching evaluation and observation, successful participation in assessment centers, interviews, tests and other evaluation measures. **The department of elementary and secondary education shall promulgate rules to allow all preservice teacher education students who have been employed for at least two years as teacher assistants to utilize their teacher assistant experience to bypass the practice teaching evaluation and observation process. These rules shall allow the certified teacher working with the teacher assistant to observe and evaluate the teacher assistants practice teaching. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.** The preservice teacher assessment shall be reviewed by the certifying authority prior to issuance of a certificate. An unsatisfactory assessment shall result in the nonissuance of a certificate. Persons who are aggrieved by the nonissuance of a certificate may appeal such nonissuance in the manner provided in section 168.071. Any costs associated with the entry-level tests or the exit requirements established under this subsection shall be borne by each institution and costs defrayal included in the incidental fees charged to the student.

3. Each approved teacher education program shall require the faculty teaching preservice teacher education courses to further their professional development through direct personal involvement in the public schools in grades kindergarten through twelve on a periodic basis. As used in this subsection, the term "faculty" shall include, but need not be limited to, full- and part-time classroom instructors, and supervisors of practice teaching at institutions offering an approved teacher education program.

4. Beginning teacher assistance programs established under this section shall include, but need not be limited to, the following provisions:

(1) Such programs shall require each school district to provide a plan of professional development for the first two years of teaching for any teacher who does not have prior teaching experience. The professional development plan shall include assistance from a professional development committee, which is hereby established in each school district, which committee shall work with beginning teachers and experienced teachers in identifying instructional concerns and remedies; serve as a confidential consultant upon a teacher's request; assess faculty needs and develop in-service opportunities for school staff; and present to the proper authority faculty suggestions, ideas and recommendations pertaining to classroom instruction within the school district. The members of each professional development committee shall be selected by the teachers employed by the school district in question. The professional development plan may include guidance from a district-designated faculty member employed at a grade level comparable to the instructional grade level of the beginning teacher, and such other forms of assistance which the school district may choose to offer. The professional development committee may apply to the state board of education for a grant, which shall be in addition to any state aid provided to the committee for activities identified in this subdivision. The grant thus awarded shall be used by the committee to provide in-service training to the teachers of the district on teaching children identified as at risk of failing in school as defined in section 167.273. The department of elementary and secondary education shall provide resource materials and assist the committee if such assistance is requested;

(2) Such programs shall include assistance from the teacher education program which provided the teacher's training if such training was provided in a Missouri college or university. Such assistance from the college or university may include retraining, internships, counseling, and in-service training.

5. The practicing teacher assistance programs established under this section shall include, but need not be limited to, programs of professional development and improvement as provided for experienced teachers by the professional development committee established under subsection 4 of this section, and in-service opportunities as provided by the local school district for all practicing teachers.

6. (1) The administrator assistance programs established under this section shall include, but shall not be limited to, programs of professional development and improvement for superintendents, principals, assistant principals, and other school district personnel charged with administrative duties.

(2) Establishment of programs by local districts and organizations for the training of school board members are encouraged and recommended.

170.014. 1. This section shall be known as the "Reading Instruction Act" and is enacted to ensure that all public schools establish reading programs based in scientific research and offer explicit systematic phonics instruction in grades kindergarten through three as a significant component of a program of balanced reading instruction and that all new teachers who teach reading in grades kindergarten through three receive adequate training in the teaching of explicit systematic phonics.

2. As used in this section, "explicit systematic phonics", means the methodology of pronouncing and reading words by learning the phonetic sound association of individual letters, letter groups and syllables and the principles governing these associations. Reading instruction using implied recognition of words or partial words through the use of pictures or other references other than explicit pronunciation of phonetic letter combinations shall not be admitted as a substitute in compliance with this provisions.

3. Explicit systematic phonics instruction shall be offered in every public school in the state in grades kindergarten through three as a significant component of a program of balanced reading instruction. Nothing in this section shall be construed to allow for implicit phonics methodology as a substitute for the teaching of explicit systematic phonics as defined by this section.

4. On and after July 1, 2005, no teacher shall be certified to teach reading in the public schools of this state in grades kindergarten through three, either as a reading specialist or as a classroom teacher, unless the teacher has successfully completed instruction in explicit systematic phonics at the university or college level."; and

"171.053. 1. The general assembly hereby finds and declares that:

(1) The Future Farmers of America (FFA), Future Homemakers of America (FHA/HERO), Family, Career and Community Leaders of America (FCCLA) and 4-H programs in the state and the organized competitions held as a part of the Missouri state fair involve an education and learning process that is not otherwise available in the regular curriculum of secondary education in Missouri;

(2) The principles and practices learned by school students in such programs are highly beneficial to students;

(3) Participation in such programs should be encouraged; and

(4) One method of encouraging participation in such programs is to allow such participation to be counted as school attendance for the purpose of determining state school aid.

2. It is the purpose and intent of this section to assure that participation of students in sanctioned activities of such programs be allowed to such extent as may be determined appropriate by the school boards of the various school districts.

3. A school board shall allow, pursuant to its written policy and with the approval of the responsible sponsoring school employee, any student enrolled in the district to use such regularly scheduled instructional time as is reasonably necessary for such student to participate in an officially-sanctioned activity of any such program; provided, if the program is not a part of the Missouri state fair or 4-H, that such program has a local chapter which is officially recognized by the student's school.

Senator Stoll offered SA 5:

SENATE AMENDMENT NO. 5

Amend House Committee Substitute for House Bill No. 1711, Page 5, Section 163.011, Line 154, by inserting after all of said line the following:

"163.036. 1. In computing the amount of state aid a school district is entitled to receive under section 163.031, a school district may use an estimate of the number of eligible pupils for the ensuing year, the number of eligible pupils for the immediately preceding year or the number of eligible pupils for the second preceding school year, whichever is greater. Except as otherwise provided in subsection 3 of this section, any error made in the apportionment of state aid because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating eligible pupils exceeds the amount to which the district was actually entitled by more than five percent, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law, the state board of education shall make an adjustment for the immediately preceding year for any increase in the actual number of eligible pupils above the number on which the state aid in section 163.031 was calculated. Said adjustment shall be made in the manner providing for correction of errors under subsection 1 of this section.

3. (1) For any district which has, for at least five years immediately preceding the year in which the error is discovered, adopted a calendar for the school term in which elementary schools are in session for twelve months of each calendar year, any error made in the apportionment of state aid to such district because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091 and subsection 1 of this section, except that if the amount paid exceeds the amount to which the district was actually entitled by more than five percent and the district provides written application to the state board requesting that the deductions be made pursuant to subdivision (2) of this subsection, then the amounts shall be deducted pursuant to subdivision (2) of this subsection.

(2) For deductions made pursuant to this subdivision, interest at the rate of six percent shall be charged on the excess

and shall be included in the amount deducted and the total amount of such excess plus accrued interest shall be deducted from the district's apportionment in equal monthly amounts beginning with the succeeding school year and extending for a period of months specified by the district in its written request and no longer than sixty months.

4. For the purposes of distribution of state school aid pursuant to section 163.031, a school district may elect to use the district's equalized assessed valuation for the preceding year, or an estimate of the current year's assessed valuation if the current year's equalized assessed valuation is estimated to be more than ten percent less than the district's equalized assessed valuation for the preceding year. A district shall give prior notice to the department of its intention to use the current year's assessed valuation pursuant to this subsection. Any error made in the apportionment of state aid because of a difference between the actual equalized assessed valuation for the current year and the estimated equalized assessed valuation for the current year shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating current equalized assessed valuation exceeds the amount to which the district was actually entitled, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

5. For the purposes of distribution of state school aid pursuant to section 163.031, a school district with ten percent or more of its assessed valuation owned by one person or corporation as commercial and/or personal property and this person or corporation is delinquent in its property tax payment, may elect, after receiving notice from the county clerk on or before March fifteenth, except in the year enacted, that more than ten percent of its current taxes due the preceding December thirty-first by a single property owner are delinquent, to use on line 2 of the state aid formula the district's equalized assessed valuation for the preceding year or the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent. To qualify for use of the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent, a district must notify the department of elementary and secondary education on or before April first, except in the year enacted, of the current year amount of delinquent taxes, the assessed valuation of such property for which delinquent taxes are owed and the total assessed valuation of the district for the year in which the taxes were due but not paid. Any district giving such notice to the department of elementary and secondary education shall present verification of the accuracy of such notice obtained from the clerk of the county levying delinquent taxes. When any of the delinquent taxes identified by such notice are paid during a four year period following the due date the county clerk shall give notice to the district and the department of elementary and secondary education and state aid paid to the district shall be reduced by an amount equal to the delinquent taxes received plus interest. The reduction in state aid shall occur over a period not to exceed five years and the interest rate on excess state aid not refunded shall be six percent annually.

6. If a district receives state aid based on equalized assessed valuation as determined by subsection 5 of this section and if prior to such notice the district was paid state aid pursuant to subdivision (2) of subsection 5 of section 163.031, the amount of state aid paid during the year of such notice and the first year following shall equal the sum of state aid paid pursuant to line 1 minus line 10 as defined in subsections 1, 2, 3 and 6 of section 163.031 plus the difference between the state aid amount being paid after such notice minus the amount of state aid the district would have received pursuant to line 1 minus line 10 as defined in subsections 1, 2, 3 and 6 of section 163.031 before such notice. To be eligible to receive state aid based on this provision the district must levy during the first year following such notice at least the maximum levy permitted school districts by article X, section 11(b) of the Missouri Constitution and have a voluntary rollback of its tax rate which is no greater than one cent per one hundred dollars assessed valuation." ; and

- (2) A description of the charter school's educational program and curriculum;
- (3) The term of the charter, which shall be not less than five years, nor greater than ten years and shall be renewable;

- (5) A description of the governance and operation of the charter school, including the nature and extent of parental, professional educator, and community involvement in the governance and operation of the charter school.

2. Proposed charters shall be subject to the following requirements:

(1) A charter application shall be provided to a proposed sponsor at least eleven months prior to the proposed starting date for the charter school to begin operation. Within five business days of receipt of the application, the proposed sponsor shall forward a copy of the charter application to the state board of education and to the school board of the district if the proposed sponsor is not a school board;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met and determines that the applicant is sufficiently qualified to operate a charter school. The sponsor's decision of approval or denial shall be made within [sixty] ninety days of the filing of the proposed charter;

[(2)] (3) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

[(3)] (4) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter and shall notify the applicant in writing as to the reasons for its denial, if applicable; [and]

[(4)] (5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining credits for graduation, pregnant or a parent, homeless or has been homeless sometime within the preceding six months, has limited English proficiency, has been suspended from school three or more times, is eligible for free or reduced price school lunch, or has been referred by the school district for enrollment in an alternative program. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, it shall be submitted to the state board of education which may, within [forty-

five] **sixty** days, disapprove the granting of the charter. The state board of education may disapprove a charter only on grounds that the application fails to meet the requirements of sections 160.400 to 160.420.

4. Any disapproval of a charter pursuant to subsection 3 of this section shall be subject to judicial review pursuant to chapter 536, RSMo.

5. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state relating to health, safety, and minimum educational standards;

(3) Except as provided in sections 160.400 to 160.420, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, **publish audit reports and annual financial reports as provided pursuant to chapter 165, RSMo. The annual financial report may be published via the Internet on the secretary of state's website in addition to other publishing requirements;** [and]

(5) Provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700, RSMo. A charter school that incurs debt must include a repayment plan in its financial plan;

[(5)] (6) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

[(6)] (7) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, collect baseline data during at least the first three years for determining how the charter school is performing and to the extent applicable, [participate in] **employ** the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, **which shall also include a statement that background checks have been completed on the charter school's board members**, report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof, and provide data required for the study of charter schools pursuant to subsection 3 of section 160.410. No charter school will be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program. Nothing in this paragraph shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter;

[(7)] (8) Assure that the needs of special education children are met in compliance with all applicable federal and state laws and regulations;

(9) Provide, in a timely fashion, all information necessary to confirm on-going compliance with all provisions of the charter and sections 160.400 to 160.420.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations at least once every two years.

7. (1) A sponsor may revoke a charter at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet academic performance standards as set

forth in its charter, failure to meet generally accepted standards of fiscal management, **failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.420 within forty-five days following receipt of written notice requesting such information** or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, after which, if such plan is unsuccessful, the charter may be revoked. **The sponsor may require the remedial plan to provide for a change in methodology or leadership, or both.**

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's board of directors may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to judicial review pursuant to chapter 536, RSMo.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

8. A sponsor shall take all reasonable steps necessary to confirm each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.420.

9. A school district may enter into a lease with a charter school for physical facilities. [A charter school may not be located on the property of a school district unless the district governing board agrees.]

[9.] **10. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.**

11. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The board of directors of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided pursuant to sections 557.700 to 557.755, RSMo.

160.410. 1. A charter school shall enroll all pupils resident in the district in which it operates or eligible to attend a district's school under an urban voluntary transfer program who submit a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education; and

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school.

2. A charter school shall not limit admission based on race, ethnicity, national origin, disability, gender, income level,

proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. **A charter school's admission, recruitment and enrollment policies, curriculum and instructional methods may not result in the establishment of racially or socioeconomically isolated schools.**

3. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with a comparable group and a study of the impact of charter schools upon the districts in which they are located, to be conducted by a contractor selected through a request for proposal. The department of elementary and secondary education shall reimburse the contractor from funds appropriated by the general assembly for the purpose. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and a group of students comparable to the students enrolled in the charter school. The impact study shall be undertaken every two years to determine the effect of charter schools on education stakeholders in the districts where charter schools are operated. The impact study may include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.

4. A charter school shall make available for public inspection, free of charge, and provide upon request, to the parent, guardian or other custodian of any school-age pupil resident in the district in which the school is located, the following information:

- (1) The school's charter; and**
- (2) The school's most recent annual report card published pursuant to section 160.522; and**
- (3) The results of background checks to screen candidates seeking or renewing an appointment to the board of directors of a charter school.**

The charter school may charge reasonable fees for furnishing copies of documents pursuant to this subsection."; and

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 1152, Page 89, Section 595.045, Line 29, by inserting after all of said line the following:

"610.040. 1. As used in this section, the following terms shall mean:

- (1) "Party", a party of record in a product liability action;**
- (2) "Product liability action", an action or claim for damages for personal injury, wrongful death, or property damage caused by a product, that is an alleged hazard to the public and that presents an alleged risk of similar injury to other members of the public;**
- (3) "Records", all information acquired through the process of discovery pursuant to the Missouri Rules of Civil Procedure concerning the defective product, and all settlement documents, releases and other documents terminating the litigation filed with the court or maintained by the parties.**

2. This section shall apply exclusively to product liability actions.

3. Records filed with the courts of this state in product liability actions or records produced or maintained by the parties in such actions shall be open and available for inspection, copying or viewing by the public, with the exception of those records which a court of competent jurisdiction orders sealed pursuant to subsection 3, 4 or 5 of this section. Access to records of the courts of this state shall be governed by the provisions of this chapter. The clerk of the court shall maintain sealed records in a restricted area apart from the case file to which the public has access. Unless the docket in the product liability action reflects prior entry of an order to file under seal or the party offering a record presents the clerk with an order of the court authorizing a filing under seal, all records received in the office of the clerk shall be filed in the public record of a product liability action.

4. Only upon written motion filed by any party may a court order that a record filed or to be filed, or produced or to be produced, in a product liability action be received and maintained by the court clerk or the requesting party under seal until such time as the court orders the record to be opened. The court may only seal a record, whether before or after such record is filed or produced, if the court determines that good cause exists based upon a showing that the request is narrowly tailored and that no less restrictive means exist to protect disclosure of prejudicial or confidential information and that:

- (1) The information requested to be sealed is determined by the court to be a trade secret or other confidential research, development, or commercial information; and**
- (2) Public disclosure of the record or proceeding would subject any party to undue harassment, embarrassment, annoyance, humiliation, oppression, burden or expense; and**
- (3) An interest exists which substantially outweighs the right of public access to the information contained in the record and the overriding interest will be imminently compromised if the record is not sealed.**

5. Upon written motion filed by any party, the court may order that any final settlement filed in a product liability action be received and maintained by the court clerk under seal until such time as the court orders the record to be opened.

6. Unless the information is sealed by the court pursuant to subsection 4 of this section, any portion of an agreement or contract in a product liability action that restricts a party from disclosing information relating to the defective product to a governmental agency with enforcement authority over the defective product is void, contrary to public policy and shall not be enforced.

7. If any sealed records are relevant to any other proceedings in another court of competent jurisdiction, or such sealed records may be reasonably calculated to lead to discovery of relevant matters in such other

proceeding, the court with jurisdiction of such other proceeding shall order that such sealed records be made available to the party seeking the same, and may make such further orders as are appropriate under the circumstances regarding any further disclosure of such information."; and

Further amend the title and enacting clause accordingly.

Notwithstanding any other provision of law to the contrary, such petitioners waive all rights of being employed by any Missouri-licensed gambling operation. If the petitioner is arrested for committing any crime, other than minor traffic offenses, during the pendency of the action filed pursuant to the provisions of sections 610.130 to 610.140, the court shall stay such action until the resolution of any indictment or information filed pursuant to such arrest.

SENATE AMENDMENT NO. 7

Amend Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 1152, Page 75, Section 517.151, by inserting after all of said section the following:

"537.617. 1. The state of Missouri hereby grants limited consent to be sued under the Americans with Disabilities Act, 42 U.S.C. Section 12101, et seq., in the state courts of Missouri. The state of Missouri does not consent to be sued under the Americans with Disabilities Act in federal courts.

2. The consent granted in subsection 1 of this section is for a maximum monetary award in the amounts described in section 537.610. No state court shall enter a judgment for an amount in excess of the monetary limits in section 537.610. Such monetary limits shall apply regardless of whether the state has insurance for defense of the claim. The amount may include attorneys' fees, but shall not include punitive or exemplary damages.

3. The provisions of this section shall apply to all actions pending or initiated on or after the effective date of this section." ; and

Further amend the title and enacting clause accordingly.

Senator Rohrbach offered **SA 8:**

SENATE AMENDMENT NO. 8

Amend Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 1152, Page 79, Section 537.684, Line 22 of said page, by inserting after all of said line the following:

"565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases with a single stage trial in which guilt and punishment are submitted together.

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty

or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558, RSMo.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. No further evidence shall be received. If the trier is a jury it shall be instructed on the law. The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the crime upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

(1) If the trier finds by a preponderance of the evidence that the defendant is mentally retarded; or

(2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or

(3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or

(4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed. If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury [it shall be instructed before the case is submitted that if it] **and** is unable to decide or agree upon the punishment the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor [or death]; **and the jury shall be accordingly instructed before the case is submitted.** The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.

5. Upon written agreement of the parties and with leave of the court, the issue of the defendant's mental retardation may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.

6. As used in this section, the terms "mental retardation" or "mentally retarded" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with continual extensive related deficits and limitations in two or more adaptive behaviors such as communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure and work, which conditions are manifested and documented before eighteen years of age.

7. The provisions of this section shall only govern [offenses committed] **prosecutions commenced** on or after August 28, [2001] **2002.**"; and

Further amend the title and enacting clause accordingly.

Senator Rohrbach moved that the above amendment be adopted.

Senator Caskey raised the point of order that **SA 8** is out of order as it goes beyond the scope and purpose of the original bill.

The point of order was referred to the President Pro Tem, who ruled it well taken.

Senator Singleton assumed the Chair.

Senator Rohrbach offered **SA 9**, which was read:

SENATE AMENDMENT NO. 9

"But surely God is my helper, the Lord is the upholder of my life." (Psalm 54:4)

Holy and Gracious God, we give You thanks that You are in our lives and a refuge when times are tense and we need help. We pray that You will watch over us and provide the support we need to serve Your people. And we pray that You will be with former House Chaplain, Father Behan, as he goes through cancer surgery tomorrow, guiding the hands of the surgeons and providing Your healing presence. And we continue to pray for Senator DePasco as he enters the next step in his treatment, that Your healing power may flow through his body that he might return to health and wholeness. In Your gracious Name we pray. Amen.

2. No [organization] **entity** shall conduct pari-mutuel wagering on [horse] racing without a valid [racetrack] license issued by the commission [with respect to the conduct of horse racing and race meets authorized by the commission]. Such determination shall be made by the commission after due investigation of the applicant. The applicant for such license shall file with its application an application fee of fifty thousand dollars. If the cost of the commission's investigation exceeds the total amount of the fee paid by the applicant pursuant to this section, the commission may assess additional fees as it deems appropriate; however, if the applicant is denied a license, the applicant shall be entitled to a refund of the difference between the application fee and the actual costs of the investigation.

2. Applications for a license shall be made, processed, and determined using such forms as the commission may require. - (3) Fifty days of live racing in this state during each twelve-month period thereafter.**

The commission shall only have authority to waive, suspend, or modify the provisions of this section in the event that circumstances beyond the control of the applicant or licensee prevent the applicant or licensee from complying with such requirements.

2. In the event that a licensee does not make a capital investment or own and operate a live racetrack that conducts the minimum number of days of live racing in Missouri as set forth in subsection 1 of this section, the commission shall restrict, revoke, suspend, or place on probation the licensee's right to operate until the licensee adequately demonstrates an ability to satisfy the requirements of subsection 1 of this section.

3. The commission shall not issue a license to any applicant unless the applicant establishes by clear and convincing evidence that it will timely arrange for the capital investment in its race meeting grounds as set forth in subsection 1 of this section so as to demonstrate a significant financial commitment to the host community.

4. The commission shall not issue a license to any applicant except upon the express condition and representation that the licensee shall not, by any lease, contract, understanding or arrangement of whatever kind or nature, grant, assign, transfer or turn over to any person, corporation, partnership or business, the

313.590. A [racetrack licensed under section 313.580] licensee shall post a bond payable to the state of Missouri, before the license is issued, in an amount set by the commission, with sureties to be approved by the commission. The bond shall be used to guarantee that the licensee satisfies its obligation to maintain all facilities for which it is licensed, faithfully makes the payments, keeps its books and records and makes reports, and conducts its racing and wagering activity in conformity with sections 313.500 to [313.710] 313.720 and the rules adopted by the commission. The bond shall not be canceled or assigned by a surety on less than thirty days' notice in writing to the commission. If a bond is canceled and the licensee fails to file a new bond with the commission in the required amount on or before the effective date of cancellation, the licensee's license shall be revoked. The total and aggregate liability of the surety on the bond is limited to the amount specified in the bond.

313.600. 1. [Whenever any organization has been granted a racetrack license to conduct a horse race meeting,] No officer or director of [such organization] a licensee, or person [who will thereby] proposed to become [the owner or holder, directly or indirectly, of five percent or more of the shares of stock or certificates or other evidence of ownership] a stockholder in such [organization] licensee, may become [the owner or holder, directly or indirectly, of any such shares of stock or certificates or other evidence of ownership] a stockholder without first having obtained the approval of the commission. The commission may, after hearing, revoke or suspend a [racetrack] license granted to any [organization] licensee which shall register on its books in the name of any such officer, director, or person its

share of stock or certificate or other evidence of ownership of any interest in the organization without the prior approval of the commission or which shall knowingly permit any such officer, director, or person to be directly or indirectly interested in its share of stock or certificates or other evidences of ownership of any interest in the organization without reporting the same to the commission or which violates any rules or regulations of the commission.

2. Whenever the commission shall give to any officer or director of any [organization] **licensee**, or person [who will thereby] **proposed to** become [the owner or holder, directly or indirectly, of five percent or more of the shares of stock or certificates or other evidences of ownership of any interest in an organization] **a stockholder in a licensee**, its approval to [own or hold the shares of stock or certificates or other evidences of ownership of any interest] **become a stockholder** in any such [organization] **licensee**, it shall, by registered mail, notify the organization of such approval. Under no circumstances shall the commission give such approval to any such officer, director or person who has been convicted of or is under an indictment for a crime involving moral turpitude [or has violated any provisions of the racing law of any state or any rules or regulations of the commission of any state] **or a felony**.

3. The commission shall require all licensees, including any officers and stockholders thereof, to disclose fully to the commission all financial interests that they may have in horse racing **that are deemed relevant by the commission**.

4. The commission shall require each licensee [under] **pursuant to** this section to maintain records [of owners of stock of the licensee so that the names of all persons, including corporations, trusts, estates, and partnerships, who are the beneficial owners of the stock are disclosed] **its stockholders**, regardless of the manner in which, or whether, the ownership interest is stated or registered on the stock of the licensee. **For purposes of determining stockholders**, beneficial ownership includes, but is not limited to record ownership and:

(1) Stock or other ownership in one or more entities in a chain of parent and subsidiary or affiliated entities, any one of which participates in the capital or profits of a licensee, regardless of the percentage of ownership involved; or

(2) Any interest which entitles a person to benefits substantially equivalent to ownership by reason of any contract, understanding, relationship, agreement, or other arrangement, even though the person is not the record owner. Unless there are special circumstances, securities held by an individual's spouse or relatives, including children, living in the home, are beneficially owned by the individual.

5. In addition to any other action which is necessary to obtain disclosure of [beneficial ownership of stock] **stockholders**, the commission shall require each licensee, at least once every calendar year, to obtain, pursuant to written notice to the [record owners of all stock] **stockholders** of the licensee, an affidavit from each [record owner owning two percent or more] **stockholder**, sworn to under the penalty of perjury, stating to the best of the affiant's knowledge, information and belief:

(1) Whether any person other than the affiant has any right of beneficial ownership of any kind in the stock held in the name of the affiant;

6. If the licensee receives information indicating that a person other than the record owner has a beneficial ownership interest in stock of the licensee, the licensee shall request promptly by written notice to the other person, that this person submit to the licensee within sixty days from the date of the notice an affidavit, sworn to under the penalty of perjury, stating to the best of the affiant's knowledge, information and belief:

(1) Whether the affiant has any right of ownership in stock of the licensee attributed to the affiant in the notice and the amount and nature of the ownership;

(2) Whether any person other than the affiant and the record owner has any right of ownership of any kind in stock of the licensee attributed to the affiant by the notice to the affiant; and

(3) The amount and nature of the ownership of any other person.

7. Notwithstanding the affidavit requirements of this subsection, the commission may limit the ownership that must be reported in an affidavit to [two] **five** percent or more of the beneficial ownership of the licensee.

8. Each licensee shall submit the ownership records and affidavits required by this section to the commission annually and at the other times required by the commission. Any change in the [record ownership or beneficial ownership of stock] **stockholders** of any licensee shall be reported promptly to the commission. Upon the failure of any licensee to maintain and report records of ownership of stock, as required by this subsection, or the failure of any licensee to make a reasonable effort to obtain the affidavits required by this subsection, the commission shall suspend or revoke the license of the track for a period determined by the commission.

9. All statements required to be filed with the commission shall be filed under oath and shall be signed by the officers of the corporation, or, if unincorporated, by the owner or all the partners, general and limited, of the licensee.

313.605. 1. [In addition to the provisions of subsection 1 of this section,] No [organization] **entity** shall be granted a [racetrack] license [to hold a race meeting in this state] and the commission may revoke or suspend a [racetrack] license if any public official of the state or his or her spouse, children or parents hold any financial interest, directly or indirectly, in the shares of stock or certificates or other evidences of ownership in [the organization] **such entity or licensee. No entity shall be granted a license and the commission may revoke or suspend a license if any stockholder of a licensee has any financial interest, directly or indirectly, in the ownership of any other gaming activity or gaming business unrelated to horse racing.**

2. No [organization which has been granted a racetrack license to hold a race meeting] **licensee** shall give to any public official or his or her spouse, children or parents, directly or indirectly, for or without consideration any interest in shares of stock or certificates or other evidences of ownership [in the organization]. The commission shall, after hearing, revoke the [racetrack] license granted to [an organization] **any entity** which has violated this subsection.

313.610. Any [organization] **entity** conducting a horse race [or race meeting] at which pari-mutuel wagering is conducted without a valid license issued pursuant to sections 262.260 to 262.270, RSMo, and 313.500 to [313.710] **313.720** shall upon conviction be guilty of a class B felony.

313.620. 1. The commission shall prescribe by rule the amount and frequency of [application fees and] per day licensing fees for racetracks where pari-mutuel wagering is permitted.

2. The commission may prescribe by rule license fees for race [meets] **meetings** with respect to which pari-mutuel wagering is conducted.

3. Mr. President: Your Committee on Financial and Governmental Organization, Veterans' Affairs and Elections, to which was referred **HB 1679**, begs leave to report that it has considered the same and recommends that the Senate Committee Substitute, hereto attached, do pass.

Senator Childers raised the following point of order:

Mr. President, I raise a Point of Order that the Report of the Senate Financial and Governmental Organization, Veterans' Affairs and Elections Committee to recommend that Senate Committee Substitute for House Bill 1679 "do pass" is out of order, because the bill was not properly voted out "do pass" by the committee.

Mr. President there are four reasons why the committee report is out of order.

- First, on Thursday, April 25, 2002, the committee adopted a Senate Committee Substitute for House Bill 1679. Right after, the committee defeated a motion to "do pass" the bill. The chairman of the committee did not vote on the prevailing side.

On Monday, April 29, 2002, at another hearing of the same committee, a committee member made a motion to reconsider the vote by which Senate Committee Substitute for House Bill 1679 was not voted out "do pass." That reconsideration motion failed on a 3 to 3 vote. The chairman of the committee did not vote on the prevailing side.

On Thursday, May 2, 2002, at another hearing of the same committee, the chairman of the committee made a motion to again reconsider the vote by which Senate Committee Substitute for House Bill 1679 was not voted out "do pass." The chairman reported that, on a 4 to 2 vote, the motion to reconsider passed.

This second motion to reconsider should not have been allowed because Missouri Senate Rule 91 states that "[o]nly one motion to reconsider shall be allowed on any question." The question that was presented to the committee on Thursday, May 2, 2002 for reconsideration was the same question presented to the committee on Monday, April 29, 2002 for reconsideration: a motion to "do pass" Senate Committee Substitute for House Bill 1679.

Missouri Senate Rule 91 applies to committees as well as to practices on the Senate floor pursuant to Missouri Senate Rule 96, which states that "[i]n cases not provided for in these rules, the senate shall be governed by the rules laid down in the practice and procedures adopted by the senate of the United States and Jefferson's Manual... ."

Rule 26 of the standing rules of the U.S. Senate state that "[e]ach committee shall adopt rules (not inconsistent with the Rules of the Senate) governing the procedure of such committee." Thus, Missouri Senate committees are bound to the same limitation on reconsideration as is the Missouri Senate, because the Missouri Senate rules make no specific provisions for committee practice except that such practice shall be governed by the practice of the U.S. Senate and Jefferson's Manual.

In addition, Missouri Senate Rule 41 states that "[t]he rules and proceedings of the senate shall be observed in Committee of the Whole insofar as they are applicable." It only makes sense that the standing and statutory committees shall observe the same process and procedures of the Committee of the Whole.

Interestingly, U.S. Senate Rule 13 states that once a reconsideration has been refused, withdrawn, or made and failed, "no further motion to reconsider shall be in order unless by unanimous consent."

- Second, Missouri Senate Rule 91 also states that a reconsideration motion must be made within three legislative days. The second purported vote to reconsider on Thursday, May 2, 2002 was four legislative days after Thursday, April 25, 2002 when the motion to "do pass" Senate Committee Substitute for House Bill 1679 failed. Again, committees are bound to the same practice as on the Senate floor.
- Third, Missouri Senate Rule 91 also states that "[a]ll motions to reconsider shall be decided by a majority vote of the senators elected." The second purported vote to reconsider on Thursday, May 2, 2002 was by a 4 to 2 vote. Pursuant to Missouri Senate Rule 25, there are nine members on the Senate Financial and Governmental Organization, Veterans' Affairs and Elections Committee. Thus, five members are needed to successfully reconsider a question in a nine-member committee, because again committees are bound to the same practice as on the Senate floor.

Stated another way, a vote on the Senate floor to reconsider a question in which, for instance 19 Senators are present, would require 18 of those 19 members to vote in favor of reconsideration because at least 18 votes in favor are needed to obtain a majority vote of the 34 Senators elected.

- Fourth, Missouri Senate Rule 91 also states that "any senator voting on that side which prevails may move for a reconsideration of the vote... ." The second purported motion to reconsider on Thursday, May 2, 2002 was improperly made by the chairman of the committee, because the chairman had not voted on the prevailing side on Thursday, April 25, 2002 when the original motion to "do pass" Senate Committee Substitute for House Bill 1679 failed. Again, committees are bound to the same practice as on the Senate floor.

Mr. President, if my Point of Order is ruled "not well taken", then chaos will result in the various Senate committees. No procedures shall be required in committee, which are comparable to the procedures required on the Senate floor. Procedures relating to quorums, roll calls, duties of the committee secretary to keep records, substitute motions, etc. will be thrown out the window or ignored, and the democratic process will suffer and confidence in the legislative branch will decrease.

Mr. President, I request that my Point of Order and my remarks in support of my point of order be read and printed in the Senate Journal.

President Pro Tem Kinder took the point of order under advisement.

Senator Gibbons, Chairman of the Committee on Ways and Means, submitted the following report:

Mr. President: Your Committee on Ways and Means, to which was referred **HCS** for **HB 1898**, begs leave to report that it has considered the same and recommends that the Senate Committee Substitute, hereto attached, do pass.

PROJECT CONSTRUCTION, FINANCING AND OPERATION AGREEMENT

THIS PROJECT CONSTRUCTION, FINANCING AND OPERATION AGREEMENT (this "Agreement") is made and entered into as of _____, 2002 by and among **THE STATE OF MISSOURI**, acting by and through the Office of Administration and the Department of Economic Development (the "State"), **THE CITY OF ST. LOUIS, MISSOURI** (the "City"), a municipal corporation and political subdivision organized and existing under its charter and the constitution and laws of the State, **ST. LOUIS COUNTY, MISSOURI** (the "County"), a constitutional charter county organized and existing under its charter and the constitution and laws of the State (the State, the City and the County being collectively referred to herein as the "Public Participants"), and the **ST. LOUIS CARDINALS, L.P.**, a limited partnership organized and existing under the laws of the State (the "Cardinals"). (Terms capitalized in this Agreement but not otherwise defined herein have the meanings given to them in Article I.)

WITNESSETH:

WHEREAS, the Cardinals have proposed to build a new downtown ballpark suited for Major League Baseball in the City to serve as the home of the St. Louis Cardinals baseball team and to cause the development and construction of certain mixed use facilities adjacent to the Ballpark;

WHEREAS, the Public Participants have found and determined that the economic benefit of Major League Baseball in general and the Cardinals in particular is of critical economic consequence to the State, the City and the County and that without the assistance provided by the Public Participants described herein there is a real and present danger that, as a result of business, economic and competitive conditions affecting the Cardinals and their current ballpark, the State, the City and the County could lose Major League Baseball and the Cardinals and that such loss would pose irreparable harm to the economy of the State, the City and the County;

WHEREAS, Busch Stadium, the current ballpark where the Cardinals play their Home Games, was constructed in 1966 and despite major renovations is projected to become unsuitable for use by the Cardinals, absent substantial and uneconomic repairs and improvements, and the Parties have determined that the most cost-effective means of replacing Busch Stadium is through the construction of the Ballpark Project;

WHEREAS, funds are needed to plan, construct, equip and improve the Ballpark, and the Cardinals have requested that the Public Participants assist in the funding of the costs of the Ballpark Project;

WHEREAS, the Project will significantly benefit the Public Participants by: (a) increasing state and local tax revenues through the creation of new jobs and the retention of existing jobs, (b) increasing state and local tax revenues through increased sales, (c) increasing state and local tax revenues through increased property tax values, (d) increasing state tax revenues through taxes withheld by employers, (e) enhancing regional tourism and (f) creating an environment to stimulate additional private investment in the area where the Project will be located;

WHEREAS, the Cardinals' obligations under this Agreement relating to the development and construction of Ballpark

Village Phase I and Ballpark Village Phase II are a material condition precedent and inducement to the Public Participants' decisions to participate in funding a portion of the costs of the Ballpark Project;

WHEREAS, on June 19, 2001, the State, the City and the County executed a Memorandum of Understanding for New Cardinals Stadium and Ballpark Village with the Cardinals indicating their intention to provide the assistance described therein to the Cardinals, subject to, among other things, the commitments of the Cardinals described therein, the passage of necessary and appropriate State enabling legislation, the execution of necessary and appropriate agreements further detailing the essential terms and economic elements of the transaction outlined therein and final approval by their respective governing bodies;

WHEREAS, the Public Participants have found and determined that it is desirable and in the best interests of the Public Participants to enter into this Agreement for the purpose of setting forth the terms and conditions on which they will assist in the funding of the costs of the Ballpark, subject to the enactment by the State of necessary and appropriate enabling legislation;

WHEREAS, the Cardinals have determined that it is desirable and in their best interest to enter into this Agreement for the purpose of setting forth the terms and conditions on which they will assist in the funding of the costs of the Ballpark Project, construct the Ballpark and lease and operate the Ballpark;

NOW, THEREFORE, in consideration of the premises and the mutual representations, covenants and agreements herein set forth, the State, the City, the County and the Cardinals covenant and agree as follows:

(b) Notwithstanding any other provision of this Agreement, if the Cardinals fail to comply with Section 3.4 or Section 5.10 hereof the Cardinals shall transfer the property specified in (d) below, and the Authority and the Public Participants shall not be entitled to any other relief, compensation or penalties as a consequence of such failure and such failure shall not be a violation or a default or Event of Default under this Agreement. The Public Participants and the Authority hereby waive any other remedy which may be available at law or in equity, under this Agreement or otherwise.

(c) If the Cardinals shall fail to meet the benchmarks and milestones regarding construction of Ballpark Village Phase I as agreed upon in the Redevelopment Contract or cause the Final Completion of Ballpark Village Phase I in accordance with Section 3.3(c), the Cardinals shall pay to the State and the City, in the aggregate, on or before March 31 of each year, commencing March 31, 2010, an amount equal to the Ballpark Village Phase I Liquidated Damages for such prior year reduced by (that is, there shall be subtracted therefrom) the amount determined by multiplying such Liquidated Damages amount by a fraction the numerator of which is the amount which has been expended by the Cardinals for Ballpark Village Phase I Costs as of the end of such prior calendar year (as evidenced in accordance with Section 5.10(b)) and the denominator of which is \$100,000,000; provided that, subject to the limitation contained in the last sentence of this subsection (c), the Liquidated Damages amount as so reduced for any prior calendar year shall be further reduced by (that is, there shall be subtracted therefrom) the amount of the Ballpark Village Phase I Tax Revenues for such prior calendar year. Notwithstanding the foregoing or any other provision of this Agreement, no such amount shall be required to be paid under this subsection (c) for any calendar year or portion thereof (on a pro rata basis) following the Final Completion of Ballpark Village Phase I. In the case of Ballpark Village Phase I Liquidated Damages payable to the City pursuant to this subsection (c), the Collector of Revenue for the City of St. Louis shall allocate all revenues received from such payments among all taxing districts (excluding the State) on the same pro-rata basis as such taxing districts received taxes from Ballpark Village Phase I in that calendar year. Notwithstanding the foregoing, in no event shall the Cardinals be entitled to deduct the Ballpark Village Phase I Tax Revenues from such Liquidated Damages amount if or to the extent that Bond Counsel determines at the time of issuance of the State Ballpark Project Bonds, or at any time thereafter, that such deduction would adversely impact the exclusion of the interest on any series of State Ballpark Project Bonds from gross income for federal income tax purposes. The State and the City shall cause Bond Counsel to advise the Cardinals of Bond Counsel's initial determination as to such impact as of the date of this Agreement.

(d) In the event or events that the development of a Block of Ballpark Village Phase II is not commenced by the time set forth in Section 3.4(a) and Section 5.11(c), the Cardinals shall promptly thereafter convey or cause the conveyance to the Public Participants or their designees of good and marketable fee simple title to one Block (as selected by the Cardinals) of the Ballpark Village Phase II Site, subject only to Permitted Encumbrances. Notwithstanding the foregoing, the Cardinals shall not be required so to convey the Bowling Parcel unless such Parcel is then owned by the Cardinals. Any subsequent development of any Block of Ballpark Village Phase II by the Public Participants or their designees shall be in accordance with the Redevelopment Plan and the Redevelopment Contracts.

(e) On the Closing Date, the Cardinals shall cause to be recorded with the Recorder of Deeds of the City a covenant running with the land (the "Commencement Covenant") with respect to the Ballpark Village Phase II Site, in a form and substance approved by the Public Participants, which approval shall not be unreasonably withheld. The Commencement Covenant shall reflect the obligation of the Cardinals to transfer the respective Blocks of the Ballpark Village Phase II Site and all rights of the Cardinals under the Related Agreements which pertain to the respective portion of the Ballpark Village Phase II Site in the event or events that the development of such Blocks is not commenced in accordance with Section 3.4(a) and Section 5.11(c). All financing encumbrances of the Cardinals shall be subordinated to the Commencement Covenant.

ARTICLE IV

ACQUISITION AND OWNERSHIP OF THE PROJECT SITE

Section 4.1 Acquisition of Project Site. The Cardinals shall acquire and assemble the Project Site, including all reversionary rights, whether by purchase or donation, provided that (a) the City or the Authority shall, if necessary, acquire the Acquisition Parcels for the Cardinals by eminent domain as provided in this Article, (b) the Cardinals shall not be required to acquire the Bowling Parcel unless the Cardinals determine that such acquisition is economically feasible and (c) the Cardinals' obligation to acquire and assemble the Transportation Infrastructure Project Site shall be subject to the provisions of Section 6.11. The Cardinals shall obtain all necessary title commitments, inspections, tests, surveys and reports and select, hire and retain all necessary experts, professionals and other Consultants and staff necessary to acquire and assemble the Project Site.

Section 4.2 Negotiated Purchase of Acquisition Parcels. The Public Participants and the Authority shall cooperate with the Cardinals in making reasonable efforts to acquire the Acquisition Parcels by negotiation, and shall use their best efforts to convey or lease, or to cause any related entity to convey or lease, to the Cardinals on reasonable terms any Acquisition Parcels owned by them, but excluding any obligation to expend funds, or in any way to underwrite costs associated with the Acquisition Parcels. The Cardinals shall not be required to take title to any single parcel until such parcel is necessary to construct a particular component of the Project. The Cardinals shall consult with the Public Participants and the Authority during this period and shall notify the Public Participants and the Authority in writing as to the proposed terms of any purchase agreement prior to the execution of such agreement. Any purchase agreements with respect to an Acquisition Parcel shall provide for entry by the Cardinals upon the parcel at reasonable times and with prior written notice to the parcel's owner of record during the term of the purchase agreement for the purpose of conducting a final survey, environmental review, soils test and any other investigations or tests deemed necessary by the Cardinals.

Section 4.3 Condemnation of Acquisition Parcels. The Cardinals may notify the Public Participants and the Authority in writing that they desire the City or the Authority to initiate, and the Authority shall thereupon initiate, eminent domain proceedings to acquire all or any portion of the Acquisition Parcels, or interests in the Acquisition Parcels (including easements, rights of way, licenses and leasehold estates), not subject to purchase agreements in accordance with Section 4.2. Condemnation shall be undertaken in the name of and by the Authority, and the Authority shall diligently prosecute all such proceedings for and to acquire the Acquisition Parcels by eminent domain. The Authority shall select legal counsel (subject to the approval of the Cardinals which shall not be unreasonably withheld). The Cardinals shall have the right to direct the Authority's counsel in such condemnation proceedings provided such directions are consistent with the manner in which the Public Participants conduct their own condemnation proceedings. The Cardinals shall be responsible for the payment of all costs of such proceedings and for payment of damages awarded in any such eminent domain action. The Authority and the Cardinals shall cooperate in such proceedings and execute all documents which may be reasonably necessary during the prosecution of such proceedings. During the condemnation proceedings, the Cardinals and their advisers shall regularly consult with the Authority, as from time to time requested by the Authority, regarding the status and fair settlement value of each such case. With respect to each condemnation proceeding the Authority shall provide the Cardinals with written notice of the commissioners' award immediately upon receipt of notice thereof, and the Cardinals shall provide the Authority with written notice of the Condemnation Commitment Date at least five days prior thereto, together with the letter of credit, cash escrow or other security required by this Section. Advice and consultation with the Authority shall continue throughout such proceedings. The following additional provisions shall also apply to any such condemnation proceedings:

(a) The Authority, prior to the appointment of appraisal commissioners, shall use its best efforts to obtain the consent of each defendant property owner, subject to reasonable terms and conditions, for the Cardinals to conduct a final survey, environmental tests, soils tests and such other investigations and tests as the Cardinals deem necessary. In the alternative, the Authority may file a motion with the court in which the petition for condemnation of any Acquisition Parcel is filed providing for the inspection of that parcel by the Cardinals on behalf of the Authority, at the Cardinals' cost, subject to reasonable terms and conditions.

(b) The Cardinals shall deliver copies of the foregoing surveys, tests and reports to the Public Participants and the Authority for their review. Notwithstanding any other provision of this Agreement to the contrary, the Authority shall not be required to take ownership of any Acquisition Parcel condemned hereunder unless the Authority shall be provided reasonable evidence that such parcel is free of contamination by Hazardous Materials or that the Cardinals have adopted a plan of remediation and indemnity satisfactory to the Public Participants and the Authority in their reasonable discretion.

(c) Upon the Cardinals' request, the Authority shall file exceptions to any commissioners' report deemed excessive in the Cardinals' judgment. In addition, the Authority may, at its option, file exceptions to any commissioners' report with respect to any parcel if the award stated in such report is greater than the Cardinals' appraisal for such parcel. Upon such request by the Cardinals, and subject to the full funding thereof by the Cardinals, the Authority shall timely file and diligently prosecute such exceptions.

(d) The Cardinals shall have the right to direct that the Authority terminate any condemnation proceeding to effect a settlement of such proceeding. In such event this Agreement shall continue and the Authority shall continue to diligently prosecute any other condemnation proceedings pending at such time.

(e) At the request of the Authority in connection with any condemnation action for any Acquisition Parcel, at least five days prior to the Condemnation Commitment Date for such parcel the Cardinals shall deposit a letter of credit, cash escrow or other commercially reasonable security acceptable to the Authority in its reasonable discretion, to be held as security for the Cardinals' obligation hereunder to be responsible for all costs of litigation and for payment of damages awarded. The amount of such letter of credit, cash escrow or other security shall be equal to the actual damages awarded, reduced by the amount of any commissioners' award paid in to court in such condemnation action. If, after such letter of credit, cash escrow or other security is established, the condemnee presents a higher appraisal at any trial on exceptions, at the Authority's request the Cardinals shall increase the amount of such letter of credit, cash escrow or other security to equal such appraisal. Such letter of credit, cash escrow or other security shall be held until the final total amount of damages awarded in connection with the acquisition of such parcels by condemnation is finally determined, whether by abandonment, final judgment (subject to no further appeal) of any suit on exceptions or settlement and at such time shall be applied toward the damages awarded in such condemnation suit and the purchase price under any option or purchase contracts, and any remaining amount shall be refunded to the Cardinals. If the Cardinals do not deposit a satisfactory letter of credit, cash escrow or other security at least five days prior to such Condemnation Commitment Date as required hereby, the Authority may dismiss or abandon such condemnation action, in addition to the other remedies available hereunder.

(f) Prior to the payment of damages into the office of the Clerk of the Circuit Court and recording of the commissioners' report in any condemnation action, and prior to the Authority taking title pursuant to a negotiated purchase pursuant to Section 4.2, the Parties and the Authority shall execute and record a nominee agreement stating that the Authority is taking bare legal title through eminent domain as the nominee of the Cardinals in order to carry out the public purposes served by the Project, that the Cardinals hold all beneficial interest, that the Cardinals have sole responsibility for the condition and maintenance of the parcel and that the Cardinals shall indemnify the Public Participants and the Authority against all costs and liabilities in connection with such parcel. Immediately after the Authority takes title in any such eminent domain suit or negotiated purchase, unencumbered, fee simple title to such property shall be conveyed by the Authority to the Cardinals by quit claim deed, in a form acceptable to the Authority, which shall subject the property to the terms of this Agreement, and the Cardinals shall accept such transfer and arrange for recording such quit claim deed.

(g) To the extent permitted by applicable Law, the City, in consultation with the State and the County, shall perform the obligations and undertakings of the Authority under this Section 4.3 until such time as the Authority is created and operating.

Section 4.4 Relocation. As expeditiously as is commercially feasible, the Cardinals shall relocate or cause the relocation of all occupants of and businesses located on the Project Site in accordance with the Relocation Requirements.

Section 4.5 Title Insurance. On or before the Bond Offering Commitment Date, the Cardinals shall cause to be delivered to the Authority and the Public Participants a commitment for the issuance of a title insurance policy (American Land Title Association, Standard Loan Policy Additional Coverage (1992)), in a maximum amount equal to the aggregate principal amount of the Ballpark Project Bonds expected to be issued, insuring that the Authority's interest in the Ballpark Project Site is free and clear of all liens and encumbrances except Permitted Encumbrances, and which shall provide for mechanics' lien coverage, access and zoning coverage and the deletion of all standard exceptions. Promptly following the Closing Date, the Cardinals shall cause to be delivered to the Authority the title policy described in such commitment in an amount which during the time any Ballpark Project Bonds are outstanding shall be not less than the aggregate principal amount of the Ballpark Project Bonds outstanding less any amount then on deposit in the Ballpark Project Construction Fund.

Section 4.6 Conveyance of Project Site to Authority. On the Closing Date, the Cardinals shall donate and convey to the Authority by special warranty deed the Project Site free and clear of all Liens, except Permitted Encumbrances; provided that the Cardinals shall not be required to donate and convey the Busch Stadium Portion until ____ days following the Closing

Date. Notwithstanding the provisions of Article VII hereof, no lease by any Person of the Busch Stadium Portion shall be required until the date on which the Busch Stadium Portion is donated and conveyed to the Authority as provided in this Section 4.6.

ARTICLE V

DESIGN AND CONSTRUCTION OF THE PROJECT

Section 5.1 Ballpark Project Design and Construction.

(a) The Public Participants hereby select the Cardinals as the developer of the Ballpark Project. The Cardinals pursuant to the Redevelopment Plan and the Redevelopment Contract and the Related Agreements shall cause and shall be responsible for the design and construction of the Ballpark Project (either directly or through an Affiliate), including the development of all plans, designs, schemes, drawings and programs and the selection of Consultants. The Authority and the Public Participants shall have the right to participate collaboratively in, but not the right to approve or disapprove (except as specifically provided in this Article) of any matters with respect to the design and construction of the Ballpark Project, including, but not limited to, preparation of the Ballpark Project Construction Budget, and shall be afforded reasonable access to monitor the overall progress and construction of the Ballpark Project. Nothing in this Agreement shall be deemed to limit the Public Participant's exercise of their general powers of code enforcement and government oversight in the construction of the Ballpark.

(b) The Public Participants hereby approve the Ballpark Project Preliminary Drawings. The Cardinals may further amend, refine and supplement the Ballpark Project Preliminary Drawings, subject to Consultation with the Public Participants, provided that any such amendment, refinement or supplement which constitutes a Major Change shall be subject to the approval of the Public Participants, which approval shall not be unreasonably withheld. Prior to implementing any proposed Major Change to the Ballpark Project Preliminary Drawings, the Cardinals shall deliver copies of the drawings showing such proposed change to the Public Participants. If the Public Participants disapprove of the proposed Major Change, they shall provide to the Cardinals their written objections with respect thereto within 10 working days after receiving such drawings and, if the Public Participants fail to do so, the proposed Major Change shall be deemed to be approved. Upon receipt of any such objections, the Cardinals and the Public Participants shall seek in good faith to resolve each objection and, if they are unable to do so within 10 working days following the Cardinals' receipt of such objections, then their disagreement shall be settled in accordance with the arbitration procedures set forth in Section 13.4.

(c) Ballpark Project Final Construction Drawings shall be prepared for the Ballpark Project by a licensed architect or engineer and delivered to the Authority and the Public Participants within 10 days following completion and receipt thereof by the Cardinals. The Cardinals shall regularly Consult with the Public Participants during the preparation of the Final Construction Drawings. The Authority and the Public Participants shall have the right to approve the Ballpark Project Final Construction Drawings (provided that such approval shall not be unreasonably withheld, conditioned or delayed) if the Ballpark Project Final Construction Drawings are inconsistent in any material respect with the Ballpark Project Preliminary Drawings, as amended, refined and supplemented hereunder. If the Authority or the Public Participants disapprove of the Ballpark Project Final Construction Drawings they shall provide to the Cardinals written objections with respect thereto within 30 days (10 days if the Cardinals shall have submitted a substantially final version of such Ballpark Project Final Construction Drawings to the Authority and the Public Participants at least 30 days prior to such date and shall be in compliance with the Construction Monitor Agreement) after receiving such Plans and, if they fail to do so the Ballpark Project Final Construction Drawings shall be deemed to be approved. Upon receipt of any such objections, the Cardinals, the Public Participants and the Authority shall seek in good faith to resolve each objection and, if they are unable to do so within 30 days following the Cardinals' receipt of such objections, then their disagreement shall be settled in accordance with the arbitration procedures set forth in Section 13.4.

(d) The Cardinals shall select and hire the Ballpark Contractor (who shall be experienced in the construction of facilities similar to the Ballpark Project) and the other Consultants for the Ballpark Project, provided that the Public Participants may disapprove of any Ballpark Contractor for Good Cause.

(e) The Cardinals shall enter into one or more Ballpark Project GMP Contracts in Consultation with the Public Participants and the Authority. The Public Participants shall have the right to review and suggest changes to the Ballpark Project GMP Contract. Prior to execution of any Ballpark Project GMP Contract, the Cardinals shall provide satisfactory documentation to the Public Participants and the Authority evidencing that no recourse against the Public Participants or the Authority is

permitted under such contract to any contractor working on the Ballpark Project.

(f) The Cardinals shall stipulate in the bidding requirements and require in each Ballpark Project GMP Contract that the Ballpark Contractor and any other contractors and subcontractors engaged by the Cardinals for the construction of the Ballpark Project is assured by payment and performance bonds, or equivalent insurance coverage reasonably acceptable to the Public Participants and the Authority, (i) from providers who are listed on U.S. Treasury Circular 570 as approved sureties, (ii) in an amount equal to at least 100% of the contract price to be paid to such contractor under the applicable contract, (iii) in form and substance reasonably acceptable to the Public Participants and the Authority and (iv) that name the Public Participants, the Authority and the Cardinals as co-obligees. Notwithstanding the foregoing, a separate payment or performance bond shall not be required for a Ballpark Contractor if the requirements of this Section 5.1(f) are satisfied with respect to the trade contractors and subcontractors performing construction work on the Ballpark Project for such Ballpark Contractor (that is, redundant or duplicate bonding of contractors and subcontractors with regard to the same portions of the work shall not be required).

(g) The Cardinals shall ensure that all contracts, including but not limited to the Ballpark Project GMP Contracts, entered into between the Cardinals and the Ballpark Contractor and the other Consultants for the Ballpark Project: (i) expressly state that the Public Participants and the Authority are third-party beneficiaries under such contract and that upon receipt by any party to such contract (other than the Cardinals) of written notice from the Public Participants or the Authority of an Event of Default by the Cardinals hereunder and notice that the Cardinals' rights hereunder have been assigned to the Public Participants or the Authority, such party agrees to attorn to the Public Participants or the Authority with respect to its performance under such contract; (ii) contain dispute resolution provisions; (iii) contain customary provisions regarding retainages acceptable to the Cardinals in their discretion; (iv) expressly state that upon the Consultant's default and a resulting termination of such contract, the Consultant shall deliver to the Cardinals, the Public Participants and the Authority copies of, and assign (or cause to be assigned) to the Cardinals, the Public Participants and the Authority all rights to, any and all designs, drawings, specifications, reports, studies (including seismic, environmental, soils, and other similar reports and studies), and all other materials prepared by (or caused to be prepared by) such Consultant in connection with the Ballpark Project; and (v) provide that any warranties, guarantees or indemnifications provided to the Cardinals shall also be provided to the Public Participants and the Authority.

(h) The Cardinals shall provide the Authority with an electronic or reproducible copy of each as-built drawing for the Ballpark upon receipt of such drawing from a Consultant.

Section 5.2 Change Orders Regarding Ballpark Project.

(a) Subject to the provisions of this Section 5.2, the Cardinals shall be entitled to undertake and effectuate Change Orders for the Ballpark Project without the consent of the Authority or any Public Participant.

(b) The Cardinals shall not undertake or effectuate any Change Order that would result in a Major Change without the prior approval of the Authority and the Public Participants; provided that the prior approval of the Public Participants shall not be required if the Construction Monitor provides the Public Participants with a written report recommending such change and setting forth in reasonable detail the basis for such recommendation. Prior to effectuating any such Change Order, the Cardinals shall deliver to the Authority and the Public Participants (i) a reasonably detailed description of the change in the work to be performed, including all conceptual drawings, plans and specifications related thereto (including those to be delivered to the appropriate contractor for implementation of such Change Order and (ii) a calculation of the additional costs (or savings, as applicable) resulting from effectuating such Change Order, together with reasonable documentation supporting such calculation. Within 10 working days after receipt by the Authority of such Change Order documents, the Authority shall deliver written notice to the Cardinals approving or disapproving such Change Order and, if such change order is disapproved, specifying the reasons therefor. The Authority shall not unreasonably withhold, condition or delay its approval. If the Authority fails to deliver such written notice within such period, the Authority shall be deemed to have approved such Change Order. If the Cardinals and the Authority are unable to resolve their disagreements with respect to such Change Order within 10 working days after the expiration of such 10-working-day period, their disagreement shall be settled in accordance with the arbitration procedures set forth in Section 13.4.

(c) Any Change Order that would result in a change in the Estimated Ballpark Project Costs shall be certified by a Ballpark Contractor and a copy of such Change Order shall be provided to the Authority and the Public Participants.

(d) Within 30 days after the approval by the Cardinals of any Change Order (including a Change Order resulting from a

Major Change) that results in an increase in the Estimated Ballpark Project Costs that would exhaust any remaining contingency line items in the Ballpark Budget, the Cardinals shall deposit cash or a Financial Instrument in a form satisfactory to the Authority and the Public Participants in an amount equal to 100% of such increased cost for deposit into the Ballpark Project Construction Fund.

Section 5.3 Ballpark Project Cost Overruns.

(a) Subject to the funding provisions set forth in this Agreement, the Cardinals hereby guaranty and agree to timely advance all funds necessary (i) to cause the planning, design, acquisition, construction and equipping of the Ballpark Project to be diligently and continuously prosecuted and to be completed with reasonable dispatch in accordance with the Ballpark Project Final Construction Drawings and within such times as are required under this Agreement, (ii) to pay and to be solely responsible for any construction costs, including all construction cost overruns in connection with the Ballpark Project and for which a budget contingency does not exist in the Ballpark Project Construction Budget and (iii) to pay all sums, in excess of the Net Proceeds of insurance, necessary to remedy any construction defects in connection with the Ballpark Project if such defects are not cured by the Ballpark Contractor within a reasonable time.

(b) In the event that the costs of planning, designing, acquiring, constructing and equipping the Ballpark Project exceed the Estimated Ballpark Project Costs, the Cardinals shall, at their option, either (i) engage in a value engineering process to bring costs within the Estimated Ballpark Project Costs, subject to such approvals from the Authority or the Public Participants as may be required under this Agreement, or (ii) deposit cash into the Ballpark Construction Fund in an amount equal to 100% of such excess cost or provide a Financial Instrument in a form reasonably satisfactory to the Authority and the Public Participants in an amount equal to 100% of such excess cost. The Cardinals shall have 30 days to comply with this requirement on each occasion to which it applies. The requirements of this Section 5.3(b) shall be subject to the provisions of Section 5.2(d) applicable to Change Orders, and in no event shall the Cardinals be required to deposit any funds or provide a Financial Instrument under this Section 5.3(b) that is duplicative of any funds deposited or Financial Instrument provided under Section 5.2(d).

Section 5.4 Hazardous Materials.

(a) Prior to conveying the Ballpark Project Site to the Authority, the Cardinals shall remove or remediate or cause to be removed or remediated all Hazardous Materials, on, in, under, or emanating from the Ballpark Project Site, as and to the extent required by, and in conformance with, all applicable federal, state and local Law, regulations and requirements and with reputable contractors appropriately experienced in the work to be performed; provided, however, that, notwithstanding any other provision of this Agreement, the Cardinals shall have the right to terminate this Agreement, without penalty or other liability to the Authority or the Public Participants, if the Cardinals determine that the costs of such removal or remediation of Hazardous Materials exceeds \$2,000,000 and notify the Public Participants and the Authority in writing of such determination not later than 45 days prior to the Bond Offering Commencement Date .

(b) The Cardinals shall be responsible for the on-site management of all Hazardous Materials generated and used by the Cardinals and their Consultants in the construction of the Ballpark Project. The Cardinals shall be identified to any Governmental Authority as the party responsible for generation, treatment, storage and disposal of all Hazardous Materials generated or used by the Cardinals and their Consultants in the construction of the Ballpark Project or located on the Project Site (and, therefore, shall be designated as the "generator" on all manifests relating to all such Hazardous Materials).

(c) The Cardinals hereby release, indemnify, defend and hold the Authority, the Public Participants and their employees, agents, successors and assigns harmless from and against any and all claims, losses, causes of action, suits, damages, penalties, fines, administrative actions, costs, expenses or liability, including, without limitation, reasonable attorneys' fees and expenses for personal injury to or death of any person, damage to any property, environmental conditions or contamination, caused by or arising from (i) any breach of this Section 5.4 and (ii) any Hazardous Materials on, in, under, or emanating from the Ballpark Project Site on or prior to Final Completion of the Ballpark Project, including the disposal, cleanup or remediation of such Hazardous Materials.

Section 5.5 Local and Minority Participation Goals.

(a) The Cardinals shall use their good faith efforts to maximize the use of local contractors, subcontractors and workers in connection with the planning, design, acquisition, construction and equipping of the Ballpark Project. For the purposes of this Section, the Cardinals shall have been deemed to have acted in "good faith" by considering the cost and quality impacts to

the Ballpark Project that would be achieved by using any local and non-local contractors, subcontractors and workers. The Cardinals intend to cause the Ballpark Contractor to enter into a Project Labor Agreement with the local trades council relating to the construction work for the Ballpark Project.

(b) The Cardinals shall and shall require in each contract entered into with any Consultants and the Ballpark Village Developers, that such Persons shall: (i) not discriminate against any employee or applicant for employment on any basis prohibited by Law, (ii) provide equal opportunity in all employment practices, (iii) comply with the provisions of the City's Equal Opportunity and Discrimination Guidelines attached hereto as **Exhibit __**, including Executive Order #28 dated July 24, 1997, setting a goal of 25% for minority-owned business participation and 5% for women-owned business participation, (iv) comply with all other applicable federal, state and local Law and executive orders regarding contracting, hiring and employment and (v) permit the City and the State to monitor and review compliance with the equal opportunity employment provisions contained in this Section 5.5.

Section 5.6 Mechanic's Liens. The Cardinals shall not suffer or permit any Lien to be enforced against the Ballpark Project or the Ballpark Project Site by reason of work done by the Cardinals or caused to be done by the Cardinals in or to the Ballpark Project or on the Ballpark Project Site, including under the Ballpark Project GMP Contract, or by reason of any materials furnished for or in connection with such work. If any mechanic's or materialmen's Lien shall be filed against the Ballpark Project or the Ballpark Project Site on account of any such work or materials, then, within 60 days thereafter, the Cardinals shall give to the Authority written notice thereof and either (i) cause the same to be removed of record within 60 days thereafter or (ii) within 60 days thereafter post a bond in the amount of 150% of the amount of such Lien, in form and substance reasonably acceptable to the Authority, unless any foreclosure action to enforce such Liens actually commences, in which case the Cardinals shall cause such Lien to be removed of record or post such bond within five days after the commencement of such

foreclosure action. The Cardinals shall indemnify, defend and hold harmless the Authority and the Public Participants from any costs, expenses or actions in connection with any such Liens.

Section 5.7 Enforcement of Contracts and Surety Bonds. In the event of a material default of any contractor or subcontractor under any construction contract or any other contract made in connection with the Ballpark Project, or in the event of a material breach of warranty with respect to any materials, workmanship or performance, the Cardinals shall promptly proceed, either separately or in conjunction with others, to pursue diligently the remedies of the Cardinals against the contractor or subcontractor in default and against any surety on a bond securing the performance of such contract, provided that the Cardinals determine, in their sole discretion, that it is commercially reasonable to do so.

Section 5.8 Cooperation of Authority and Public Participants. The Authority and the Public Participants shall cooperate with the Cardinals in all aspects of the predevelopment, design, construction and operation of the Ballpark, the demolition of Busch Stadium and the development and construction of the Transportation Infrastructure Project, including the following: (a) using their best efforts to obtain any and all inspections and expedite the processing and approval of any and all permits, licenses and other entitlements and authorizations, including under applicable environmental laws; and (b) in a commercially reasonable timeframe review, process and approve any and all plans, drawings and other documents and materials.

Section 5.9 Ballpark Village Phase I Design and Construction.(a) The Cardinals, pursuant to the Redevelopment Plan and the Redevelopment Contract and subject to Article III hereof, shall cause and shall be responsible for the design and construction of Ballpark Village Phase I, including the development of all plans, designs, schemes, drawings and programs and the selection of Consultants. The Redevelopment Plan and Redevelopment Contract shall provide for further customary detail regarding the timing and phasing of the development of Ballpark Village Phase I and shall contain such usual and customary terms and provisions governing development agreements, as are not inconsistent with this Agreement, including sufficient requirements to assist the Public Participants in tracking and accounting for Economic Activity Taxes and New State Revenues.

(b) Commencing April 1, 2006, the Cardinals shall submit or cause to be submitted on a quarterly basis to the Public Participants a written report on the development of Ballpark Village Phase I.

(c) The Cardinals shall be deemed to have caused the Final Completion of Ballpark Village Phase I upon the first to occur of the following: (i) funds aggregating at least \$100,000,000 shall have been spent for Ballpark Village Phase I Costs, as evidenced by all necessary Certificates of Completion with respect to Ballpark Village Phase I or any portion thereof accepted by the Authority, or (ii) the end of the second calendar year with respect to which no amounts are required to be paid by the Cardinals pursuant to Section 3.6(c). The Cardinals shall have the right for all purposes of this Agreement to substitute at any time any Block included in the Ballpark Village Phase II Site for any Block included in the Ballpark Village Phase I Site. Upon compliance by the Cardinals with the requirements of Section 5.10(d), the Public Participants shall cause the Default Covenant to be removed from any Block included in the Ballpark Village Phase I Site pursuant to the foregoing provision.

(d) The developers of Ballpark Village shall be selected by the Cardinals, provided that the Public Participants shall have the right to disapprove of any developer for Good Cause. The Cardinals shall provide the Public Participants with at least 30 days to evaluate the capabilities and experience of the developer and shall cause the developers to provide the Public Participants with background information concerning the developer's experience and financial capacity.

Section 5.10 Ballpark Village Phase II Design and Construction.

(a) The Cardinals, pursuant to the Redevelopment Plan and the Redevelopment Contract and subject to Article III hereof, shall cause and shall be responsible for the design and construction of Ballpark Village Phase II, including the development of all plans, designs, schemes, drawings and programs and the selection of Consultants. The Redevelopment Plan and Redevelopment Contract shall provide for further customary detail regarding the timing and phasing of the development of Ballpark Village Project and shall contain such usual and customary terms and provisions governing development agreements as are not inconsistent with this Agreement including sufficient requirements to assist the Public Participants in tracking and accounting for Economic Activity Taxes and New State Revenues.

(b) Commencing April 1, 2009, the Cardinals shall submit or cause to be submitted on a quarterly basis to the Public Participants a written report on the development of Ballpark Village Phase II.

(c) The Cardinals shall be deemed to have caused the commencement of any Block of Ballpark Village Phase II (or any portion of any Block, based on such allocation as shall be agreed to by the Parties and set forth in the Redevelopment Contract) at such time as any developers of such Block shall have closed on or provided financing with respect to such Block (or portion, as so allocated) in the lesser of: (i) an amount sufficient to fully fund the cost of the project or projects pursuant to the Redevelopment Plan for the respective Block of Ballpark Village Phase II; or (ii) an amount equal to \$66,666,667 for each Block, provided that in the event that any developers shall have closed on or provided financing with respect to any Block in an amount greater than \$66,666,667, such amount shall be reduced for each remaining Block by its pro rata portion of the amount of such excess.

(d) The Cardinals shall have the right for all purposes of this Agreement to substitute at any time any Block included in the Ballpark Village Phase I Site for any Block included in the Ballpark Village Phase II Site; provided that prior to such substitution the Cardinals have caused the Commencement Covenant to be recorded with respect to the Block to be substituted for any Block previously included in the Ballpark Village Phase II Site in a manner which ensures that all financing encumbrances of the Cardinals with respect to such Block are subordinated to the Commencement Covenant.

Section 5.11 Transportation Infrastructure Project Design and Construction. The Public Participants hereby designate the Cardinals as the developer of the Transportation Infrastructure Project. The Cardinals, in conjunction and cooperation with all applicable Governmental Authorities, shall cause and shall be responsible for the design and construction of the Transportation Infrastructure Project, including the development of all plans, designs, schemes, drawings and programs and the selection of Consultants. The Authority shall have right to participate collaboratively in, but not the right to approve or disapprove of any matters with respect to the design and construction of the Transportation Infrastructure Project, and shall be afforded reasonable access to monitor the overall progress and construction of the Transportation Infrastructure Project.

Section 5.12 Certificate of Completion. Promptly following Final Completion of the Ballpark Project, Ballpark Village Phase I, Ballpark Village Phase II, the Transportation Infrastructure Project or any Block or other portion or component (referred to in this Section 5.12 as a "Component") of the Project in accordance with the provisions of this Agreement, the Redevelopment Plan, and the Redevelopment Contract, the Cardinals shall furnish to the Authority a Certificate of Completion with respect to such Component executed by the Cardinals, the principal contractor and the principal architect of

such Component. Acceptance of the Certificate of Completion by the Authority shall be a conclusive determination of the satisfaction of the Cardinals' agreements and covenants to acquire, construct and equip such Component. The Certificate of Completion provided for by this Section shall be in a form which will enable recordation in the office of the City Recorder. The Authority shall have the right to refuse to accept such certification if it reasonably believes that such Component has not been completed in accordance with this Agreement and, in such event, the Authority shall, within 30 days after such Certificate has been submitted to the Authority by the Cardinals, provide to the Cardinals a written statement setting forth in detail in what respects the Cardinals have failed so to complete such Component and what measures the Cardinals must take, in the reasonable opinion of the Authority, to cause the Authority to accept such Certificate. If the Authority shall fail to provide such statement within such 30-day period, such Certificate shall be deemed to have been accepted. In the event that the Cardinals and the Authority are unable to resolve any disagreement as to the completion of such Component in accordance with this Agreement, their disagreement shall be settled in accordance with the arbitration procedures set forth in Section 13.4.

Section 5.13 Construction Monitor.

(a) As a condition to the execution of this Agreement, the Parties shall mutually agree upon the form and substance of a Construction Monitor Agreement, which may: (a) require the Cardinals to Consult with the Construction Monitor and to reasonably provide the Construction Monitor with design and construction drawings, schedules, reports, budgets and other similar information related to the Ballpark Project in lieu of or in conjunction with the information required to be provided to the Public Participants and the Authority hereunder, (b) require the Construction Monitor to provide consulting and other services to the Parties, (c) in an effort to maximize the efficient and timely completion of the Ballpark Project, allow for the reduction of certain timeframes for approvals contained in this Article V, (d) contain a guaranteed maximum fee to be charged for the Construction Monitor's services and (e) contain such other usual and customary terms of agreements for similar projects.

(b) The costs and expenses of the Construction Monitor shall be paid by the State and the City in proportion to the State Financing Amount and the City Financing Amount, respectively, provided that the State shall not be required to pay any such costs and expenses which would result in the aggregate amount payable by the State under this Agreement to exceed \$7,000,000 in any Fiscal Year of the State and the City shall not be required to pay any such costs and expenses which would result in the aggregate amount paid by the City under this Agreement to exceed \$4,200,000 in any Fiscal Year of the City.

ARTICLE VI PROJECT COSTS AND FUNDING

Section 6.1 Ballpark Project Costs. The total Ballpark Project Costs shall be set forth as the Estimated Ballpark Project Costs included in the Ballpark Project Construction Budget attached as Exhibit __ hereto. The Estimated Ballpark Project Costs may be changed from time to time in accordance with Article V. Estimates of the Ballpark Village Project Costs will be set forth in the Redevelopment Plan and the Redevelopment Contract, subject to the approval of the Public Participants, the Authority and the Cardinals, which approval shall not be unreasonably withheld.

Section 6.2 Payment of Ballpark Project Costs. The Cardinals shall pay all of the Ballpark Project Costs from (a) funds of the Cardinals and (b) proceeds of the Ballpark Project Bonds deposited in the Ballpark Project Construction Fund.

(i) State Ballpark Project Bonds shall be issued in an amount sufficient to provide for the deposit in the Ballpark Project Construction Fund of the net sum of \$100,000,000, net of Costs of Issuance, or such lesser net sum as may be necessary to ensure that the State Financing Amount, after taking into account any other amounts required to be paid by the State hereunder, will be sufficient to provide debt service over 30 years for such State Ballpark Project Bonds.

(ii) City Ballpark Project Bonds shall be issued in an amount sufficient to provide for the deposit in the Ballpark Project Construction Fund of the net sum of \$60,000,000, net of Costs of Issuance, or such lesser net sum as may be necessary to ensure that the City Financing Amount, after taking into account any other amounts required to be paid by the City

hereunder, will be sufficient to provide debt service over 30 years for such City Ballpark Project Bonds.

(iii) County Ballpark Project Bonds shall be issued in the maximum amount for which the County Financing Amount is expected to be sufficient to provide debt service over 30 years, and the proceeds of such Ballpark Project Bonds, net of Costs of Issuance, shall be deposited in the Ballpark Project Construction Fund.

(b) The Costs of Issuance of each issue of Ballpark Project Bonds shall be paid from the proceeds of such Bonds.

(c) On the Closing Date, the Cardinals shall cause to be deposited in the Ballpark Project Construction Fund an amount equal to the difference between (i) the Estimated Ballpark Project Costs and (ii) the proceeds or expected proceeds of the Ballpark Project Bonds deposited or to be deposited in the Ballpark Project Construction Fund; provided that in no event shall the amount so deposited be less than \$108,500,000. The Cardinals shall be entitled to make such deposit by means of a Financial Instrument; provided that in such event, in addition to any other requirements of this Agreement, (i) such Financial Instrument shall be issued by a bank acceptable to the Public Participants whose long-term indebtedness is rated at least AA or higher by at least two nationally-recognized rating agencies and which is reasonably acceptable to the Public Participants and (ii) the Cardinals shall also deposit in the Project Construction Fund on the Closing Date the estimated amount that would have been earned on the Cardinals deposit during the construction period for the Ballpark Project if such deposit had been made in cash, at an assumed investment yield equal to the projected yield on the money deposited in the Ballpark Project Construction Fund on the Closing Date (which amount shall for all purposes of this Agreement be treated as if earned during the construction period), and based on the projected draw schedule for the Ballpark Project Construction Fund to be delivered on the Closing Date. If the actual disbursement schedule for amounts in the Ballpark Project Construction Fund shall differ from the projected disbursement schedule, the Parties shall take appropriate action to increase or decrease the amount of such deposit, in such manner as shall be agreed to by the Parties and set forth in the Lease.

(d) Pursuant to the Act, the issuer of each issue or series of Ballpark Project Bonds shall duly and punctually pay the principal of, premium, if any, and interest on such Ballpark Project Bonds at the times and the places and in the manner specified in such Ballpark Project Bonds and in the related Indenture, according to the true intent and meaning thereof, but solely out of the sources of funds specified herein, in such Ballpark Project Bonds and the related Indenture.

(e) The issuer of each issue or series of Ballpark Project Bonds shall pay when due all reasonable fees and expenses of any Fiduciaries for services rendered with respect to such Bonds under the applicable Indenture and all reasonable fees and expenses of any paying agent or registrar.

Section 6.4 Ballpark Project Construction Fund.

(a) On the Closing Date, there shall be established a fund to be known as the "Ballpark Project Construction Fund", which shall be held for the benefit of the Authority by a Fiduciary. There shall be deposited in the Ballpark Project Construction Fund the Cardinals' contribution specified in Section 6.3, the proceeds of the Ballpark Project Bonds specified in Section 6.3 and any other amounts designated to be deposited therein for the purpose of paying Ballpark Project Costs. Amounts in the Ballpark Project Construction Fund shall be segregated by source of deposit and invested as shall be agreed to by the Authority, the Public Participants or the Cardinals (in each case with respect to the moneys contributed by such source), and as set forth in the Indentures and in accordance with applicable Law.

(b) The Cardinals shall have the right to withdraw funds from the Ballpark Project Construction Fund in accordance with the Act, this Agreement and the applicable Indenture upon delivery to the Authority or the Fiduciary of a requisition in substantially the form set forth in **Exhibit __**. Amounts in the Ballpark Project Construction Fund shall be used and expended solely and exclusively to pay Ballpark Project Costs and, to the extent not otherwise paid, Costs of Issuance and any rebateable arbitrage or any necessary reserves therefor. All withdrawals shall be funded on a pro rata basis equal to the respective contributions of the Cardinals and the Public Participants. If upon Final Completion or abandonment of the Ballpark Project any amounts remain in the Ballpark Project Construction Fund (including any amounts available to be drawn under a Financial Instrument) such amounts shall be paid to the Public Participants and the Cardinals pro rata based upon the amounts contributed by the Public Participants and the Cardinals to the Ballpark Project Construction Fund; provided that no amounts shall be distributed in a manner which would violate applicable Law or would adversely impact the exemption from federal income taxes of the interest on any Ballpark Project Bonds.

(c) No amount shall be withdrawn from the Ballpark Project Construction Fund so long as an Event of Default by the Cardinals exists under this Agreement and until the Authority and the Public Participants have received (i) copies of the executed Ballpark Project GMP Contract satisfying all of the requirements set forth in this Agreement, (ii) an updated copy of the Estimated Ballpark Project Costs, (iii) evidence that sufficient money is on deposit in the Ballpark Project Construction Fund to complete construction of the Ballpark Project in accordance with the most recent Estimated Ballpark Project Costs , (iv) an executed copy of the Lease in form and substance acceptable to the Authority, the Public Participants and the Cardinals, (v) federal or state funding for the balance of the Transportation Infrastructure Project Costs or satisfactory evidence that such funding has been obtained and (vii) such other documents and certifications as may be set forth in the Lease and the Related Agreements.

(d) Subject to the last sentence of this Section 6.4(d), the Cardinals agree that the Ballpark Project shall constitute a "public works" project within the meaning of Section 290.210, RSMo. Upon request, the Cardinals shall provide evidence to the Authority and the Public Participants of the Cardinals' compliance with the State wage and hour statutes. All contracts for the construction of the Ballpark Project shall include the "wage determination" provisions contained in Section 290.250, RSMo. Notwithstanding Sections 8.250, 8.285 to 8.291, 8.675 to 8.687, and 107.170, RSMo, and subject to the terms of the Redevelopment Contracts and the Construction Monitor Agreement, this Agreement establishes the systems and procedures for the design and construction of the Project.

(e) No later than 30 days after the end of each calendar year during acquisition, construction and equipping of the Ballpark Project, commencing with 2003, the Cardinals shall submit, or cause to be submitted, to the Public Participants a report, which may be based on information obtained from the Trustees for the Ballpark Project Bonds and the Authority, containing a summary of all transactions and disbursements from the Ballpark Project Construction Fund and the Transportation Infrastructure Project Fund for such calendar year.

Section 6.5 Public Participants' Financing Amounts and Requests for Appropriations.

(a) *State Covenant.* The Office of Administration covenants and agrees (a) to request that it be included in the Governor's budget submitted to the General Assembly during the Term, so long as the State Financing Amount is payable in respect of any State Ballpark Project Bonds, a request or requests for the State Financing Amount during the next succeeding Fiscal Year, and (b) to take such further action (or cause the same to be taken) as may be necessary or desirable, and within the authority of the Office of Administration, to assure the availability of moneys appropriated to pay the State Financing Amount. The first such request shall be submitted under applicable Law for the Fiscal Year of the State commencing July 1, 2005 (or such later Fiscal Year as may be agreed to by the Authority, the other Public Participants and the Cardinals), and subsequent requests for appropriations shall be made in each Fiscal Year thereafter so that the State Financing Amount to be paid during the succeeding Fiscal Year will be available for such purposes. It is the intention of the State that the decision to appropriate the State Financing Amount to provide financing for the Ballpark Project pursuant to this Agreement shall be made solely by the Missouri General Assembly and not by any other official of the State except pursuant to the exercise of the power of the Governor of the State to approve or disapprove such appropriation. The State presently expects, in each Fiscal Year of the State during the Term, to appropriate funds for the State Financing Amount so that the State Financing Amount to be paid during the succeeding Fiscal Year will be available for such purposes. Notwithstanding the foregoing, the Office of Administration intends to submit a request for a "\$1E (E is for estimated) placeholder" appropriation or a contingent appropriation to evidence the future obligations of the State hereunder and nothing in this Agreement shall restrict the right of the Office of Administration to do so.

(b) *City Covenant.* The City covenants and agrees, and the City's Budget Director or any other officer at any time charged with responsibility of formulating budget proposals is hereby directed, to include in the budget proposals submitted to the Board of Estimate and Apportionment, and to the extent permitted by Law, to the Board of Aldermen of the City, during the Term, so long as the City Financing Amount is payable in respect of any City Ballpark Project Bonds, a request or requests for the City Financing Amount. The first such request shall be submitted and appropriated under applicable Law for the Fiscal Year of the City commencing July 1, 2005 (or such later Fiscal Year as may be agreed to by the Authority, the other Public Participants and the Cardinals), and subsequent requests for appropriations shall be made in each Fiscal Year thereafter so that the City Financing Amount to be paid during the succeeding Fiscal Year will be available for such purposes. It is the intention of the City that the decision to appropriate the City Financing Amount to provide financing for the Ballpark Project pursuant to is Agreement shall be made solely by the Board of Aldermen and not by any other official of the City except pursuant to the exercise of power of the Mayor of the City to approve or disapprove ordinances. The City presently expects, in each Fiscal Year of the City during the Term, to appropriate funds for the City Financing Amount so that the City Financing Amount to be paid during the succeeding Fiscal Year will be available for such purposes.

(c) *County Covenant*. The County covenants and agrees, and the County Executive or any other officer at any time charged with responsibility of formulating budget proposals is hereby directed, to include in the budget proposals submitted to the County Council, in any year during the Term, so long as the County Financing Amount is payable in respect of any County Ballpark Project Bonds, a request or requests for the County Financing Amount. The first such request shall be submitted and appropriated under applicable Law for the Fiscal Year of the County commencing January 1, 2003 (or such later Fiscal Year as may be agreed to by the Authority, the other Public Participants and the Cardinals) and subsequent requests for appropriations shall be made in each Fiscal Year thereafter so that the County Financing Amount to be paid during the succeeding Fiscal Year will be available for such purposes. It is the intention of the County that the decision to appropriate the County Financing Amount to provide financing for the Ballpark Project pursuant to this Agreement shall be made solely by the County Council and not by any other official of the County except pursuant to the exercise and power of the County Executive of the County to approve or disapprove ordinances. The County presently expects, in each Fiscal Year of the County during the Term, to appropriate funds for the County Financing Amount so that the County Financing Amount to be paid during the succeeding Fiscal Year will be available for such purposes. The maximum amount of the County Financing Amount (that is, without regard to any rental and other payments that may be required to be made related to the Edward Jones Dome) is set forth in Addendum 3. On or before the Closing Date there shall be set forth as Addendum 4 to this Agreement a certificate of the County setting forth all required rental payments and other payments of fees and charges owed by the County pursuant to the existing terms of any lease, sublease or financing of any kind relating to the Edward Jones Dome, together with, to the best of the County's knowledge, a description of those factors that could cause such payments to change during the period during which the County Financing Amount is payable.

Section 6.6 Limited Obligations. The obligations of the Public Participants under this Agreement are subject to annual appropriation as provided herein. Neither the obligations of the State, the City or the County with respect to such payments nor the Ballpark Project Bonds shall constitute a debt or liability of the State, the City, or the County or of any agency or political subdivision of any of them within the meaning of any State constitutional provision or statutory limitation and the Office of Administration, the State, the City, the County and any agency or political subdivision of any of them shall not be obligated, directly or indirectly, to levy any form of taxation therefor or to make any payments beyond those appropriated pursuant to this Agreement for each respective Public Participant's then current Fiscal Year.

Section 6.7 Assignment of Public Participants' Financing Amounts and Rights. The Public Participants' Financing Amounts and other obligations of the Public Participants under this Agreement may be assigned as security for the Ballpark Project Bonds, including to the Trustees under one or more Indentures. Any such Trustee shall have the right to enforce either jointly with the Authority or separately the performance of the obligations of the Public Participants under this Agreement, and may require that payments required by the Public Participants hereunder be made directly to such Trustee.

Section 6.8 Event of Non-Appropriation. If any one or more of the following events shall occur and be continuing with respect to a Public Participant, it shall constitute an Event of Non-Appropriation with respect to such Public Participant under this Agreement:

- (a) Failure of the Missouri General Assembly to budget and appropriate, specifically with respect to this Agreement, on or before the last day of a Fiscal Year, the State Financing Amount for the next succeeding Fiscal Year; or
- (b) Failure of the Board of Aldermen of the City to budget and appropriate, specifically with respect to this Agreement, on or before the last day of a Fiscal Year, the City Financing Amount for the next succeeding Fiscal Year; or
- (c) Failure of the County Council of the County to budget and appropriate, specifically with respect to this Agreement, on or before the last day of a Fiscal Year, the County Financing Amount for the next succeeding Fiscal Year.

Any Public Participant which has not appropriated the funds required to be appropriated by such Public Participant under Section 6.5, shall immediately notify the other Parties and the Authority of the occurrence of an Event of Non-Appropriation with respect to such Public Participant.

Section 6.9 Obligations of Public Participants Absolute and Unconditional.

- (a) Subject to the limitations of this Agreement and all applicable Law, the obligations of the Public Participants under this Agreement to make Public Participant Payments during the Term on or before the date the same become due, and to perform all of their respective other obligations, covenants and agreements hereunder shall, subject to the provisions of (b) below, be absolute and unconditional, without notice or demand, and without abatement, deduction, set-off, counterclaim, recoupment

or defense whatsoever, whether now existing or hereafter arising, and irrespective of whether the Project shall have been started or completed, or whether the Authority's title thereto or to any part thereof is defective or nonexistent, or whether any other Public Participant or the Authority is in default or has failed to perform any obligations hereunder, and notwithstanding any damage to, loss, theft or destruction of the Project or any part thereof, any failure of consideration, the taking by eminent domain of title to or of the right of temporary use of all or any part of the Project, legal curtailment of such Public Participant's or any other Public Participant's use thereof, the eviction or constructive eviction of such Public Participant or any other Public Participant, any change in the tax or other Law of the United States of America, the State or any political subdivision thereof, any change in the Authority's legal organization or status, or any default of the Authority or any Public Participant hereunder, and regardless of the invalidity of any action of the Authority or any Public Participant, and regardless of the invalidity of any portion of this Agreement.

(b) Notwithstanding any provision or covenant contained in the Indentures or the Ballpark Project Bonds, no Public Participant shall be obligated to appropriate moneys, or to make Public Participant Payments beyond the end of the Fiscal Year in effect at a given time with respect to such Public Participant. No Public Participant shall be under any obligation to levy any taxes in order to raise revenues to make such Public Participant Payments. In no event shall any Public Participant be obligated to levy any tax in excess of the maximum levy permitted by Law.

Section 6.10 Ballpark Village Project Costs and Funds. The Public Participants and the Authority shall not be required to obtain or provide any financing or funding for the development or construction of the Ballpark Village Project. The Public Participants agree to use their best efforts to assist the Cardinals in obtaining funding for the development of the Ballpark Village Project, and the financing and funding for the Ballpark Project shall not be structured or implemented so as to cause tax increment or other development financing provided for pursuant to State or local Law (including any New State Revenues and Economic Activity Taxes) to be unavailable for the funding of the Ballpark Village Project. Notwithstanding the foregoing or any provision of Law to the contrary, the Cardinals agree that any State development incentives for the Ballpark Village Project, whether discretionary or non-discretionary, shall be subject to a cost-benefit analysis in accordance with the applicable statutes as determined by the State Department of Economic Development. Such cost-benefit analysis shall be conducted on a fair and equitable basis and shall not take into account in any respect any remedies or penalties which may be available to the Public Participants or the Authority under Section 3.6 (relating to commencement and completion of the Ballpark Village Project); and the Cardinals shall not be required in connection with any such State development incentives to contribute land or any other property at less than its fair market value. Should such cost-benefit analysis show an insufficient economic benefit to the State, the requested incentive shall not be available for financing or funding of the Ballpark Village Project. Any use of New State Revenues in connection with tax increment or other development financing for the Project shall result in a reduction of such revenues for purposes of Section 8.6 hereof.

Section 6.11 Transportation Infrastructure Project Costs and Funds.

(a) On the Closing Date, there shall be established a fund to be known as the "Transportation Infrastructure Project Fund", which shall be held for the benefit of the Authority by a Fiduciary. There shall be deposited or caused to be deposited in the Transportation Infrastructure Project Fund on the Closing Date by the Cardinals, in a separate account therein, the amount of \$6,250,000 (which is equal to one-half of the current estimate of the Transportation Infrastructure Project Costs). The Public Participants agree to use their best efforts to secure federal or state funding for the balance of the Transportation Infrastructure Project Costs, which funding shall be deposited in a separate account in the Transportation Infrastructure Project Fund or otherwise committed to the Project in accordance with customary procedures for funding such projects. In lieu of a cash contribution to the Transportation Infrastructure Project Fund, the Cardinals may substitute a Financial Instrument.

(b) The Cardinals shall have the right to withdraw funds from the Transportation Infrastructure Project Fund in accordance with the Act and this Agreement upon delivery to the Authority or the Fiduciary of a requisition in substantially the form set forth in Exhibit __. Amounts in the Transportation Infrastructure Project Fund shall be used and expended solely and exclusively to pay Transportation Infrastructure Project Costs.

(c) In the event that timely federal or state funding or satisfactory evidence of such funding for the balance of the Transportation Infrastructure Project Costs over the amount to be deposited by the Cardinals under Section 6.11(a) is not obtained by the Bond Offering Commitment Date, the Cardinals shall have the right to terminate this Agreement. If the Public Participants are able to obtain federal or State of Illinois funding for greater than their share of the Transportation Infrastructure Project Costs, the amounts which the Cardinals are obligated to contribute pursuant to Section 6.11(a) herein shall be reduced thereby dollar for dollar.

Section 6.12 Cooperation Regarding Financing. Subject to the terms of this Agreement and without creating any new obligations or reducing any rights afforded to any Party in this Agreement, the Parties agree to cooperate with each other in (a) the issuance of the Ballpark Project Bonds, including, but not limited to, provision of access to any and all records, construction monitoring and the acceptance of other reasonable non-economic requests of any underwriter or other financial advisor associated with the Ballpark Project Bonds which are not inconsistent with such Parties' current practices and (b) the Cardinals obtaining financing for those portions of the Ballpark Project Costs which are to be funded or provided by the Cardinals (provided that the Authority and the Public Participants shall under no circumstances be obligated to provide any of their own funds or lend their credit for such purpose).

Section 6.13 Ballpark Project Bonds.

(a) The State shall have no obligation to issue or cause to be issued the State Ballpark Project Bonds unless the following requirements are satisfied:

(i) The interest on the State Ballpark Project Bonds shall be excluded from gross income for federal income tax purposes, except to the extent that the State in its sole judgment shall have determined that such exclusion is not necessary or required.

(ii) The method by which the State Ballpark Project Bonds are sold shall be acceptable to the State.

(iii) The maximum financial liability of the State under this Agreement and with respect to the State Ballpark Project Bonds (including but not limited to costs of administration, paying agents, trustees, Fiduciaries, arbitrators, court costs and annual rebate calculations) shall be \$7,000,000 per Fiscal Year of the State, and such liability shall be subject to annual appropriation.

(iv) Arbitrage rebate shall be calculated annually and shall be deducted from interest earnings and deposited annually into a segregated fund held by the applicable Trustee.

(v) The proceeds of the State Ballpark Project Bonds shall be segregated and invested separately from all other moneys.

(vi) All investment of the proceeds of the State Ballpark Project Bonds shall be approved by the State.

(vii) The proceeds of the State Ballpark Project Bonds shall be used only for Ballpark Project Costs and Costs of Issuance of the State Ballpark Project Bonds.

(viii) The Parties shall have agreed upon the forms of the Redevelopment Plan and the Redevelopment Contract, and the Construction Monitor Agreement shall be in force and effect.

(b) The City shall have no obligation to issue or cause to be issued the City Ballpark Project Bonds unless the following requirements are satisfied:

(i) The interest on the City Ballpark Project Bonds shall be excluded from gross income for federal income tax purposes, except to the extent that the City in its sole judgment shall have determined that such exclusion is not necessary or required.

(ii) The method by which the City Ballpark Project Bonds are sold shall be acceptable to the City.

(iii) The maximum financial liability of the City under this Agreement and with respect to the City Ballpark Project Bonds (including but not limited to costs of administration, paying agents, trustees, Fiduciaries, arbitrators, court costs and annual rebate calculations) shall be \$4,200,000 per Fiscal Year of the City, and such liability shall be subject to annual appropriation.

(iv) Arbitrage rebate shall be calculated annually and shall be deducted from interest earnings and deposited annually into a segregated fund held by the applicable Trustee.

(v) The proceeds of the City Ballpark Project Bonds shall be segregated and invested separately from all other moneys.

(vi) All investment of the proceeds of the City Ballpark Project Bonds shall be approved by the City.

(vii) The proceeds of the City Ballpark Project Bonds shall be used only for Ballpark Project Costs and Costs of Issuance of the City Ballpark Project Bonds.

(viii) The Parties shall have agreed upon the forms of the Redevelopment Plan and the Redevelopment Contract, and the Construction Monitor Agreement shall be in force and effect.

(c) The County shall have no obligation to issue or cause to be issued the County Ballpark Project Bonds unless the following requirements are satisfied:

(i) The interest on the County Ballpark Project Bonds shall be excluded from gross income for federal income tax purposes, except to the extent that the County in its sole judgment shall have determined that such exclusion is not necessary or required.

(ii) The method by which the County Ballpark Project Bonds are sold shall be acceptable to the County.

(iii) The financial liability of the County under this Agreement and with respect to the County Ballpark Project Bonds (including but not limited to costs of administration, paying agents, trustees, Fiduciaries, arbitrators, court costs and annual rebate calculations) shall not exceed the County Financing Amount per Fiscal Year of the County, and such liability shall be subject to annual appropriation.

(iv) Arbitrage rebate shall be calculated annually and shall be deducted from interest earnings and deposited annually into a segregated fund held by the applicable Trustee.

(v) The proceeds of the County Ballpark Project Bonds shall be segregated and invested separately from all other moneys.

(vi) All investment of the proceeds of the County Ballpark Project Bonds shall be approved by the Court.

(vii) The proceeds of the County Ballpark Project Bonds shall be used only for Ballpark Project Costs and Costs of Issuance of the County Ballpark Project Bonds.

(viii) The Parties shall have agreed upon the forms of the Redevelopment Plan and the Redevelopment Contract, and the Construction Monitor Agreement shall be in force and effect.

ARTICLE VII

OPERATION AND USE OF THE BALLPARK

Section 7.1 Lease of Ballpark to Public Participants. On the Closing Date, the Authority shall rent, lease and let the Ballpark to the Public Participants, and the Public Participants shall rent, lease and hire the Ballpark from the Authority, upon and subject to the terms and conditions herein contained and upon such other terms and conditions as may be agreed upon by the Public Participants and the Authority.

Section 7.2 Sublease of Ballpark to Authority. On the Closing Date, the Public Participants shall rent, sublease and relet the Ballpark to the Authority, and the Authority shall rent, sublease and rehire the Ballpark from the Public Participants, upon and subject to the terms and conditions herein contained and upon such other terms and conditions as may be agreed upon by the Public Participants and the Authority.

Section 7.3 Sublease of Ballpark to Cardinals. At Closing the Authority shall rent, sublease and sublet the Ballpark to the Cardinals, and the Cardinals shall rent, sublease and sublet the Ballpark from the Authority, pursuant to a Lease consistent with and subject to the terms and provisions of this Agreement and containing usual and customary terms and provisions governing commercial leases (the "Lease").

Section 7.4 Lease Term.

(a) The initial term of the Lease shall commence on the Closing Date and shall terminate on the date that is 35 years after the Closing Date, provided that if such scheduled termination date occurs during a Major League Baseball Season, the Lease shall terminate at the end of that Season.

(b) So long as the Cardinals are not then in default under any of the provisions of this Agreement or the Lease, the Cardinals may elect to extend the initial term of the Lease for up to three consecutive extension terms of five years each, by providing to the Authority written notice of any such election not less than one year prior to the then scheduled termination date of the Lease. Upon such election, such extension term shall be included in the Lease Term, and during such extension term all of the terms and conditions contained or incorporated in the Lease shall remain in effect.

Section 7.5 Rent. The Cardinals shall pay rent ("Rent") to the Authority for the Ballpark in the amounts set forth in Exhibit ____.

Section 7.6 Use of Ballpark. The Cardinals shall be entitled to full and exclusive possession and use of the Ballpark, subject to any specific limitations and conditions imposed on the Cardinals by this Agreement. The Cardinals shall be entitled to use the Ballpark for such events and activities as are permitted by Law including any and all activities which are associated with, are customarily conducted in connection with or are related to the conduct of the business of a Major League Baseball team. Notwithstanding the foregoing or any other provisions of this Agreement, the Cardinals' possession and use of the Ballpark shall be subject to the following limitations:

(a) The Cardinals shall not occupy or use the Ballpark (or permit the use or occupancy of the Ballpark) for any purpose or in any manner that violates: (i) any applicable Law; (ii) this Agreement; (iii) the Lease or any Related Agreement; or (iv) any easement, covenant, restriction or other instrument to which this Agreement and the Ballpark Project Site are subject or bound as of the Closing Date or to which the Cardinals have given their written consent.

(b) The Cardinals shall not hold or sponsor any event the conduct of which would present a clear and present danger of material damage to the Ballpark, as demonstrated by damage caused at other Major League Baseball parks or comparable large public or private facilities as a result of the conduct of similar events, provided that the refusal to hold or sponsor such event would not expose the Cardinals to liability for violation of Law.

(c) The Cardinals shall not hold or sponsor any professional football games at the Ballpark which would result in the violation or breach by any Public Participant or any other governmental authority located in the City or the County of any existing contractual obligation or agreement of such entity, without the prior written consent of such entity.

(d) The Authority shall have the non-transferable right to use or sponsor the use of the Ballpark for a minimum of five Community Events during each calendar year of the Lease Term. A Community Event may be sponsored only for the benefit of nonprofit organizations, such as non-commercial not-for-profit youth athletic events, or not-for-profit civic celebrations. Community Events shall be scheduled only on dates approved by the Cardinals, and the Authority shall provide not less than 90 days written notice to the Cardinals of any date on which it desires to schedule use of the Ballpark for a Community Event. Such notice shall include the date, time, length and a general description of such Event. Community Events may not be scheduled on dates scheduled by the Cardinals for any other use of the Ballpark (including any Team practice date), and any scheduled Community Event shall be moved to another date if the Ballpark is required for a Home Game or other event or activity held or sponsored by the Cardinals. No Community Event shall be permitted that, in the judgment of the Cardinals, would result in damage to or unreasonable use of the Ballpark including, without limitation, the playing surface of the Ballpark. The Cardinals shall not unreasonably withhold their consent to the use of the Ballpark as provided in this paragraph. The Cardinals shall not charge any rent or license, use or other fee for use of the Ballpark for a Community Event, but shall be reimbursed for expenses incurred by the Cardinals in connection with such Event, including additional utilities, insurance, security, personnel and maintenance and repair costs, that would not have been incurred but for such Event. Payments for such expenses shall be made to the Cardinals within 30 days after submission of an invoice by the Cardinals to the Authority stating the expenses incurred. The Authority shall provide or cause to be provided to the Cardinals written evidence of general liability and such other insurance as the Cardinals reasonably require with respect to such Community Event. (j) Notwithstanding any other provision of this Section 8.6, if, in the opinion of Bond Counsel, any particular deposit of funds into the State Naming Rights Fund or the City Naming Rights Fund called for by this Section 8.6 would adversely affect the exclusion from gross income for federal income tax purposes of the interest on any Ballpark Project Bonds, then such funds shall instead be deposited in the Ballpark Capital Reserve Fund or, if, in the opinion of Bond Counsel such deposit would also adversely affect such exclusion, be used in such other manner for the benefit of the Ballpark as shall be agreed to by Parties and the Authority.

On the fifth anniversary of the Opening Date, and prior to the end of each five-year period thereafter, the Cardinals shall provide to the Authority, if requested by the Authority and at the Authority's expense, a structural and capital component inspection report prepared by a licensed professional engineer, reasonably acceptable to the Authority, having at least 10 years of experience in performing structural and capital component inspections of commercial buildings, including stadia, and otherwise qualified to provide the information required hereunder. Such report shall (a) set forth the opinion of such engineer on the condition of the structure and each capital component of the Ballpark and (b) include the suggestions of such engineer for Capital Repairs and Improvements that are necessary for the Ballpark.

Section 10.8 Title to Ballpark Capital Repairs and Improvements. All Ballpark Capital Repairs and Improvements shall become a part of the Ballpark, shall be the property of the Authority and shall remain upon and be surrendered with the Ballpark at the end of the Lease Term.

ARTICLE XI

INSURANCE

Section 11.1 Property Insurance. In connection with the construction of the Ballpark Project, the Cardinals shall purchase and maintain, from a company or companies lawfully authorized to do business in the City and the State, property insurance written on a builder's risk "all-risk" or equivalent policy form in the amount of the replacement cost of the Ballpark Project. Such property insurance shall be maintained until final payment has been made under the Ballpark Project GMP Contract or until Substantial Completion of the Ballpark Project, whichever is later. This insurance shall include interests of the Parties, the Ballpark Contractor, subcontractors and other Consultants in the Ballpark Project. Property insurance shall be on an "all-risk" or equivalent policy form and shall include, without limitation, insurance against the perils of fire (with extended coverage) and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, earthquake, flood, windstorm, falsework, testing and startup, temporary buildings and debris removal including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for the Ballpark Contractor's and other Consultants' services and expenses required as a result of such insured loss. If the property insurance requires deductibles, the Cardinals shall pay costs not covered because of such deductibles. Such property insurance shall cover portions of the work stored off the site and portions of the work in transit.

Section 11.2 Casualty Insurance.

(a) Upon termination of the policy required by Section 11.1, the Cardinals shall at their sole cost and expense obtain and maintain throughout the remainder of the Lease Term, a policy or policies of insurance to keep the Ballpark constantly insured against loss or damage by fire, lightning, earthquake and all other risks covered by the extended coverage insurance endorsement then in use in the State in an amount equal to the Full Insurable Value thereof (subject to loss deductibles in commercially reasonable amounts). The Full Insurable Value of the Ballpark shall be determined once every three years by

an architect, contractor, appraiser, appraisal company or one of the insurers, to be selected and paid by the Cardinals. The insurance required pursuant to this Section shall be maintained at the Cardinals' sole cost and expense with a generally recognized responsible insurance company or companies authorized to do business in the State. All such policies of insurance pursuant to this Section, and all renewals thereof, shall name the Cardinals, the Public Participants, the Authority and the Trustees as insureds as their respective interests may appear and shall contain a provision that such insurance may not be cancelled by the issuer thereof without at least 30 days' advance written notice to the Cardinals, the Public Participants, the Authority and the Trustees.

(b) In the event of loss or damage to the Ballpark, the Net Proceeds of casualty insurance carried pursuant to this Section shall be paid to a Fiduciary acceptable to the Authority and used by the Cardinals to repair, reconstruct and rebuild the Ballpark using the disbursement procedures used in the disbursement of moneys from the Ballpark Project Construction Fund. Subject to Article X, the Cardinals shall complete such replacement, repair, reconstruction and restoration, whether or not any insurance proceeds received by the Authority or the Cardinals for such purposes are sufficient to pay the same. Any remaining balance not required for such purpose shall be deposited into the Ballpark Capital Reserve Fund.

Section 11.3 Public Liability Insurance.

(a) The Cardinals shall at their sole cost and expense maintain or cause to be maintained at all times during the Lease Term general accident and public liability insurance (including but not limited to coverage for all losses whatsoever arising from the ownership, maintenance, operation or use of any automobile, truck or other motor vehicle), under which the Cardinals, the Public Participants, the Authority and the Trustees shall be named as insureds, properly protecting and indemnifying the Cardinals, the Public Participants, the Authority and the Trustees, in an amount not less than \$2,000,000 for bodily injury (including death) and for property damage in any one occurrence or such greater amount as shall not be subject to sovereign immunity of the Public Participants or the Authority, but in no event greater than \$10,000,000 (subject to loss deductibles in commercially reasonable amounts). The policies providing such insurance shall contain a provision that such insurance may not be cancelled by the issuer thereof without at least 30 days' advance written notice to the Cardinals, the Public Participants, the Authority and the Trustees.

(b) In the event of a public liability occurrence, the Net Proceeds of liability insurance carried pursuant to this Section shall be applied toward the extinguishment or satisfaction of the liability with respect to which such proceeds have been paid.

Section 11.4 Worker's Compensation Insurance. The Cardinals shall maintain or cause to be maintained in connection with the Ballpark, throughout the Lease Term, the worker's compensation coverage required by the laws of the State.

Section 11.5 Blanket Policies of Insurance. The Cardinals may satisfy any of the insurance requirements set forth in this Article by using blanket policies of insurance.

Section 11.6 Insurance Certificates. The Cardinals shall provide to the Authority any necessary certificates of insurance at Closing and thereafter annually certificates of insurance companies evidencing that the insurance requirements of this Article have been satisfied. In addition, the Cardinals shall, if requested by the Authority, provide to the Authority copies of all such insurance policies and evidence of the payment of the premiums thereunder.

Section 11.7 Insurance Consultant Reports. (a) The Cardinals shall keep the Ballpark Project continuously insured against such risks, to the extent generally obtained in accordance with the standards and practices of the industry, and in such amounts, with such deductible provisions as are commercially reasonable in connection with the operation of facilities of the type and size comparable to the Ballpark Project.

(b) Following the Substantial Completion of the Ballpark Project the Cardinals shall cause a review to be conducted at least every year with respect to such insurance by an Insurance Consultant, and shall cause a report of such Insurance Consultant to be delivered to the Authority and the Public Participants within 60 days of the end of each year, which indicates whether the insurance then being maintained by the Cardinals is customary and adequate and in compliance with the requirements set forth in this Article XI. At any time the Cardinals shall determine that any insurance required to be obtained under this Article XI either (i) cannot be obtained upon commercially reasonable terms or (ii) cannot be obtained using the deductibles set forth herein, the Cardinals shall cause to be delivered to the Authority and the Public Participants a report from an

Insurance Consultant confirming the Cardinals determinations and that the increase in deductibles or the decision not to purchase such insurance is consistent with the standards and practices of owners or tenants of other Major League Baseball ballparks in the United States. Upon the filing of such report the Cardinals shall be entitled to increase such deductibles or no longer purchase such insurance, as the case may be, beginning on a date which is 60 days following the delivery of such report.

ARTICLE XII

EVENTS OF DEFAULT AND REMEDIES

Section 12.1 Events of Default by the Cardinals. The term "Event of Default," wherever used in this Agreement, means, with respect to the Cardinals, any one of the following events (whatever the reason for such event and whether it is voluntary or involuntary or effected by operation of Law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(a) default in the payment by the Cardinals of any material amount due under this Agreement when such amount becomes due and payable and continuance of such default for a period of 30 days following receipt by the Cardinals of written notice that such amount was not paid when due; or

(b) default in the performance, or breach, of any material covenant or agreement of the Cardinals in this Agreement (other than a covenant or agreement a default in the performance or breach of which is specifically dealt with elsewhere in this Agreement, including any covenant or agreement under Sections 3.3, 3.4, 5.9, 5.10, 5.12 or 8.1), and continuance of such default or breach for a period of 60 days after there has been given to the Cardinals by any Public Participant or the Authority a written notice specifying such default or breach and requiring it to be remedied; provided that if such default cannot be fully remedied within such 60-day period, but can reasonably be expected to be fully remedied, such default shall not constitute an Event of Default if the Cardinals shall immediately upon receipt of such notice commence the curing of such default and shall thereafter prosecute and complete the same with due diligence and dispatch; or

(c) any representation or warranty made by the Cardinals in this Agreement proves untrue in any material respect as of the date of the issuance or making thereof and shall not be corrected or brought into compliance within 60 days after there has been given to the Cardinals a written notice specifying such default or breach and requiring it to be remedied; provided that if such default cannot be fully remedied within such 60-day period, but can reasonably be expected to be fully remedied, such default shall not constitute an Event of Default if the Cardinals shall immediately upon receipt of such notice commence the curing of such default and shall thereafter prosecute and complete the same with due diligence and dispatch; or

(d) a material default by the Cardinals under the Lease (after taking into account any applicable grace or cure period therein).

Section 12.2 Remedies of Public Participants. Except as otherwise provided herein, and subject to the provisions of Section 12.6, upon the occurrence and continuance of any Event of Default with respect to the Cardinals under this Agreement, unless the same is waived as provided in this Agreement, the Public Participants shall have the following rights and remedies, in addition to any other rights and remedies provided under this Agreement or by Law:

(a) The Public Participants may pursue any available remedy at Law or in equity by suit, action, mandamus or other proceeding to enforce the payment of the amounts due under this Agreement and the Lease, to realize on any of the Public Participants' interests in the Project under this Agreement and the Lease, to enforce and compel the performance of the duties and obligations of the Cardinals as set forth in this Agreement and the Lease and to enforce or preserve any other rights or interests of the Public Participants under this Agreement and the Lease with respect to the Project or otherwise existing at Law or in equity.

(b) The Public Participants may terminate all (but not less than all) of this Agreement, the Lease and the Related Agreements (including the Cardinals right of possession of the Ballpark), and may re-enter and take possession of the Ballpark. In such event, this Agreement, the Lease and the Related Agreements and the term and estate granted hereby and thereby shall terminate.

(c) The Public Participants shall be entitled to collect from the Cardinals, and the Cardinals shall be liable for, any damages which may be due or sustained by the Public Participants or the Authority prior to or as a result of such Event of Default,

together with all costs, fees and expenses (including reasonable attorneys' fees, brokerage fees and expenses incurred in placing the Ballpark in rentable condition) incurred by any Public Participant in pursuing any remedies under this Article XII.

(d) Upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Public Participants under this Agreement, the Public Participants shall be entitled as a matter of right to the appointment of a receiver or receivers of any money or other property receivable or collectible by the Public Participants or the Authority under this Agreement and the Lease, pending such proceedings, with such powers as the court making such appointment shall confer.

Section 12.3 Certain Equitable or Liquidated Damages.

(a) The Parties acknowledge and agree that (i) the Ballpark Project is being constructed, and the Ballpark Project Bonds are being issued, to enable the Cardinals and the Team to remain in the City and to enable the Team to play its Home Games in the Ballpark and (ii) Section 8.1 of this Agreement is intended to ensure, among other things, that the Cardinals will not relocate the Team.

(b) The Parties acknowledge and agree that (i) particular and highly unique circumstances have given rise to this Agreement, (ii) the Public Participants and the Authority will be immediately, uniquely and irreparably harmed by any violation by the Cardinals of Section 8.1 of this Agreement, (iii) monetary damages could not be calculated to compensate the Public Participants and the Authority for any breach by the Cardinals of Section 8.1 of this Agreement and (iv) the Public Participants and the Authority do not have an adequate remedy at law for the breach by the Cardinals of Section 8.1 of this Agreement.

(c) The Parties acknowledge and agree that the economic, financial, civic and social benefits to the Public Participants and the Authority from the presence of the Cardinals and the Team and the playing by the Team of its Home Games in the City are great, but that the precise value of those benefits is difficult to quantify due to the number of citizens and businesses that rely upon and benefit from the presence of the Cardinals and the Team in the City. Accordingly, the magnitude of the damages that would result from the loss of those benefits due to a violation by the Cardinals of Section 8.1 of this Agreement would be significant in size but difficult to quantify.

(d) The Parties agree that in the event of a material default, violation or breach, or threatened material default, violation or breach, by the Cardinals of any provision of Section 8.1, the sole and exclusive remedy of the Public Participants shall be any one, but not both, of the remedies specified in (i) and (ii) below:

(i) the Public Participants may, without the necessity of posting any bond or other security and without any further showing of irreparable harm, balance of harms, consideration of the public interest or inadequacy of money damages, be entitled to seek and obtain an injunction, specific performance or any other preliminary or permanent equitable relief from any court of competent jurisdiction to prevent such violation or breach, and the Cardinals agree and stipulate that the rights of the Public Participants to equitable relief pursuant to this Section 12.3 shall not constitute a "claim" pursuant to Section 101(5) of the United States Bankruptcy Code and shall not be subject to discharge or restraint of any nature in any bankruptcy proceeding involving the Cardinals; or

(ii) the Public Participants shall be entitled to terminate this Agreement, the Lease and the Related Agreements and receive, and the Cardinals shall pay, liquidated damages in the applicable amount ("Liquidated Damages Amount"), determined as follows based upon the year of the Lease Term in which the violation or breach of Section 8.1 occurs: during the first year of the Lease Term, the Liquidated Damages Amount shall be equal to the actual proceeds of Ballpark Project Bonds deposited into the Ballpark Project Construction Fund hereunder ("Initial Liquidated Damages Amount"), and, on the first day of each year during the Lease Term thereafter, the Liquidated Damages Amount shall be reduced by 1/35 of the Initial Liquidated Damages Amount. The Parties acknowledge that they have negotiated the above amounts in an attempt to make a good faith effort to quantify the amount of damages that would result from a violation of Section 8.1 despite the difficulty in making such determination. Accordingly, in the event the Public Participants, the Authority or any other Person shall collect the above-described liquidated damages, then the Public Participants, the Authority and any such other Person shall not have, and hereby waive, the right to collect additional monetary or any other damages for breach of Section 8.1, whether for lost or prospective profits, or for special, indirect, incidental, consequential, exemplary or punitive damages, or for any other loss or consequence.

Section 12.4 Events of Default by Public Participants. The term "Event of Default," wherever used in this Agreement,

means, with respect to the Public Participants, any one of the following events (whatever the reason for such event and whether it is voluntary or involuntary or effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(a) default in the payment by any Public Participant of any material amount due under this Agreement when such amount becomes due and payable and continuance of such default for a period of 30 days following receipt by such Public Participant of written notice that such amount was not paid when due; or

(b) default in the performance, or breach, of any material covenant or agreement of any Public Participant in this Agreement (other than a covenant or agreement a default the performance or breach of which is specifically dealt with elsewhere in this Agreement) and continuance of such default or breach for a period of 60 days after there has been given to such Public Participant by the Cardinals a written notice specifying such default or breach and requiring it to be remedied; provided that if such default cannot be fully remedied within such 60-day period, but can reasonably be expected to be fully remedied, such default shall not constitute an Event of Default if such Public Participant shall immediately upon receipt of such notice commence the curing of such default and shall thereafter prosecute and complete the same with due diligence and dispatch; or

(c) any representation or warranty made by any Public Participant in this Agreement proves untrue in any material respect as of the date of the issuance or making thereof and shall not be corrected or brought into compliance with 60 days after there has been given to such Public Participant a written notice specifying such default or breach and requiring it to be remedied; provided that if such default cannot be fully remedied within such 60-day period, but can reasonably be expected to be fully remedied, such default shall not constitute an Event of Default if such Public Participant shall immediately upon receipt of such notice commence the curing of such default and shall thereafter prosecute and complete the same with due diligence and dispatch; or

(d) a material default by any Public Participant or the Authority under the Lease (after taking into account any applicable grace or cure period therein); or

(e) any Public Participant or the Authority shall interfere with the use, possession and enjoyment of the Ballpark by the Cardinals and the Team as permitted by this Agreement and the Lease.

Section 12.5 Remedies of the Cardinals. Subject to the provisions of Section 12.6, upon the occurrence and continuance of any Event of Default with respect to any Public Participant under this Agreement (unless the same is waived as provided in this Agreement), or if a tax or assessment of any kind specified in Section 7.12(b) is levied against or passed through to the Cardinals or any Affiliate of the Cardinals, the Cardinals shall have the following rights and remedies, in addition to any other rights and remedies provided under this Agreement or by Law:

(a) The Cardinals may pursue any available remedy at Law or in equity by suit, action, mandamus or other proceeding to enforce the payment of any amounts due under this Agreement and the Lease, to realize on any of the Cardinals' interests in the Project under this Agreement and the Lease, to enforce and compel the performance of the duties and obligations of the Public Participants as set forth in this Agreement and the Lease and to enforce or preserve any other rights or interests of the Cardinals under this Agreement and the Lease with respect to the Project or otherwise existing at Law or in equity.

(b) The Cardinals may take such action at Law or in equity as may be necessary or appropriate to preserve and ensure the Cardinals' use, possession and enjoyment of the Ballpark in accordance with this Agreement and the Lease.

(c) The Cardinals shall have the right to terminate this Agreement and the Lease (and the Related Agreements, if applicable), to cease making payments hereunder and thereunder and to vacate the Ballpark, or to take any one or more of the foregoing actions.

(d) The Cardinals shall be entitled to collect from the Public Participants, and the Public Participants shall be liable for, any damages which may be due or sustained by the Cardinals prior to or as a result of such Event of Default, together with all costs, fees and expenses incurred by the Cardinals in pursuing any remedies under this Article XII.

(e) The Cardinals shall be entitled to offset the amount of any such tax or assessment, dollar for dollar, against any and all amounts payable hereunder to a Public Participant levying a tax or assessment specified in Section 7.12(b) (including, without limitation, against the corresponding amounts payable under Sections 3.6, 8.7 and 12.3(d)) and against the taxes

referred to in Section 13.2(b); provided that the Cardinals shall be entitled to such offset only against such amounts payable to the Public Participant levying such tax or assessment.

Section 12.6 Limited Termination Rights.

(a) Notwithstanding anything to the contrary herein, the Cardinals shall not have any right to terminate this Agreement or the Lease (or Related Agreements, if applicable) following the Closing Date unless (i) any Public Participant or the Authority has taken any action under this Agreement or the Lease (or Related Agreements, if applicable) which materially interferes with the Cardinals' rights of possession and use of the Ballpark pursuant to this Agreement or the Lease or (ii) the Parties shall have failed to fund their share of Extraordinary Capital Costs pursuant to Section 10.3. Any dispute as to whether a Public Participant or the Authority has interfered with the Cardinals' right of possession and use of the Ballpark pursuant to this Agreement or the Lease shall be submitted for judicial determination in St. Louis County, Missouri. If the court finds that (x) a Public Participant or the Authority has interfered with such rights, and (y) the nature and magnitude of such interference is of such extent that termination of this Agreement and the Lease (and, if applicable, any Related Agreements) is an appropriate and just remedy for the Cardinals, and the interfering Party thereafter fails to cease such interference within 30 days after the court's decision, then the Cardinals shall have the right to terminate this Agreement and the Lease; provided, however, that such termination shall not be allowed so long as the Public Participant or the Authority has promptly commenced a cure for such material interference, diligently proceeds in a reasonable manner to complete the same thereafter, and effectuates such cure as soon reasonably practicable. If the court does not find material interference, then the Cardinals shall have no right to terminate this Agreement or the Lease; however, such determination shall not affect the Cardinals' other rights or remedies under this Agreement.

(b) Notwithstanding anything to the contrary herein, in the event of a dispute between any of the Parties as to whether an Event of Default by the Cardinals has occurred or has been cured under this Agreement or the Lease, including as to the materiality of any representation, warranty or covenant made by the Cardinals hereunder or under the Lease, the Parties agree that, prior to the Public Participants' exercising any right to terminate this Agreement or the Lease (or Related Agreements, if applicable), such dispute shall be submitted to judicial determination in St. Louis County, Missouri. If the court finds that (i) there is an uncured Event of Default on the part of the Cardinals and (ii) the nature and magnitude of the Event of Default is of such extent that termination of this Agreement and the Lease (and, if applicable, any Related Agreements) is an appropriate and just remedy, and the Cardinals thereafter fail to cure such Event of Default within 30 days after the court's decision, then an Event of Default shall be deemed to have occurred and the Public Participants or the Authority (as the case may be) shall have the right to terminate this Agreement and the Lease; provided, however, that such termination shall not be allowed so long as the Cardinals have promptly commenced a cure for such Event of Default, diligently proceed in a reasonable manner to complete the same thereafter, and effectuate such cure as soon reasonably practicable. If the court does not find an uncured Event of Default, then there shall be no right of the Public Participants or the Authority to terminate this Agreement or the Lease; however, such determination shall not affect the Parties' other rights or remedies under this Agreement.

Section 12.7 Default Rate. If any party shall fail to make any payment of any amount payable under this Agreement or the Lease on the date due, which failure shall continue for 30 days after notice of such failure, then such payment shall bear interest thereafter at the Default Rate.

Section 12.8 Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to any Party is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by Law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy. No delay or omission of any Party to exercise any right or remedy accruing upon an Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by Law may be exercised from time to time, and as often as may be deemed expedient.

Section 12.9 Waiver of Past Defaults. Before any judgment or decree for payment of money due has been obtained by any Party as provided in this Article XII, the non-defaulting Parties may, by written notice delivered to the other Party or Parties, waive any past default hereunder and its consequence. Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Agreement, but no such waiver shall extend to or affect any subsequent or other default or impair any right or remedy consequent thereon.

Section 12.10 Consolidation of Actions. The Parties agree that any lawsuits, arbitrations, claims or other legal proceedings relating to substantially the same subject matter under this Agreement shall be consolidated into a single proceeding to the fullest extent permitted by applicable Law, except to the extent that such consolidation would materially impair the rights, claims or defenses of any Party.

Section 12.11 Certain Limitations. Notwithstanding any other provision of this Agreement

(a) The Parties agree that the sole and exclusive remedies for failure to comply with the provisions of this Agreement with respect to the commencement or completion of the Ballpark Village Project, including with respect to any generation of New State Revenues or Economic Activity Taxes therefrom, as referred to in Section 2.2(k) and Section 8.8(a) herein or in any other provision of this Agreement, are set forth in Section 3.6(c) and Section 3.6(d).

(b) The sole remedies for a breach or violation by the Cardinals of any provision of Section 3.2 shall be as set forth in the Lease and the Redevelopment Contract.

ARTICLE XIII

MISCELLANEOUS PROVISIONS

Section 13.1 Term of Agreement.

(a) The term of this Agreement (the "Term") shall commence, and this Agreement shall become effective (notwithstanding the date hereof), on the Effective Date of this Agreement, and shall terminate on the first to occur of:

(i) the first date following the Closing Date on which no Ballpark Project Bonds are outstanding and the Lease is not in effect; or

(ii) the date on which this Agreement is terminated by one of the Parties in accordance with (b) below; or

(iii) the date on which this Agreement is terminated in accordance with Section 12.2 or Section 12.5; or

(iv) the date on which this Agreement is terminated by the Cardinals pursuant to Section 5.4, 6.11 or 10.3.

(b) This Agreement may be terminated by any Party at any time prior to the Closing Date or, in the case of (iii) below, the Bond Offering Commitment Date, by written notice to the other Parties in the event that, as a result of unforeseen circumstances, financial market or economic conditions, unanticipated costs, threatened or pending legal proceedings or any other occurrence or circumstance, in the reasonable judgment of such Party:

(i) there is a significant risk that any material provision of this Agreement is or may be unconstitutional or unlawful or impossible of performance, as evidenced by an opinion of counsel addressed to all of the Parties;

(ii) the aggregate amount of Ballpark Project Bonds issuable in accordance with this Agreement is less than \$205,000,000 plus all Costs of Issuance;

(iii) the Ballpark Project Costs are expected to be substantially in excess of the amount contemplated by this Agreement (or cannot be confidently estimated) or the amount to be deposited by the Cardinals in the Ballpark Construction Fund is expected to be in excess of \$108,500,000; or

(iv) the acquisition, construction, equipping and improvement of the Project has for any reason become financially or economically infeasible.

Section 13.2 Certain Taxes.

(a) The Public Participants acknowledge and agree that the taxes paid and to be paid by the Cardinals have a substantial impact on the operations of the Cardinals, are a significant element of the feasibility of the Project and will be an essential part of the consideration to the Cardinals under this Agreement, the Lease and any Related Agreements.

(b) Subject to applicable Law, the City agrees that it will initiate legislation to reduce the rate of the entertainment license

tax levied and collected by the City pursuant to Chapter 8.08 of the City Code (which is presently collected at the rate of 5% on the cost of admission) to the rate of 1.5% with respect to the total gross receipts admissions charges collected at the Ballpark in any year in excess of \$85,000,000. In the event that such legislation is enacted, the Cardinals will thereafter be responsible for all such entertainment license taxes levied in respect of the Ballpark in accordance with the provisions of such legislation.

(c) The Public Participants covenant and agree, to the extent within their power and permitted by applicable Law, not to initiate any legislation, rule or regulation which would levy a non-uniform or disproportionate tax against the Cardinals, the Ballpark or the Ballpark Project Site in relation to the general public or other businesses after the date of this Agreement.

Section 13.3 Tax Covenants. The Parties represent and agree that it is their intention, to the fullest extent possible, that the interest on the Ballpark Project Bonds shall be excluded from gross income for federal income tax purposes. To that end, the Parties agree that this Agreement shall be construed and applied to the fullest extent possible not to require any action or cause any event that would adversely affect such exclusion. The Parties further agree that they will use their best efforts to amend this Agreement, the Lease and the Related Agreements, consistent with the economic terms hereof, in such manner as may be necessary to establish or maintain the exclusion of the interest on the Ballpark Project Bonds from gross income for federal income tax purposes. In furtherance and without limitation of the foregoing, each of the Parties agrees that it will, and will use its best to cause the Authority (or the applicable issuer of any bonds) to: (a) comply with all applicable provisions of the Code, including Sections 103 and 141 through 150, necessary to maintain the exclusion from gross income for federal income tax purposes of the interest on the Ballpark Project Bonds, (b) not use or permit the use of any proceeds of any Ballpark Project Bonds or any other funds, or take or permit any other action, or fail to take any action, if any such action or failure to take action would adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Ballpark Project Bonds, (c) adopt such ordinances or resolutions and take such other actions as may be necessary to comply with the Code and with all other applicable future laws, regulations, published rulings and judicial decisions, in order to ensure that the interest on the Ballpark Project Bonds will remain excluded from federal gross income, to the extent any such actions can be taken by it, (d) use the proceeds of the Ballpark Project Bonds as soon as practicable and with all reasonable dispatch for the purposes for which the Ballpark Project Bonds are issued, (e) not invest or directly or indirectly use or permit the use of any proceeds of the Ballpark Project Bonds or any other funds in any manner, or take or omit to take any action, that would cause the Ballpark Project Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code, (f) pay or cause the payment from time to time of all rebate amounts required to be paid to the United States pursuant to Section 148(f) of the Code and any Treasury Regulations applicable to the Ballpark Project Bonds from time to time and (g) not use or allow the use of any portion of the proceeds of the Ballpark Project Bonds, including any investment income earned on such proceeds, directly or indirectly, in a manner that would cause any Ballpark Project Bond to be a "private activity bond" within the meaning of Section 141(a) of the Code.

Section 13.4 Arbitration. All disputes, disagreements, controversies or claims which under the specific terms of this Agreement the Parties have agreed to submit to arbitration shall be exclusively and finally settled by binding arbitration conducted before three arbitrators in accordance with the Commercial Arbitration Rules of the American Arbitration Association, and judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction thereof. In any arbitration, the parties shall be entitled to conduct discovery in accordance with the applicable rules of the Federal Rules of Civil Procedure, with such modifications thereto as may be mutually agreeable to the parties unless the arbitrators appointed to hear the case rule that discovery should be limited in light of the particular dispute. In the event the parties are unable to agree on the three arbitrators, the parties shall select the three arbitrators by striking alternatively (the first to strike being chosen by lot) from a list of 13 arbitrators designated by the American Arbitration Association. Each of the parties to the arbitration shall bear the cost of the arbitration (including reasonable attorneys' fees) on such basis as the arbitrators of the matter shall determine. The arbitrators shall be further authorized to take whatever interim or temporary measures deemed necessary, including injunctive relief and measures for the protection or conservation of property. Such interim relief may take the form of an interim award, and the arbitrators may require security for the costs of such measures.

Section 13.5 The Act. The enactment and effectiveness of the Act is required in connection with this Agreement and the issuance of the Ballpark Project Bonds. The Parties agree to use their absolute best efforts to obtain passage by the General Assembly and signature thereafter by the Governor of the Act at the earliest possible time.

Section 13.6 Assignment. Except as provided herein, none of the Parties shall assign or transfer their rights or obligations under this Agreement, the Lease or the Related Agreements without the written consent of the other Parties, which consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, the Cardinals may, without the

necessity of obtaining the consent of the other Parties, assign any or all of its rights under this Agreement, the Lease and the Related Agreements to a person, firm, corporation or entity which acquires the Team pursuant to a Sale and in accordance with applicable Major League Baseball Rules and Regulations, provided that (a) the assignee assumes all of the obligations of the Cardinals pursuant to this Agreement, the Lease and the Related Agreements and to be bound by all of the terms, conditions and provisions thereof pursuant to an instrument of assignment in form and substance reasonably acceptable to the Authority and the Public Participants and (b) if the assignment involves the transfer of more than 50% of the Cardinals ownership and is prior to the Final Completion of the Ballpark Project, the Cardinals shall continue to be liable for their obligations under Section 5.3(a)(ii) unless the Public Participants shall be reasonably satisfied with the financial condition of the assignee. The Cardinals may, without the necessity of obtaining the consent of the other Parties, assign any or all of their rights under this Agreement, the Lease and the Related Agreements to (a) an Affiliate or (b) a third party entity for the sole purpose of the Cardinals (or an Affiliate of the Cardinals) entering into a lease or similar financing arrangement with such third party entity, provided that the Cardinals remain liable for the obligations of the Cardinals hereunder, and any such assignee shall agree to be bound by the provisions of this Agreement, jointly and severally with the Cardinals, in a written instrument executed by such assignee and delivered to the Parties.

Section 13.7 Performance by Affiliates. The Cardinals shall have the right to perform or cause the performance of any of their obligations under this Agreement, including to enter into any contracts and execute any documents required hereby, by or through an Affiliate, and so doing shall not limit or reduce the liability of the Cardinals to the other Parties under this Agreement.

HOUSE AMENDMENT NO. 2

Amend House Substitute for House Committee Substitute for Senate Bill No. 895, by inserting at the appropriate location the following section:

"454.507. 1. In addition to the authority of the division to request information pursuant to section 454.440, the division may request information from financial institutions pursuant to this section.

2. As used in this section:

(1) "Account" includes a demand deposit, checking or negotiable withdrawal order account, savings account, time deposit account or money market mutual fund account;

(2) "Encumbered assets", the noncustodial parent's interest in an account which is encumbered by a lien arising by operation of law or otherwise;

(3) "Financial institution" includes:

(a) A depository institution as defined in section 3(c) of the Federal Deposit Insurance Act (12 U.S.C. section 1813(c));

(b) An institution affiliated party as defined in section 3(u) of the Federal Deposit Insurance Act (12 U.S.C. section 1813(u));

(c) Any federal credit union or state credit union, as defined in section 101 of the Federal Credit Union Act (12 U.S.C. section 1752), including an institution affiliated party of such a credit union as defined in section 206(r) of the Federal Credit Union Act (12 U.S.C. section 1786(r)); or

(d) Any benefit association, insurance company, safe deposit company, money market fund or similar entity authorized to do business in the state.

3. The division shall enter into agreements with financial institutions to develop and operate a data match system which uses automated exchanges to the maximum extent feasible. Such agreements shall require the financial institution, to provide to the division, for each calendar quarter, the name, record address, Social Security number or other taxpayer identification number, and other identifying information of each noncustodial parent who maintains an account at such institution and who owes past due support, as identified by the division by name and Social Security number or other taxpayer identification number. The financial institution shall only provide such information stated in this subsection that is readily available through existing data systems, and as such data systems are enhanced, solely at the financial institution's discretion and for its business purposes, the financial institution shall provide any original and additional information which becomes readily available for any new data match request.

4. The division shall pay a reasonable fee to the financial institution for conducting the data match pursuant to this section, but such amount shall not exceed the costs incurred by the financial institution.

5. The division [of] **or** a IV-D agency may issue liens against any account in a financial institution and may release such liens.

6. **(1)** If a notice of lien is received from the division or a IV-D agency, the financial institutions shall immediately encumber the assets held by such institution on behalf of any noncustodial parent who is subject to such lien. However, if the account is in the name of a noncustodial parent and such parent's spouse **or parent**, the financial institution at its discretion may not encumber the assets and when it elects not to encumber such assets, shall so notify the division or IV-D agency. The amount of assets to be encumbered shall be stated in the notice and shall not exceed the amount of unpaid support due at the time of issuance. [The financial institution shall, within five business days of receipt of such

notice, mail a copy of the notice of lien to the noncustodial parent and any other person named on the account at the address shown in the records of the financial institution.] **The financial institution shall, within five business days of receipt of a notice of lien, notify the division or IV-D agency of the financial institution's response to the notice of lien.**

(2) Within five business days of notification by the financial institution that assets have been encumbered, the division or IV-D agency shall notify by mail the noncustodial parent of the issuance of the lien and the reasons for such issuance. The notice shall advise the noncustodial parent of the procedures to contest such lien pursuant to section 454.475 by requesting a hearing within thirty days from the date the notice was mailed by the division to the noncustodial parent.

7. (1) Except as provided in subsection 6 of this section, the interest of the noncustodial parent shall be presumed equal to all other joint owners, unless at least one of the joint owners provides the division or IV-D agency with a true copy of a written agreement entered prior to the date of issuance of notice of lien, or other clear and convincing evidence regarding the various ownership interests of the joint owners within twenty days of the financial institution's mailing of the notice of lien. The financial institution shall only encumber the amount presumed to belong to the noncustodial parent. The division or IV-D agency may proceed to issue an order for the amount in the account presumed to belong to the noncustodial parent if no prior written agreement or other evidence is provided.

(2) If a prior written agreement or other clear and convincing evidence is furnished to the division, and based on such agreement or evidence the division or IV-D agency determines that the interest of the noncustodial parent is less than the presumed amount, the division or IV-D agency shall amend the lien to reflect the amount in the account belonging to the noncustodial parent or shall release the lien if the noncustodial parent has no interest in the account. In no event shall the division or IV-D agency obtain more than the presumed amount of the account without a judicial determination that a greater amount of the account belongs to the noncustodial parent. The division or IV-D agency may by levy and execution on a judgment in a court of competent jurisdiction seek to obtain an amount greater than the amount presumed to belong to the noncustodial parent upon proof that the noncustodial parent's interest is greater than the amount presumed pursuant to this subsection.

(3) For purposes of this subsection, accounts are not joint accounts when the noncustodial parent has no legal right to the funds, but is either a contingent owner or agent. Such nonjoint accounts shall include, but are not limited to, a pay-on-death account or any other account in which the noncustodial parent owner may act as agent by a power of attorney or otherwise. Furthermore, when any account naming the noncustodial parent has not been disclosed to the noncustodial parent which is evidenced by a signature card or other deposit agreement not containing the signature of such noncustodial parent, then for the purposes of this subsection, such account shall not be treated as a joint account.

(4) Notwithstanding any other provision of this section, a financial institution shall not encumber any account of less than one hundred dollars.

8. Upon service of an order to surrender issued pursuant to this section, any financial institution in possession of a jointly owned account may interplead such property as otherwise provided by law.

9. Any other joint owner may petition a court of competent jurisdiction for a determination that the interests of the joint owners are disproportionate. The party filing the petition shall have the burden of proof on such a claim. If subject to the jurisdiction of the court, all persons owning affected accounts with a noncustodial parent shall be made parties to any proceeding to determine the respective interests of the joint owners. The court shall enter an appropriate order determining the various interests of each of the joint owners and authorizing payment against the obligor's share for satisfaction of the child support or maintenance obligation.

10. The court may assess costs and reasonable attorney's fees against the noncustodial parent if the court determines that the noncustodial parent has an interest in the affected joint account.

11. The division may order the financial institution to surrender all or part of the encumbered assets. The order shall not issue until sixty days after the notice of lien is sent to the financial institution. The financial institution shall, within seven days of receipt of the order, pay the encumbered amount as directed in the order to surrender. **If the**

noncustodial parent contests a lien pursuant to subdivision (2) of subsection 6 of this section and a hearing is pending, the bank shall retain the surrendered funds in escrow pending the hearing determination.

12. A financial institution shall not be liable pursuant to any state or federal law, including 42 U.S.C. section 669A, to any person for:

- (1) Any disclosure of information to the division pursuant to this section;
- (2) Encumbering or surrendering any assets held by the financial institution in response to a lien or order pursuant to this section and notwithstanding any other provisions in this section to the contrary, encumbering or surrendering assets from any account in the financial institution connected in any way to the noncustodial parent; or
- (3) Any other action taken in good faith to comply with the requirements of this section.

13. A financial institution that fails without due cause to comply with a notice of lien or order to surrender issued pursuant to this section shall be liable for the amount of the encumbered assets and the division may bring an action against the financial institution in circuit court for such amount. For purposes of this subsection, "due cause" shall include, but not be limited to, when a financial institution demonstrates to a court of competent jurisdiction that the institution established in good faith a routine to comply with the requirements of this section and that one or more transactions to enforce the lien or order to surrender were not completed due to an accidental error, a misplaced computer entry, or other accidental human or mechanical problems."; and

In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1712, Page 2, Section 347.143, Line 2, by inserting immediately before said line the following:

"72.080. 1. Any unincorporated city, town or other area of the state may, except as otherwise provided in sections 72.400 to 72.420, become a city of the class to which its population would entitle it pursuant to this chapter, and be incorporated pursuant to the law for the government of cities of that class, in the following manner: whenever a number of voters equal to fifteen percent of the votes cast in the last gubernatorial election in the area proposed to be incorporated shall present a petition to the governing body of the county in which such city or town or area is situated, such petition shall describe, by metes and bounds, the area to be incorporated and be accompanied by a plat thereof, shall state the approximate population and the assessed valuation of all real and personal property in the area and shall state facts showing that the proposed city shall have the ability to furnish normal municipal services within a reasonable time after its incorporation is to become effective and praying that the question be submitted to determine if it may be incorporated. If the governing body shall be satisfied that a number of voters equal to fifteen percent of the votes cast in the last gubernatorial election in the area proposed to be incorporated have signed such petition, the governing body shall submit the question to the voters.

2. The county may make changes in the petition to correct technical errors or to redefine the metes and bounds of the area to be incorporated to reflect other boundary changes occurring within six months prior to the time of filing the petition. Petitions submitted by proposing agents may be submitted with exclusions for the signatures collected in areas originally included in the proposal but subsequently annexed or incorporated separately as a city, town or village, although the governing body shall be satisfied as to the sufficiency of the signatures for the final proposed area. If a majority of the voters voting on the question vote for incorporation, the governing body shall declare such city, town or other area incorporated, designating in such order the metes and bounds thereof, and thenceforth the inhabitants within such bounds shall be a body politic and incorporate, by the name and style of "the city of", or "the town of", and the first officers of such city or town shall be designated by the order of the governing body, who shall hold their offices until the next municipal election and until their successors shall be duly elected and qualified. The county shall pay the costs of the election.

3. In any county with a charter form of government where fifty or more cities, towns and villages have been incorporated, an unincorporated city, town or other area of the state shall not be incorporated except as provided in sections 72.400 to 72.420.

4. Any unincorporated area located partially within any county of the first classification without a charter form of government and with more than eighty-two thousand but less than eighty-two thousand one hundred inhabitants and partially within any county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants may incorporate as a city of the class to which its population would entitle it pursuant to this chapter notwithstanding any proposed annexation of the unincorporated area by any city of the third or fourth classification or any home rule city with more than four hundred thousand inhabitants and located in more than one county. If any city of the third or fourth classification or any home rule city with more than four hundred thousand inhabitants and located in more

than one county proposes annexation by ordinance or resolution of any unincorporated area as defined in this subsection, no such annexation shall become effective until after the qualified voters in the unincorporated area proposed to be incorporated fail to approve the proposed incorporation by a majority vote in the election described in subsection 2 of this section.

5. Prior to the election described in subsection 2 of this section, if the owner or owners of either the majority of the commercial or the majority of the agricultural classification of real property in the proposed area to be incorporated object to such incorporation, such owner or owners may file an action in the circuit court of the county in which such unincorporated area is situated, pursuant to the provisions of chapter 527, RSMo, praying for a declaratory judgment requesting that such incorporation be declared unreasonable by the court. As used in this subsection, a "majority of the commercial or agricultural classification" means a majority as determined by the assessed valuation of the tracts of real property in either classification to be determined by the assessments made according to chapter 137, RSMo. The petition in such action shall state facts showing that such incorporation including the real property owned by the petitioners is not reasonable based on the same criteria as specified in subsection 3 of section 72.403 and is not necessary to the proper development of the city or town. If the circuit court finds that such inclusion is not reasonable and necessary, it may enjoin the incorporation or require the petition requesting the incorporation to be resubmitted excluding all or part of the property of the petitioners from the proposed incorporation.

72.130. Except as provided in sections 72.400 to 72.420, no city, town, village or other area shall be organized within this state under and by virtue of any law thereof, adjacent to or within two miles of the limits of any city of the first, second, third or fourth classification or any constitutional charter city, unless the city, town, village or other area be in a different county from the city **or unless the city, town or village is located partially within any county of the first classification without a charter form of government and with more than eighty-two thousand but less than eighty-two thousand one hundred inhabitants and partially within any county with a charter form of government and with more than six hundred thousand but less than seven hundred thousand inhabitants,** except that a city, town, village or other area may be incorporated within the two-mile area if a petition signed by a number of voters equal to fifteen percent of the votes cast in the last gubernatorial election in the area proposed to be incorporated is presented to the existing city requesting that the boundaries of the existing city be extended to include the area proposed to be incorporated and if action taken thereon by the existing city is unfavorable to the petition, or if no action is taken by the existing city on the petition, then the city, town, village or other area may be incorporated after the expiration of one year from the date of the petition and upon a favorable majority vote on the question."; and

WHEREAS, counterfeit and other forms of pirated software expose consumers, including state agencies, to the risk of computer viruses, reduced technical support, and other problems that prevent the efficient operation of information systems; and

WHEREAS, due to the destructive impact of software piracy on the Missouri economy and consumers, the Missouri General Assembly recognizes

the need to develop a comprehensive statewide response to combat the use of unlicensed software in all state agencies and promote sound management of state information systems:

"354.606. 1. This act shall be known as the "Patient Freedom of Choice Act of 2002".

[1.] **2.** A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

[2.] **3.** Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

"Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a

specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person."

[3.] **4.** Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

[4.] **5.** The contract provisions satisfying the requirements of subsections [2 and] 3 **and 4** of this section shall:

(1) Be construed in favor of the enrollee;

(2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections 2 and 3 of this section.

[5.] **6.** In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

[6.] **7.** (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization;

(c) Deny a health care professional the opportunity to become a participating provider if such health care professional satisfies all of the selection standards established by the health carrier as defined in section 376.1350, RSMo, and if the health care professional is willing to accept the plan's operating terms and conditions, its schedule of fees, covered expenses, utilization regulations and quality standards. This subdivision shall not apply to supplemental insurance policies, including life care contracts, accident-only policies, specified disease policies, hospital policies providing a fixed daily benefit only, Medicare supplement policies, long-term care policies, coverage issued as a supplement to liability insurance, short-term major medical policies of six months or less duration and other supplemental policies as determined by the department of insurance. This subdivision shall only apply to any county of the first classification without a charter form of government and with more than one hundred four thousand six hundred but less than one hundred four thousand seven hundred inhabitants and any county of the second classification with more than fifty-two thousand six hundred but less than fifty-two thousand seven hundred inhabitants; or

(d) Allow a health carrier, either directly or indirectly through intermediaries, to discriminate between healthcare providers when selecting among providers of health services for enrollment in the network and when referring enrollees for health services provided within the scope of those professional licenses and when reimbursing amounts for covered services among persons duly licensed to provide such services.

- (2) Paragraphs (a) [and], (b) **and** (c) of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.
- (3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.
- [7.] **8.** A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.
- [8.] **9.** A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

For purposes of this subsection, "hospitalist" means a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to that participating provider at the end of hospitalization.
- [10.] **11.** A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.
- [11.] **12.** A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.
- [12.] **13.** A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records.
- [13.] **14.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.
- [14.] **15.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.
- [15.] **16.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.
- [16.] **17.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.
- [17.] **18.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.
- [18.] **19.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[19.] **20.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[20.] **21.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636."; and

Further amend the title and enacting clause accordingly.

SENATE AMENDMENT NO. 7

Amend Senate Substitute No. 2 for Senate Committee Substitute for House Bill No. 1446, Page 43, Section 194.230, Line 22, by inserting after all of said line the following:

"287.135. 1. The department of insurance shall establish a program whereby managed care organizations in this state shall be certified by the department for the provision of managed care services to employers who voluntarily choose to use such organizations. The department shall report to the division of workers' compensation all managed care organizations certified pursuant to section. The division shall maintain a registry of certified managed care organizations that can be readily accessed by employers for the provision of managed care services. For the purposes of this section, the term "managed care organizations" shall mean organizations such as preferred provider organizations, health maintenance organizations and other direct employer/provider arrangements which have been certified by the department designed to provide incentives to medical care providers to manage the cost and use of care associated with claims covered by workers' compensation insurance.

2. The director of the department of insurance shall promulgate rules which set out the approval criteria for certification of a managed care organization. Approval criteria shall take into consideration the adequacy of services that the organization will be able to offer the employer, the geographic area to be served, staff size and makeup of the organization in relation to both services offered and geographic location, access to health care providers, the adequacy of internal management and oversight, the adequacy of procedures for peer review, utilization review, and internal dispute resolution, including a method to resolve complaints by injured employees, medical providers, and insurers over the cost, necessity and appropriateness of medical services, the availability of case management services, and any other criteria as determined by the director. Thirty days prior to the annual anniversary of any current certification granted by the director, any managed care organization seeking continued certification shall file an application for recertification with the director, on a form approved by the director, accompanied by a filing fee established by the director by rule and any other materials specified by the director.

3. The director of the department of insurance shall promulgate rules which set out the criteria under which the fees charged by a managed care organization shall be reimbursed by an employer's workers' compensation insurer and which establish criteria providing for the coordination and integration between the managed care organization and the insurer of their respective internal operational systems relating to such matters as claim reporting and handling, medical case management procedures and billing. Such criteria shall require any such reimbursable fees to be reasonable in relation both to the managed care services provided and to the savings which result from those services. Such criteria shall discourage the use of fee arrangements which result in unjustified costs being billed for either medical services or managed care services. Insurers and managed care organizations shall be permitted to voluntarily negotiate and utilize alternative fee arrangements. Notwithstanding any provision of this subsection to the contrary, if an insurer and a managed care organization enter into a voluntary agreement that accomplishes the same purposes as

this subsection, that insurer and that managed care organization with respect to that agreement shall not be required to meet the requirements of this subsection or regulations promulgated by the department pursuant to this subsection.

4. Any managed care organization, including any managed care organization that has been established or selected by or has contracted with a workers' compensation insurance carrier to provide managed care services to insured employers, that has previously been certified prior to August 28, 1993, by the director of the department of insurance shall be deemed to have met the criteria set forth in this section.

5. The necessity and appropriateness of medical care services recommended or provided by providers shall be subject to review by the division of workers' compensation, upon application, following a decision by the managed care organization's utilization review and dispute resolution review and appeal procedure. The decision of the managed care organization relating to payment for such medical care services shall be subject to modification by the division of workers' compensation after mediation conference or hearing, only upon showing that it was unreasonable, arbitrary or capricious.

3. The coverage provided by this section shall include coverage for replacement hearing aids for the child at least once every three years.

4. Hearing evaluations, hearing aids, prescriptions, fittings, and consumable supplies shall be reimbursed according to contracted fee schedule or according to the policy. A health insurer or health benefit plan subject to this section may limit the benefit payable for hearing aids to twelve hundred fifty dollars for each ear with a hearing loss. An insured or enrollee who selects a hearing aid that costs more than the benefit payable pursuant to this section may pay the difference between the price of the hearing aid and the benefit payable without financial or contractual penalty to the provider of the hearing aid.

5. Nothing in this section shall prohibit a health insurer or health benefit plan from providing coverage that is greater than or more favorable to enrollees than the coverage provided by this section.

6. The health care service required by this section shall not be subject to a deductible or co-payment that exceeds twenty percent of the actual covered service costs. No health insurer or health benefit plan subject to this section shall request or require hearing acuity information from or about persons applying for coverage.

7. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies of six months or less duration, or any other supplemental policy as determined by the director of the department of insurance.

8. The director of the department of insurance may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void."; and

SENATE AMENDMENT NO. 14

Amend Senate Substitute No. 2 for Senate Committee Substitute for House Bill No. 1446, Page 13, Section 194.230, Line 22, by inserting after all of said line the following:

"287.135. 1. The department of insurance shall establish a program whereby managed care organizations in this state shall be certified by the department for the provision of managed care services to employers who voluntarily choose to use such organizations. The department shall report to the division of workers' compensation all managed care organizations certified pursuant to the provisions of this section. The division shall maintain a registry of certified managed care organizations that can be readily accessed by employers for the provision of managed care services. For the purposes of this section, the term "managed care organizations" shall mean organizations such as preferred provider organizations, health maintenance organizations and other direct employer/provider arrangements which have been certified by the department designed to provide incentives to medical care providers to manage the cost and use of care associated with claims covered by workers' compensation insurance.

2. The director of the department of insurance shall promulgate rules which set out the approval criteria for certification of a managed care organization. Approval criteria shall take into consideration the adequacy of services

that the organization will be able to offer the employer, the geographic area to be served, staff size and makeup of the organization in relation to both services offered and geographic location, access to health care providers, the adequacy of internal management and oversight, the adequacy of procedures for peer review, utilization review, and internal dispute resolution, including a method to resolve complaints by injured employees, medical providers, and insurers over the cost, necessity and appropriateness of medical services, the availability of case management services, and any other criteria as determined by the director. Thirty days prior to the annual anniversary of any current certification granted by the director, any managed care organization seeking continued certification shall file an application for recertification with the director, on a form approved by the director, accompanied by a filing fee established by the director by rule and any other materials specified by the director.

3. [The director of the department of insurance shall promulgate rules which set out the criteria under which] The fees charged by a managed care organization shall be reimbursed by an employer's workers' compensation insurer [and which]. **The director of the department of insurance shall establish criteria providing for the coordination and integration between the managed care organization and the insurer of their respective internal operational systems relating to such matters as claim reporting and handling, medical case management procedures and billing. Such criteria shall require any such reimbursable fees to be reasonable in relation both to the managed care services provided and to the savings which result from those services. Such criteria shall discourage the use of fee arrangements which result in unjustified costs being billed for either medical services or managed care services. Insurers and managed care organizations shall be permitted to voluntarily negotiate and utilize alternative fee arrangements. Notwithstanding any provision of this subsection to the contrary, if an insurer and a managed care organization enter into a voluntary agreement that accomplishes the same purposes as this subsection, that insurer and that managed care organization with respect to that agreement shall not be required to meet the requirements of this subsection or regulations promulgated by the department pursuant to this subsection. The fact that an insurer enters into a voluntary agreement with one or more managed care organizations shall not exempt such insurer from the requirements of this subsection or regulations promulgated thereto regarding other managed care organizations for which the insurer has no such voluntary agreements but with which employers insured by such insurer have contracted. The insurer shall comply with the requirements of this subsection and all regulations promulgated thereto, including requirements concerning the reimbursement of such organizations, in regards to such other managed care organizations.**

4. Any managed care organization, including any managed care organization that has been established or selected by or has contracted with a workers' compensation insurance carrier to provide managed care services to insured employers, that has previously been certified prior to August 28, 1993, by the director of the department of insurance shall be deemed to have met the criteria set forth in this section.

5. The necessity and appropriateness of medical care services recommended or provided by providers shall be subject to review by the division of workers' compensation, upon application, following a decision by the managed care organization's utilization review and dispute resolution review and appeal procedure. The decision of the managed care organization relating to payment for such medical care services shall be subject to modification by the division of workers' compensation, after mediation conference or hearing, only upon showing that it was unreasonable, arbitrary or capricious.

287.140. 1. In addition to all other compensation, the employee shall receive and the employer shall provide such medical, surgical, chiropractic, and hospital treatment, including nursing, custodial, ambulance and medicines, as may reasonably be required after the injury or disability, to cure and relieve from the effects of the injury. If the employee desires, [he] **the employee** shall have the right to select his **or her** own physician, surgeon, or other such requirement at [his] **the employee's** own expense. Where the requirements are furnished by a public hospital or other institution, payment therefor shall be made to the proper authorities. Regardless of whether the health care provider is selected by the employer or is selected by the employee at the employee's expense, the health care provider shall have the affirmative duty to communicate fully with the employee regarding the nature of the employee's injury and recommended treatment exclusive of any evaluation for a permanent disability rating. Failure to perform such duty to communicate shall constitute a disciplinary violation by the provider subject to the provisions of chapter 620, RSMo. When an employee is required to submit to medical examinations or necessary medical treatment at a place outside of the local or metropolitan area from the place of injury or the place of [his] **the employee's** residence, the employer or

its insurer shall advance or reimburse the employee for all necessary and reasonable expenses; except that an injured employee who resides outside the state of Missouri and who is employed by an employer located in Missouri shall have the option of selecting the location of services provided in this section either at a location within one hundred miles of the injured employee's residence, place of injury or place of hire by the employer. The choice of provider within the location selected shall continue to be made by the employer. In case of a medical examination if a dispute arises as to what expenses shall be paid by the employer, the matter shall be presented to the legal advisor, the administrative law judge or the commission, who shall set the sum to be paid and same shall be paid by the employer prior to the medical examination. In no event, however, shall the employer or its insurer be required to pay transportation costs for a greater distance than two hundred fifty miles each way from place of treatment. In addition to all other payments authorized or mandated under this subsection, when an employee who has returned to full-time employment is required to submit to a medical examination for the purpose of evaluating permanent disability, or to undergo physical rehabilitation, the employer or its insurer shall pay a proportionate weekly compensation benefit based on the provisions of section 287.180 for such wages that are lost due to time spent undergoing such medical examinations or physical rehabilitation, except that where the employee is undergoing physical rehabilitation, such proportionate weekly compensation benefit payment shall be limited to a time period of no more than twenty weeks. For purposes of this subsection only, "physical rehabilitation" shall mean the restoration of the seriously injured person as soon as possible and as nearly as possible to a condition of self-support and maintenance as an able-bodied worker. Determination as to what care and restoration constitutes physical rehabilitation shall be the sole province of the treating physician. Should the employer or its insurer contest the determination of the treating physician, then the director shall review the case at question and issue [his] a determination. Such determination by the director shall be appealable like any other finding of the director or the division. Serious injury includes, but is not limited to, quadriplegia, paraplegia, amputations of hand, arm, foot or leg, atrophy due to nerve injury or nonuse, and back injuries not amenable alone to recognized medical and surgical procedures.

2. If it be shown to the division or the commission that the requirements are being furnished in such manner that there is reasonable ground for believing that the life, health, or recovery of the employee is endangered thereby, the division or the commission may order a change in the physician, surgeon, hospital or other requirement.

3. All fees and charges under this chapter shall be fair and reasonable, shall be subject to regulation by the division or the commission, or the board of rehabilitation in rehabilitation cases. A health care provider shall not charge a fee for treatment and care which is governed by the provisions of this chapter greater than the usual and customary fee the provider receives for the same treatment or service when the payor for such treatment or service is a private individual or a private health insurance carrier. The division or the commission, or the board of rehabilitation in rehabilitation cases, shall also have jurisdiction to hear and determine all disputes as to such charges. A health care provider is bound by the determination upon the reasonableness of health care bills.

4. The division shall, by regulation, establish methods to resolve disputes concerning the reasonableness of medical charges, services, or aids. This regulation shall govern resolution of disputes between employers and medical providers over fees charged, whether or not paid, and shall be in lieu of any other administrative procedure under this chapter. The employee shall not be a party to a dispute over medical charges, nor shall the employee's recovery in any way be jeopardized because of such dispute.

5. No compensation shall be payable for the death or disability of an employee, if and insofar as the death or disability may be caused, continued or aggravated by any unreasonable refusal to submit to any medical or surgical treatment or operation, the risk of which is, in the opinion of the division or the commission, inconsiderable in view of the seriousness of the injury. If the employee dies as a result of an operation made necessary by the injury, the death shall be deemed to be caused by the injury.

6. The testimony of any physician or chiropractic physician who treated the employee shall be admissible in evidence in any proceedings for compensation under this chapter, subject to all of the provisions of section 287.210.

7. Every hospital or other person furnishing the employee with medical aid shall permit its record to be copied by and shall furnish full information to the division or the commission, the employer, the employee or [his] **the employee's** dependents and any other party to any proceedings for compensation under this chapter, and certified copies of the

records shall be admissible in evidence in any such proceedings.

8. The employer may be required by the division or the commission to furnish an injured employee with artificial legs, arms, hands, surgical orthopedic joints, or eyes, or braces, as needed, for life whenever the division or the commission shall find that the injured employee may be partially or wholly relieved of the effects of a permanent injury by the use thereof. The director of the division shall establish a procedure whereby a claim for compensation may be reactivated after settlement of such claim is completed. The claim shall be reactivated only after the claimant can show good cause for the reactivation of this claim and the claim shall be made only for the payment of medical procedures involving life-threatening surgical procedures or if the claimant requires the use of a new, or the modification, alteration or exchange of an existing, prosthetic device. For the purpose of this subsection, "life threatening" shall mean a situation or condition which, if not treated immediately, will likely result in the death of the injured worker.

9. Nothing in this chapter shall prevent an employee being provided treatment for [his] injuries by prayer or spiritual means if the employer does not object to the treatment.

10. The employer shall have the right to select the licensed treating physician, surgeon, chiropractic physician, **network of providers**, or other health care provider, **including licensed registered nurses functioning as medical case managers**; provided, however, that such physicians, surgeons, **registered nurses**, or other health care providers shall offer only those services authorized within the scope of their licenses. For the purpose of this subsection, subsection 2 of section 287.030 shall not apply.

11. Any physician or other health care provider who orders, directs or refers a patient for treatment, testing, therapy or rehabilitation at any institution or facility shall, at or prior to the time of the referral, disclose in writing if such health care provider, any of [his] **the provider's** partners or [his] **the provider's** employer has a financial interest in the institution or facility to which the patient is being referred, to the following:

- (1) The patient;
- (2) The employer of the patient with workers' compensation liability for the injury or disease being treated;
- (3) The workers' compensation insurer of such employer; and
- (4) The workers' compensation adjusting company for such insurer.

12. Violation of subsection 11 of this section is a class A misdemeanor.

13. (1) No hospital, physician or other health care provider, other than a hospital, physician or health care provider selected by the employee at [his] **the employee's** own expense pursuant to subsection 1 of this section, shall bill or attempt to collect any fee or any portion of a fee for services rendered to an employee due to a work-related injury or report to any credit reporting agency any failure of the employee to make such payment, when an injury covered by this chapter has occurred and such hospital, physician or health care provider has received actual notice given in writing by the employee, the employer or the employer's insurer. Actual notice shall be deemed received by the hospital, physician or health care provider five days after mailing by certified mail by the employer or insurer to the hospital, physician or health care provider.

(2) The notice shall include:

- (a) The name of the employer;
- (b) The name of the insurer, if known;
- (c) The name of the employee receiving the services;
- (d) The general nature of the injury, if known; and

(e) Where a claim has been filed, the claim number, if known.

(3) When an injury is found to be noncompensable under this chapter, the hospital, physician or other health care provider shall be entitled to pursue the employee for any unpaid portion of the fee or other charges for authorized services provided to the employee. Any applicable statute of limitations for an action for such fees or other charges shall be tolled from the time notice is given to the division by a hospital, physician or other health care provider pursuant to subdivision (6) of this subsection, until a determination of noncompensability in regard to the injury which is the basis of such services is made, or in the event there is an appeal to the labor and industrial relations commission, until a decision is rendered by that commission.

(4) If a hospital, physician or other health care provider or a debt collector on behalf of such hospital, physician or other health care provider pursues any action to collect from an employee after such notice is properly given, the employee shall have a cause of action against the hospital, physician or other health care provider for actual damages sustained plus up to one thousand dollars in additional damages, costs and reasonable attorney's fees.

(5) If an employer or insurer fails to make payment for authorized services provided to the employee by a hospital, physician or other health care provider pursuant to this chapter, the hospital, physician or other health care provider may proceed pursuant to subsection 4 of this section with a dispute against the employer or insurer for any fees or other charges for services provided.

(6) A hospital, physician or other health care provider whose services have been authorized in advance by the employer or insurer may give notice to the division of any claim for fees or other charges for services provided for a work-related injury that is covered by this chapter, with copies of the notice to the employee, employer and the employer's insurer. Where such notice has been filed, the administrative law judge may order direct payment from the proceeds of any settlement or award to the hospital, physician or other health care provider for such fees as are determined by the division. The notice shall be on a form prescribed by the division."; and

Further amend the title and enacting clause accordingly.

Senator Loudon moved that the above amendment be adopted, which motion prevailed.

SENATE RESOLUTION NO. 1712

WHEREAS, the world's most famous name in fast food is McDonald's, a business which was started in 1954 by Ray Kroc in San Bernardino, California; and

WHEREAS, Ray Kroc, the original founder of McDonald's, believed that only the best quality of products should be used in his restaurants; and

WHEREAS, as the nation's largest buyer of beef and with more than 28,000 restaurants worldwide, the McDonald's Corporation should return to Ray Kroc's philosophy by exclusively utilizing the United States beef industry and using only 100% American beef in all its restaurants; and

WHEREAS, the Agricultural Marketing Act of 1946 provided the United States Department of Agriculture the authority to establish standards for the grading and classification of United States agricultural products; and

WHEREAS, these standards have become recognized around the world as the mark of United States excellence and quality, making the quality of beef produced in the United States second to none; and

WHEREAS, the United States consumers and beef producers "need a break today" and expect McDonald's, the most popular fast food chain in the nation, to utilize the best quality of beef available on the market in its hamburgers; and

NOW, THEREFORE, BE IT RESOLVED that the members of the Senate of the Ninety-first General Assembly, Second Regular Session, urge the McDonald's Corporation to exclusively utilize the United States beef industry and use only 100% American beef in all its 28,000 restaurants around the world; and

A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when

accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. A commercial driver's instruction permit shall be valid for the vehicle being operated for a period of not more than six months, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period. The fee for such permit or renewal shall be five dollars. In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the secretary.

(1) The written and driving tests shall be held at such times and in such places as the [director] **superintendent** may designate. A [five-dollar] **twenty-five dollar** examination fee shall be paid by the applicant upon completion of any written or driving test. The director shall delegate the power to conduct the examinations required under sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR Part 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536, RSMo. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(3) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the secretary and if such person transports a hazardous material, such person shall be required to take the written test for such endorsement. A [five-dollar] **twenty-five dollar** examination fee shall be paid [for each test taken] **upon completion of such tests**.

3. [The director may waive the driving test for a commercial driver's license if such applicant provides the certifications required by regulations established by the secretary as a substitute for the driving test and holds a valid license.

4. The certifications may include, but not be limited to, stating that during the two-year period immediately prior to applying for a commercial driver's license the applicant:

(1) Has not had more than one license;

(2) Has not had any license suspended, revoked, canceled or disqualified;

(3) Has not had a conviction in any type of motor vehicle for driving while intoxicated, driving while under the influence of alcohol or controlled substance, leaving the scene of an accident or felony involving the use of a commercial motor vehicle;

(4) Has not violated any state law or county or municipal ordinance relating to the operation of a motor vehicle in connection with an accident; and

(5) Has no record of an accident in which such applicant was at fault.

5. In order to be valid as a certification exempting the applicant from the driving test, the applicant shall also provide evidence and certify that:

(1) He is regularly employed in a job requiring him to drive a commercial motor vehicle; and

(2) He has previously taken and passed a driving test given by a state with a classified licensing and testing system, and that the test was behind the wheel in a representative vehicle for that applicant's license classification; or

(3) He has operated, for at least two years immediately preceding application for a commercial driver's license, a vehicle representative of the commercial motor vehicle the applicant drives or expects to drive.

6.] A commercial driver's license may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or canceled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.

302.721, 1. There is hereby created in the state treasury the "Commercial Driver License Examination Fund". The fund shall be administered by the department of revenue. Such moneys collected pursuant to subdivisions (1) and (3) of subsection 2 of section 302.720, shall be appropriated to the commercial driver license examination fund after the deposit and distribution pursuant to subsection 2 of section 30(b) of article IV of the Missouri Constitution. Such moneys shall not be counted towards the spending limitations imposed pursuant to subsection 3 of section 226.200, RSMo. Any unexpended balance in the fund at the end of the fiscal year shall be exempt from the provisions of section 33.080, RSMo, relating to the transfer of unexpended balances to the general revenue fund.

2. There shall be created a "Third-Party Commercial Driver License Examination Program" within the department of revenue. The purpose of this program is to certify third-party commercial driver license examination programs and administer compliance requirements of third-party commercial driver license examination programs in the state of Missouri.

3. The director of revenue may annually expend revenues from the commercial driver license fund for administrative costs associated with initial certification and subsequent renewal certification requirements associated with third-party commercial driver license examination programs and determining compliance of all regulations which are required to be adhered to by third-party commercial driver license examination programs in the state of Missouri. Such annual expenditures shall also include any expenses incurred by the superintendent of the highway patrol for functions related to the testing, auditing, retesting, and compliance of commercial driver license third-party examination programs, and the administration of the state CDL testing program.

(1) The director of revenue shall promulgate rules and regulations necessary to administer the certification and compliance programs established pursuant to this section. Any rule promulgated regarding commercial driver license third-party examination certification or compliance shall be promulgated in coordination with the superintendent of the highway patrol.

(2) Any rule promulgated by the director of revenue and the superintendent of the highway patrol regarding compliance requirements for third-party commercial driver license examination programs shall require the superintendent to reexamine a minimum of ten percent of those drivers who have passed the CDL skills examination administered by a certified third-party commercial driver license examination program in the state of Missouri.

4. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo."; and

67.1804. The remaining five commission members shall be designated "at large" and shall not be a representative of the taxicab industry or be the spouse of any such person nor be an individual who has a direct material or financial interest in such industry. If any representative of the taxicab industry resigns or is otherwise unable to serve out the term for which such representative was appointed, a similarly situated representative of the taxicab industry shall be appointed to complete the specified term.

67.1808. The regional taxicab commission is empowered to:

(1) Develop and implement plans, policies, and programs to improve the quality of taxicab service and encourage minority participation within the district;

(2) Cooperate and collaborate with the hotel and restaurant industry to:

- (10) Establish accounts with appropriate banking institutions, borrow money, buy, sell, or lease property for the necessary functions of the commission.**

67.1810. 1. To implement internally the powers which it has been granted, the commission shall:

- (1) Elect its own vice chair, secretary, and such other officers as it deems necessary, make such rules as are necessary and consistent with the commission's powers;**

2. The commission shall not exceed or expend moneys in excess of any fees collected and any moneys provided to the commission pursuant to section 67.1820.

67.1812. Following the appointment of the commissioners, the regional taxicab commission shall meet for the purpose of establishing and adopting a district-wide taxicab code. In promulgating the taxicab code, the commission shall seek, to the extent reasonably practical, to preserve within the code provisions similar to those contained in chapter 8.98 of the city's municipal ordinance and chapter 806 of the county ordinances, both relating to taxicab issues such as licensing, regulation, inspection, and enforcement while avoiding unnecessary overlaps or inconsistencies between the ordinances. The commission shall present a draft of its district-wide taxicab code at public hearings, one of which will be held in the city and another in the county, following prior public notice of same. Notice of the public hearing shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to each hearing in a newspaper of general circulation in the city and county. The commission shall adopt its taxicab code no later than one hundred eighty days after the appointment of the initial commission members. The commission shall have the power to amend the taxicab code from time to time following the initial adoption without the requirement of public notice or hearings.

67.1814. The commission shall further seek the input of the city, county, and airport authority generally regarding the taxicab code and, in particularly with reference to airport taxicabs, shall seek to ensure:

- (1)** Continuous, smooth airport service during any transition period from the current city and county operation to the new regional taxicab commission;
- (2)** The need of the airport authority to provide services at the airport's passenger terminals; and
- (3)** Airport authority involvement as to the servicing of the airport by airport taxicabs.

The commission shall not regulate the airport or airport taxicabs as to cab parking, circulation, cab stands, or passenger loading at the airport, or the payment by airport taxicabs for use of the airport or its facilities.

67.1816. The city and county's ordinances relating to taxicabs shall remain in full force and effect and be enforced as such by the city and county until one hundred twenty days after the regional taxicab commission adopts its taxicab code, at which time such city and county ordinances shall be deemed to be rescinded as well as ordinances adopted by municipalities within the county. Upon the effective date of the taxicab code:

- (1)** All licensing, regulations, inspections, inspections of taxicabs, and enforcement of the taxicab code shall rest exclusively with the regional taxicab commission;
- (2)** All taxicabs subject to the taxicab code shall be required to comply fully with the taxicab code, notwithstanding any previously issued licenses or certificates of convenience;
- (3)** All permits valid and effective as of August 28, 2002, shall remain valid and effective until the date of expiration or renewal of such permit; and
- (4)** All available taxicab licensing, inspection, and related fees previously collected and remaining unspent by other jurisdictions shall be immediately paid over the regional taxicab commission for its future use in administering the taxicab code.

The provisions of this section notwithstanding, existing municipal regulations relating to taxicab curb locations and curb fees as well as local business licenses which do not seek to regulate taxicab use shall not be preempted by the taxicab code except by agreement between the commission and applicable municipality.

67.1818. The commission shall establish as part of the taxicab code its own internal, administrative procedure for decisions involving the granting, denying, suspending, or revoking of licenses. The commission shall study and take into account rate and fee structures as well as the number of existing taxicab licenses within the district in considering new applications for such licenses. The internal procedures set forth in the taxicab code shall allow appeals from license-related decisions to be conducted by independent hearing officers.

67.1820. The regional taxicab commission shall initially establish, subject to public hearings thereon, an annual fee-generated budget required for the effective implementation and enforcement of the taxicab code, taking into account staffing requirements and related expenses as well as all revenue sources, including collection of fees previously paid to and unspent by other enforcing jurisdictions and future fees projected to be collected by the commission. Recognizing the elimination of duties and costs associated with the regulatory and enforcement functions of taxicab administration previously borne by the city and county and being assumed by the commission, the city and county shall have the authority to appropriate additional budgetary funding for the commission's needs.

67.1822. 1. Before the second Monday in April of each year, the regional taxicab commission shall make an annual report to the chief executive officers and to the governing bodies of the city and county stating the conditions of the commission as of the first day of January of that year, and the sums of money received and distributed by it during the preceding calendar year.

2. Before the close of the regional taxicab commission's first fiscal year and at the close of each fiscal year thereafter, the chief executives of the city and the county shall appoint one or more certified public accountants who shall annually examine the books, papers, documents, accounts, and vouchers of the commission, and who shall report thereon to the chief executives of the city and the county and to the regional taxicab commission. The commission shall produce and submit for examination all books, papers, documents, accounts, and vouchers, and shall in every way assist such certified public accountants in the performance of their duties pursuant to this section."; and

HOUSE AMENDMENT NO. 22

Amend House Substitute for House Committee Substitute for Senate Substitute for Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 970, 968, 921, 867, 868, and 738, Page 74, Section 305.230, Line 8, by inserting after said line the following:

"305.700. 1. Sections 305.700 to 305.714 may be cited as the "Missouri Airport Protection Act".

2. As used in sections 305.700 to 305.714, the following terms mean:

(1) "Airport", an area of land or water that is used or intended to be used for the landing and takeoff of aircraft, including buildings, equipment, rights-of-way, property and appurtenant areas, that is open to the public;

(2) "Aviation hazard", any structure, object, or natural growth, or use of land which obstructs the air space required for the flight of aircraft landing or taking off at any airport or is otherwise hazardous to such landing or taking off;

(3) "Commission", the Missouri highways and transportation commission;

- (4) "FAA", the Federal Aviation Administration or its successor agency;**
- (5) "Obstruction", any structure natural or man made, penetrating the navigable airspace as defined in the standards for determining obstructions and navigable airspace in section 305.704;**
- (6) "Permit", an airport structure permit issued by the commission pursuant to sections 305.700 to 305.714;**
- (7) "Person", an individual, firm, partnership, corporation, association or political subdivision. Person includes a trustee, receiver, assignee or other similar representative of a person;**
- (8) "Public airport", an airport open to the public and eligible for public funding;**
- (9) "Structure", an object constructed or installed including, but not limited to, a building, tower, antenna, smokestack or overhead transmission line.**

305.702. 1. The general assembly finds an aviation hazard endangers the lives and property of users of an airport and of occupants of land in its vicinity, and in effect reduces the size of the area available for landing, taking off and maneuvering of aircraft, thus tending to destroy or impair the utility of an airport and the public investment therein. Certain structures are hazardous to aircraft in flight because of their height or location, especially during periods of reduced visibility and darkness. Structures determined to be hazards are not in the interest of public health, public safety or the general welfare of the people of Missouri.

2. The commission shall establish an airspace review and permit process to regulate structures that may be erected in proximity to public airports of the state and to ensure that they do not interfere with air navigation.

305.704. 1. A permit shall be required before erecting, adding to or replacing any structure:

(1) Within twelve thousand feet of the midpoint of the primary runway and one hundred feet or higher above the elevation of the public airport;

(2) Between twelve thousand one feet and seventeen thousand feet of the midpoint of the primary runway and one hundred fifty feet or higher above the elevation of the public airport.

2. The permit application shall include as a minimum the location of the airport, including latitude and longitude, ground elevation and maximum height of the proposed structure and the distance to, direction from, and elevation of the nearest airport runway. The application will also include a 7.5 minute quadrangle topographical map showing the location of the proposed structure and copies of any application for or determinations from a FAA Form 7460-1, or other applicable federal airspace review form, if required.

3. The application shall be presented by mail or in person to the aviation section of the commission at least thirty days prior to the date of the proposed construction. It is not necessary that ownership of, option for or other possessor right to a specific location site be held by the applicant before the application for a permit is filed with the commission. The commission shall act upon such applications within a reasonable time.

4. No application for a permit shall be required for the emergency repair or replacement of public utility, rural electric cooperative or federally licensed radio or television structures, other than buildings, to ensure continuity of proper customer service, when the height of such structures is not increased by such emergency repair or replacement.

5. Nothing in sections 305.700 to 305.714 shall be construed as prohibiting the construction or maintenance of any structure or growth up to one hundred feet in height above the surface of the land.

6. This section shall not apply to, nor is an application for a permit required, when local aviation hazard zoning or regulation is equal to or more restrictive than this section. If such zoning or regulation is more restrictive, local zoning or regulation supersedes sections 305.700 to 305.714. Nothing contained in this section shall prevent

any political subdivision from adopting more restrictive requirements for structures within its jurisdiction.

305.706. 1. The commission shall investigate all permit applications that meet the criteria contained in section 305.704 and as necessary to process the application properly pursuant to sections 305.700 to 305.714. The investigation shall consider the safety and welfare of persons and property in the air and on the ground.

2. The commission may approve an application for a temporary structure that will be in existence for such a short duration that it will no longer occupy the same airspace at the time a formal application can be considered by the commission. Such approval may be granted only if it is evident that the proposed temporary structure will not adversely affect the safety of air navigation.

3. In cases where the FAA has determined that an aeronautical study is needed, the commission will withhold permit approval until the FAA has completed its study. Sufficient grounds for denial of a permit include objection or determination of a hazard by the FAA, violation of a federal aviation regulation, raising of established approach or vectoring minimums. Considering all information supplied by the applicant and other pertinent information available, the commission shall make a determination to approve or deny the permit within a reasonable time.

305.708. If the application is approved by the commission, a permit shall be issued to the applicant. If, upon investigation, the commission determines that a permit should be denied or that the height or location should be other than applied for, the commission shall notify the applicant in writing. The notification may be sent by first class mail to the applicant at the address specified in the application. The determination is final thirty days after notification of the determination is served, unless the applicant, within the thirty-day period, appeals the determination in writing to the commission and requests a hearing. Such hearing shall be conducted pursuant to section 305.712.

305.710. 1. A permit shall specify any obstruction markings, lighting or other visual or aural identification required to be installed on or in the vicinity of the structure, if any. The identification characteristics shall be in accordance with federal laws and regulations. All obstruction lights required pursuant to this section shall be maintained in an operable condition.

2. If ordered by the commission, the owner of a nonconforming structure that is permanently out of service or partially dismantled, destroyed, deteriorated or decayed shall demolish or remove that structure at the owner's expense.

305.712. 1. An appeal hearing pursuant to this section shall be conducted within forty-five days of the appeal request and shall be open to the public. Any person interested may appear and be heard either in person or by counsel and may present evidence and testimony. The review board for such appeal shall be made up of two representatives from the commission, two members from the state aviation advisory committee, and one member from the closest airport as affected by the site where the structure is proposed. If the proposed structure is associated with a telecommunications tower or antenna, two representatives from the Missouri Telecommunications Industry Association shall also be on the review board. The findings of the review board on any appeal of an application shall be considered to be the final administrative action.

2. Within thirty days after the issuance of an order by the commission, a person aggrieved by the order may appeal to the review board in subsection 1 of this section, or have the action of the commission reviewed by the circuit court in the manner provided for the review of orders of other administrative bodies of this state. A decision of the review board pursuant to subsection 1 of this section may also be appealed pursuant to this subsection.

305.714. 1. The commission shall adopt and promulgate, and may from time to time amend or rescind, reasonable rules and fees for the administration of sections 305.700 to 305.714. The commission shall prescribe and furnish forms necessary for the administration of sections 305.700 to 305.714.

2. The commission shall determine whether violations of sections 305.700 to 305.714, or any rules promulgated

pursuant to sections 305.700 to 305.714 have occurred or are threatened. A notification of a violation or threat of violation shall be sent by certified mail, to the person who owns or controls the structure or land in violation thereof. The notice shall state the location, type of structure and the reasons the structure is or would be in violation of such sections or such regulations. The person shall be requested to correct the violation within thirty days of the notice or show cause to the commission why compliance should not be enforced.

3. The person to whom the notice is directed pursuant to this section may show cause why enforcement should be withheld by filing a written request for a hearing. Such hearing shall be conducted pursuant to section 305.712. Such request shall state, if applicable, facts sufficient to show:

(1) The structure is not an obstruction as defined by section 305.700 to 305.714 or any rules promulgated pursuant to sections 305.700 to 305.714;

(2) The structure is in the airspace of the airport, but it is not an obstruction to the safety of air navigation; and

(3) Any other facts the petitioner deems relevant that would relieve him or her from the terms of the order, including a request for an extension of time to remove the structure.

4. The commission may order action be instituted in the appropriate court of jurisdiction for the enforcement of applicable statutes, rules, regulations, and orders issued pursuant to sections 305.700 to 305.714 and shall investigate violations or threats of violation of sections 305.700 to 305.714 or rules promulgated pursuant to sections 305.700 to 305.714. Any person seeking judicial review of any such statute or rule shall be deemed to have exhausted all administrative review procedures.

5. In addition to any other remedy, the commission may institute in a court of competent jurisdiction an action to enjoin, restrain, correct or abate a violation of sections 305.700 to 305.714 or rules promulgated pursuant to sections 305.700 to 305.714.

6. Sections 305.700 to 305.714, or any rule promulgated pursuant to sections 305.700 to 305.714, shall not be construed to require the removal, lowering or other change or alteration of any structure not conforming to sections 305.700 to 305.714, or any rule promulgated pursuant to such sections, prior to August 28, 2001, or as otherwise interfere with the continuance of any nonconforming use. Sections 305.700 to 305.714, or any rule promulgated pursuant to such sections, shall not require any change in the construction, alteration or intended use of any structure, provided that such construction or alteration was begun prior to August 28, 2001, and is diligently prosecuted after August 28, 2001.

7. No rule or portion of a rule promulgated pursuant to sections 305.700 to 305.714 shall take effect unless such rule has been promulgated pursuant to chapter 536, RSMo.

Section 1. The Commission is prohibited from expending funds, which are presumed for or dedicated to highway use as described in Chapter 142, in the enforcement of sections 305.700 to 305.714."; and

Amend House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 970, 968, 921, 867, 868 and 738, by inserting in the appropriate location the following:

"436.300. Notwithstanding any other law to the contrary, all parties to any contract or agreement for private construction work that is between any owner and any contractor, or between any contractor and any subcontractor, or between any subcontractor and any sub-subcontractor, or any supplier at whatever tier for construction, reconstruction, maintenance, alteration, or repair for a private owner of any building, improvement, structure, private road, appurtenance, or appliance, including moving, demolition, or any excavating connected therewith, shall make payment in accordance with the terms of such contract or agreement, provided such terms are not inconsistent with the provisions of sections 436.300 to 436.336.

436.303. A contract or agreement may include a provision for the retainage of a portion of any payment due from the owner to the contractor, not to exceed ten percent of the amount of such payment due pursuant to the contract or agreement, to ensure the proper performance of the contract or agreement, provided that the contract may provide that if the contractor's performance is not in accordance with the terms of the contract or agreement, the owner may retain additional sums to protect the owner's interest in satisfactory performance of the contract or agreement. The amount or amounts so retained by the owner shall be referred to in sections 436.300 to 436.336 as "retainage", and shall be held by the owner in trust for the benefit of the contractor and contractor's subcontractors, sub-subcontractors, and suppliers at whatever tier who are not in default, in proportion to their respective interests. Such retainage shall be subject to the conditions and limitations listed in section 436.300 to 436.336.

436.306. 1. The contractor may tender to the owner acceptable substitute security as set forth in section 436.312 with a written request for release of retainage in the amount of the substitute security. The contractor shall thereupon either:

- (1) Be entitled to receive cash payment of retainage pursuant to this section; or
- (2) Not be subject to the withholding of retainage, in either case, to the extent of the security tendered, provided

that the contractor is not in default of its agreement with the owner.

2. If the tender described in subsection 1 of this section is made after retainage has been withheld, the owner shall, within five working days after receipt of the tender, pay to the contractor the withheld retainage to the extent of the substitute security. If the tender described in subsection 1 of this section is made before retainage has been withheld, the owner shall, to the extent of the substitute security, refrain from withholding any retainage from the future payments.

436.309. A subcontractor of the contractor may tender to the contractor acceptable substitute security as set forth in section 436.312 with a written request for release of retainage in the amount of the substitute security. The contractor shall tender the subcontractor's substitute security to the owner with a like request, pursuant to the provisions of section 436.306. Provided that the subcontractor is not in default of its agreement with the contractor, the contractor shall pay over to the subcontractor, within five working days after receipt, any accumulated retainage paid by the owner to the contractor on account of substitute security tendered by the subcontractor, except that the contractor shall not be required to pay over retainage in excess of the amount properly attributable to work completed by the subcontractor at the time of payment. Provided that the subcontractor is not in default of its agreement with the contractor, the contractor shall refrain from withholding retainage from payments to the subcontractor to the extent the owner has refrained from withholding retainage from payments to the contractor on account of the subcontractor's substituted security. The subcontractor shall be entitled to receive, upon receipt by the contractor, all income received by the contractor from the owner on account of income producing securities deposited by the subcontractor as substitute security. Except as otherwise provided in this section, the contractor shall have no obligation to collect or pay to a subcontractor retainage on account of substitute security tendered by the subcontractor.

436.312. 1. The following shall constitute acceptable substitute security for purposes of sections 436.306 and 436.309:

- (1) Certificates of deposit drawn and issued by a national banking association located in this state or by any banking corporation incorporated pursuant to the laws of this state; and mutually agreeable to the project owner and the contractor or subcontractor, in the amount of the retainage released. If the letter of credit is not renewed at least sixty days before the expiration of the letter of credit, the owner may draw upon the letter of credit regardless of the contractor's or subcontractor's performance for an amount equal to or no greater than the value of the amount of work remaining to be performed by the contractor or subcontractor.
- (2) A retainage bond naming the owner as obligee issued by any surety company authorized to issue surety bonds in this state in the amount of the retainage released; or
- (3) An irrevocable and unconditional letter of credit in favor of the owner, issued by a national banking association located in this state or by any banking corporation incorporated pursuant to the laws of this state, in the amount of the retainage released.

2. The contractor shall be entitled to receive, in all events, all interest and income earned on any securities deposited by the contractor in substitution for retainage.

436.315. A contractor shall not withhold from any subcontractor any retainage in excess of the retainage withheld from the contractor by the owner for the subcontractor's work, unless the subcontractor's performance is not in accordance with the terms of the subcontract, in which case, subject to the terms of the subcontract, the contractor may retain additional sums to ensure the subcontractor's satisfactory performance of the subcontract.

436.318. Upon the release of retainage by the owner to the contractor, other than for substituted security pursuant to sections 436.306 and 436.312, the contractor shall pay to each subcontractor the subcontractor's ratable share of the retainage released, provided that all conditions of the subcontract for release of retainage to the subcontractor have been satisfied.

436.321. If it is determined that a subcontractor's performance has been satisfactorily and substantially completed and the subcontractor can be released prior to substantial completion of the entire project without risk to the owner involving the subcontractor's work, the contractor shall request such adjustment in retainage, if any, from the owner as necessary to enable the contractor to pay the subcontractor in full or in proportion to the amount of work that has been satisfactorily and substantially completed on the project, and the owner shall as part of the next contractual payment cycle release the subcontractor's retainage to the contractor, who shall in turn as part of the next contractual payment cycle release such retainage as is due the subcontractor.

436.324. Within thirty days of the project reaching substantial completion, as defined in section 436.327, all retainage or substitute security shall be released by the owner to the contractor less an amount equal to one hundred fifty percent of the costs to complete any remaining items. Upon receipt of such retainage from the owner, the contractor shall within seven days release to each subcontractor that subcontractor's share of the retainage.

436.327. The project shall be deemed to have reached substantial completion upon the occurrence of the earlier of one of the following events:

- (1) The architect or engineer issues a certificate of substantial completion;**
- (2) The applicable governmental agency issues a use or occupancy permit; or**
- (3) The owner begins to use or could have begun to use the project for its intended purpose.**

436.330. Subcontractors and sub-subcontractors of every tier shall comply with the provisions of sections 436.300 to 436.336 in their relations with their sub-subcontractors and suppliers and shall be bound by the same obligations to their sub-subcontractors and suppliers as contractors are to their subcontractors.

436.333. A contract or agreement formed after August 28, 2002, shall be unenforceable to the extent that its provisions are inconsistent with sections 436.300 to 436.336. If retainage is withheld in violation of sections 436.300 to 436.360, a court may, in addition to any other award for damages, award interest at the rate of up to one and one-half percent per month from the date of such wrongful or improper withholding of retainage. In any action brought to enforce sections 436.300 to 436.336, a court may award reasonable attorney's fees to the prevailing party. If the parties elect to resolve the dispute by arbitration pursuant to section 436.350, the arbitrator may award any remedy that a court is authorized to award.

436.336. Sections 436.300 to 436.336 shall apply to contracts and agreements entered into after August 28, 2002. The foster parents may ask questions about the child's case plan, encourage a placement or refuse a placement without reprisal from the caseworker or agency. After a placement, the division of family services shall update the foster parents as new information about the child is gathered. Foster parents shall be informed of upcoming meetings and staffings, and shall be allowed to participate, consistent with section 210.761. The division of family services shall establish reasonably accessible respite care for children in foster care for short periods of time, jointly determined by foster parents and the child's caseworker pursuant to section 210.545.

Foster parents shall follow all procedures defined by the division of family services for requesting and using respite care.

The division of family services shall allow foster parents to help plan visitation between the child and the child's biological family.

(2) Foster parents shall provide care that is respectful of the child's cultural identity and needs. Foster parents shall recognize that the purpose of discipline is to teach and direct the behavior of the child, and ensure that it is administered in a humane and sensitive manner. Recognizing that visitation with family members is an important right, foster parents shall be flexible and cooperative in regard to family visits.

4. (1) Consistent with state laws and regulations, the state may provide, upon request by the foster parents, information about a child's progress after the child leaves foster care. Except in emergencies, foster parents shall be given advance notice consistent with division policy, and a written statement of the reasons before a child is removed from their care. If a child re-enters the foster care system, the child's foster parents shall be considered as a placement option. SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1443, Page 3, Section 192.016, Line 14 of said page, by inserting after all of said line the following:

"210.145. 1. The division shall establish and maintain an information system operating at all times, capable of receiving and maintaining reports. This information system shall have the ability to receive reports over a single, statewide toll-free number. Such information system shall maintain the results of all investigations, family assessments and services, and other relevant information.

2. Upon receipt of a report, the division shall immediately communicate such report to its appropriate local office and any relevant information as may be contained in the information system. The local division staff shall determine, through the use of protocols developed by the division, whether an investigation or the family assessment and services approach should be used to respond to the allegation. The protocols developed by the division shall give priority to ensuring the well-being and safety of the child.

3. The local office shall contact the appropriate law enforcement agency immediately upon receipt of a report which division personnel determine merits an investigation, or, which, if true, would constitute a suspected violation of any of the following: section 565.020, 565.021, 565.023, 565.024 or 565.050, RSMo, if the victim is a child less than eighteen years of age, section 566.030 or 566.060, RSMo, if the victim is a child less than eighteen years of age, or

other crime under chapter 566, RSMo, if the victim is a child less than eighteen years of age and the perpetrator is twenty-one years of age or older, section 567.050, RSMo, if the victim is a child less than eighteen years of age, section 568.020, 568.030, 568.045, 568.050, 568.060, 568.080, or 568.090, RSMo, section 573.025, 573.037 or 573.045, RSMo, or an attempt to commit any such crimes. The local office shall provide such agency with a detailed description of the report received. In such cases the local division office shall request the assistance of the local law enforcement agency in all aspects of the investigation of the complaint. The appropriate law enforcement agency shall either assist the division in the investigation or provide the division, within twenty-four hours, an explanation in writing detailing the reasons why it is unable to assist.

4. The local office of the division shall cause an investigation or family assessment and services approach to be initiated immediately or no later than within twenty-four hours of receipt of the report from the division, except in cases where the sole basis for the report is educational neglect. If the report indicates that educational neglect is the only complaint and there is no suspicion of other neglect or abuse, the investigation shall be initiated within seventy-two hours of receipt of the report. If the report indicates the child is in danger of serious physical harm or threat to life, an investigation shall include direct observation of the subject child within twenty-four hours of the receipt of the report. Local law enforcement shall take all necessary steps to facilitate such direct observation. When the child is reported absent from the residence, the location and the well-being of the child shall be verified.

5. The director of the division shall name at least one chief investigator for each local division office, who shall direct the division response on any case involving a second or subsequent incident regarding the same subject child or perpetrator. The duties of a chief investigator shall include verification of direct observation of the subject child by the division and shall ensure information regarding the status of an investigation is provided to the public school district liaison. The public school district liaison shall develop protocol in conjunction with the chief investigator to ensure information regarding an investigation is shared with appropriate school personnel. The public school district liaison shall be designated by the superintendent of each school district. Should the subject child attend a nonpublic school the chief investigator shall notify the school principal of the investigation.

6. The investigation shall include but not be limited to the nature, extent, and cause of the abuse or neglect; the identity and age of the person responsible for the abuse or neglect; the names and conditions of other children in the home, if any; the home environment and the relationship of the subject child to the parents or other persons responsible for the child's care; any indication of incidents of physical violence against any other household or family member; and other pertinent data.

7. When a report has been made by a person required to report under section 210.115, the division shall contact the person who made such report within forty-eight hours of the receipt of the report in order to ensure that full information has been received and to obtain any additional information or medical records, or both, that may be pertinent.

8. Upon completion of the investigation, if the division suspects that the report was made maliciously or for the purpose of harassment, the division shall refer the report and any evidence of malice or harassment to the local prosecuting or circuit attorney.

9. Multidisciplinary teams shall be used whenever conducting the investigation as determined by the division in conjunction with local law enforcement. Multidisciplinary teams shall be used in providing protective or preventive social services, including the services of law enforcement, a liaison of the local public school, the juvenile officer, the juvenile court, and other agencies, both public and private.

10. If the appropriate local division personnel determine after an investigation has begun that completing an investigation is not appropriate, the division shall conduct a family assessment and services approach. The division shall provide written notification to local law enforcement prior to terminating any investigative process. The reason for the termination of the investigative process shall be documented in the record of the division and the written notification submitted to local law enforcement. Such notification shall not preclude nor prevent any investigation by law enforcement.

11. If the appropriate local division personnel determines to use a family assessment and services approach, the

division shall:

- (1) Assess any service needs of the family. The assessment of risk and service needs shall be based on information gathered from the family and other sources;
- (2) Provide services which are voluntary and time-limited unless it is determined by the division based on the assessment of risk that there will be a high risk of abuse or neglect if the family refuses to accept the services. The division shall identify services for families where it is determined that the child is at high risk of future abuse or neglect. The division shall thoroughly document in the record its attempt to provide voluntary services and the reasons these services are important to reduce the risk of future abuse or neglect to the child. If the family continues to refuse voluntary services or the child needs to be protected, the division may commence an investigation;
- (3) Commence an immediate investigation if at any time during the family assessment and services approach the division determines that an investigation, as delineated in sections 210.109 to 210.183, is required. The division staff who have conducted the assessment may remain involved in the provision of services to the child and family;
- (4) Document at the time the case is closed, the outcome of the family assessment and services approach, any service provided and the removal of risk to the child, if it existed.

12. Within thirty days of an oral report of abuse or neglect, the local office shall update the information in the information system. The information system shall contain, at a minimum, the determination made by the division as a result of the investigation, identifying information on the subjects of the report, those responsible for the care of the subject child and other relevant dispositional information. The division shall complete all investigations within thirty days, unless good cause for the failure to complete the investigation is documented in the information system. If the investigation is not completed within thirty days, the information system shall be updated at regular intervals and upon the completion of the investigation. The information in the information system shall be updated to reflect any subsequent findings, including any changes to the findings based on an administrative or judicial hearing on the matter.

13. A person required to report under section 210.115 to the division shall be informed by the division of his right to obtain information concerning the disposition of his or her report. Such person shall receive, from the local office, if requested, information on the general disposition of his or her report. A person required to report to the division pursuant to section 210.115 may receive, if requested, findings and information concerning the case. Such release of information shall be at the discretion of the director based upon a review of the mandated reporter's ability to assist in protecting the child or the potential harm to the child or other children within the family. The local office shall respond to the request within forty-five days. The findings shall be made available to the mandated reporter within five days of the outcome of the investigation.

14. In any judicial proceeding involving the custody of a child the fact that a report may have been made pursuant to sections 210.109 to 210.183 shall not be admissible. However, nothing in this subsection shall prohibit the introduction of evidence from independent sources to support the allegations that may have caused a report to have been made.

15. In any judicial proceeding involving the custody of a child where the court determines that the child is in need of services pursuant to subdivision (d) of subsection 1 of section 211.031, RSMo, and has taken jurisdiction, the child's parent, guardian or custodian shall not be entered into the registry.

16. The division of family services is hereby granted the authority to promulgate rules and regulations pursuant to the provisions of section 207.021, RSMo, and chapter 536, RSMo, to carry out the provisions of sections 210.109 to 210.183.

[16.] **17.** Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void."; and

Further amend said bill, Page 7, Section 210.950, Line 7 of said page, by inserting after all of said line the following:

"211.031. 1. Except as otherwise provided in this chapter, the juvenile court or the family court in circuits that have a family court as provided in sections 487.010 to 487.190, RSMo, shall have exclusive original jurisdiction in proceedings:

3. (1) Consistent with state laws and regulations, the state may provide, upon request by the foster parents, information about a child's progress after the child leaves foster care. Except in emergencies, foster parents shall be given advance notice consistent with division policy, and a written statement of the reasons before a child is removed from their care. If a child re-enters the foster care system, the child's foster parents shall be considered as a placement option. If a child becomes free for adoption while in foster care, the child's foster family shall be given preferential consideration as adoptive parents consistent with section 453.070, RSMo.

(2) Confidentiality rights of the child and the child's parents shall be respected and maintained. Foster parents shall inform the child's caseworker of their interest if a child re-enters the system. If a foster child becomes free for adoption and the foster parents desire to adopt the child, they shall inform the caseworker in a timely manner. If they do not choose to pursue adoption, foster parents shall make every effort to support and encourage the child's placement in a permanent home. When requesting removal of a child from their home, foster parents shall give reasonable advance notice, consistent with division policy, to the child's caseworker, except in emergency situations.

4. (1) Foster parents shall be informed by the court in a timely manner of all court hearings pertaining to a child in their care, and informed of their right to attend and participate, consistent with section 211.464, RSMo.

67.1804. For the regional taxicab district, there is hereby established a "Regional Taxicab Commission", which shall be a body politic and corporate vested with all the powers expressly granted to it herein and created for the public purposes of recognizing taxicab service as a public transportation system, improving the quality of the system, and exercising primary authority over the provision of licensing, control and regulations of taxicab services within the district.

The regional taxicab commission shall consist of a chairperson plus eight members, four of whom shall be appointed by the chief executive of the city with approval of the board of aldermen, and four of whom shall be appointed by the chief executive of the county with approval of the governing body of the county. Of the eight members first appointed, one city appointee and one county appointee shall be appointed to a four-year term, two city appointees and two county appointees shall be appointed to a three-year term, and one city appointee and one county appointee shall be appointed to a one-year term. If any representative of the taxicab industry resigns or is otherwise unable to serve out the term for which such representative was appointed, a similarly situated representative of the taxicab industry shall be appointed to complete the specified term.

67.1808. The regional taxicab commission is empowered to:

- (1) Develop and implement plans, policies, and programs to improve the quality of taxicab service within the district;**
- (2) Cooperate and collaborate with the hotel and restaurant industry to:**

- (10) Establish accounts with appropriate banking institutions, borrow money, buy, sell, or lease property for the necessary functions of the commission.**

67.1810. 1. To implement internally the powers which it has been granted, the commission shall:

- (1) Elect its own vice chair, secretary, and such other officers as it deems necessary, make such rules as are necessary and consistent with the commission's powers;**

(2) Provide for the expenditure of funds necessary for the proper administration of the commission's assigned duties;

(3) Convene monthly meetings of the entire commission or more often if deemed necessary by the commission members;

(4) Make decisions by affirmative vote of the majority of the commission; provided that each of the commissioners, including the chairperson, shall be entitled to one vote on each matter presented for vote and provided further that at least two city appointees and two county appointees, excluding the chairperson, must be included in each majority vote of the commission.

2. The commission shall not exceed or expend moneys in excess of any fees collected and any moneys provided to the commission pursuant to section 67.1820.

67.1812. Following the appointment of the commissioners, the regional taxicab commission shall meet for the purpose of establishing and adopting a district-wide taxicab code. In promulgating the taxicab code, the commission shall seek, to the extent reasonably practical, to preserve within the code provisions similar to those contained in chapter 8.98 of the city's municipal ordinance and chapter 806 of the county ordinances, both relating to taxicab issues such as licensing, regulation, inspection, and enforcement while avoiding unnecessary overlaps or inconsistencies between the ordinances. The commission shall present a draft of its district-wide taxicab code at public hearings, one of which will be held in the city and another in the county, following prior public notice of same. Notice of the public hearing shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to each hearing in a newspaper of general circulation in the city and county. The commission shall adopt its taxicab code no later than one hundred eighty days after the appointment of the initial commission members. The commission shall have the power to amend the taxicab code from time to time following the initial adoption without the requirement of public notice or hearings.

67.1814. The commission shall further seek the input of the city, county, and airport authority generally regarding the taxicab code and, in particularly with reference to airport taxicabs, shall seek to ensure:

(1) Continuous, smooth airport service during any transition period from the current city and county operation to the new regional taxicab commission;

(2) The need of the airport authority to provide services at the airport's passenger terminals; and

(3) Airport authority involvement as to the servicing of the airport by airport taxicabs.

The commission shall not regulate the airport or airport taxicabs as to cab parking, circulation, cab stands, or passenger loading at the airport, or the payment by airport taxicabs for use of the airport or its facilities.

67.1816. The city and county's ordinances relating to taxicabs shall remain in full force and effect and be enforced as such by the city and county until one hundred twenty days after the regional taxicab commission adopts its taxicab code, at which time such city and county ordinances shall be deemed to be rescinded as well as ordinances adopted by municipalities within the county. Upon the effective date of the taxicab code:

(1) All licensing, regulations, inspections, inspections of taxicabs, and enforcement of the taxicab code shall rest exclusively with the regional taxicab commission;

(2) All taxicabs subject to the taxicab code shall be required to comply fully with the taxicab code, notwithstanding any previously issued licenses or certificates of convenience;

(3) All permits valid and effective as of August 28, 2002, shall remain valid and effective until the date of expiration or renewal of such permit; and

(4) All available taxicab licensing, inspection, and related fees previously collected and remaining unspent by other jurisdictions shall be immediately paid over the regional taxicab commission for its future use in administering the taxicab code.

The provisions of this section notwithstanding, existing municipal regulations relating to taxicab curb locations and curb fees as well as local business licenses which do not seek to regulate taxicab use shall not be preempted by the taxicab code except by agreement between the commission and applicable municipality.

67.1818. The commission shall establish as part of the taxicab code its own internal, administrative procedure for decisions involving the granting, denying, suspending, or revoking of licenses. The commission shall study and take into account rate and fee structures as well as the number of existing taxicab licenses within the district in considering new applications for such licenses. The internal procedures set forth in the taxicab code shall allow appeals from license-related decisions to be conducted by independent hearing officers.

67.1820. The regional taxicab commission shall initially establish, subject to public hearings thereon, an annual fee-generated budget required for the effective implementation and enforcement of the taxicab code, taking into account staffing requirements and related expenses as well as all revenue sources, including collection of fees previously paid to and unspent by other enforcing jurisdictions and future fees projected to be collected by the commission. Recognizing the elimination of duties and costs associated with the regulatory and enforcement functions of taxicab administration previously borne by the city and county and being assumed by the commission, the city and county shall have the authority to appropriate additional budgetary funding for the commission's needs.

67.1822. 1. Before the second Monday in April of each year, the regional taxicab commission shall make an annual report to the chief executive officers and to the governing bodies of the city and county stating the conditions of the commission as of the first day of January of that year, and the sums of money received and distributed by it during the preceding calendar year.

2. Before the close of the regional taxicab commission's first fiscal year and at the close of each fiscal year thereafter, the chief executives of the city and the county shall appoint one or more certified public accountants who shall annually examine the books, papers, documents, accounts, and vouchers of the commission, and who shall report thereon to the chief executives of the city and the county and to the regional taxicab commission. The commission shall produce and submit for examination all books, papers, documents, accounts, and vouchers, and shall in every way assist such certified public accountants in the performance of their duties pursuant to this section."; and

Further amend the title and enacting clause accordingly.

326.283. 1. (1) An individual whose principal place of business is not in this state and has a valid designation to practice public [accountancy] **accounting** from any state which the board has determined by rule to be in substantial equivalence with the licensure requirements of sections 326.250 to 326.331, or if the individual's qualifications are substantially equivalent to the licensure requirements of sections 326.250 to 326.331, shall be presumed to have qualifications substantially equivalent to this state's requirements and shall have all the privileges of licensees of this state, provided the individual shall notify the board of his or her intent to engage in the practice of accounting with a client within this state whether in person, by electronic or technological means, or any other manner. The board by rule may require individuals to obtain a license.

(2) Any individual of another state exercising the privilege afforded pursuant to this section consents as a condition of the grant of this privilege to:

(a) The personal and subject matter jurisdiction and disciplinary authority of the board;

(b) Comply with this chapter and the board's rules; and

(c) The appointment of the state board which issued the individual's license as his or her agent upon whom process may be served in any action or proceeding by this board against the individual.

(3) Nothing in this section shall prohibit temporary practice in this state for professional business incidental to a CPA's regular practice outside this state. "Temporary practice" means that practice which is a continuation or extension of an engagement for a client located outside this state, which engagement began outside this state and extends into this state through common ownership, existence of a subsidiary, assets or other operations located within this state.

2. A licensee of this state offering or rendering services or using his or her certified public accountant title in another state shall be subject to disciplinary action in this state for an act committed in another state for which the licensee would be subject to discipline for an act committed in the other state. Notwithstanding the provisions of section 326.274 to the contrary, the board may investigate any complaint made by the board of accountancy of another state.

326.286. 1. The board may grant or renew licenses to persons who make application and demonstrate that[:

(1)] their qualifications, including the qualifications prescribed by section 326.280, are in accordance with this section[; or

(2) They are eligible under the substantial equivalency standard pursuant to subsection 1 of section 326.283].

2. Licenses shall be initially issued and renewed for periods of not more than three years and shall expire on the renewal date following issuance or renewal. Applications for licenses shall be made in such form, and in the case of applications for renewal, between such dates, as the board by rule shall specify. Application and renewal fees shall be determined by the board by rule.

3. With regard to applicants that do not qualify for reciprocity [under] **pursuant to subsection 1 of this section, or a provisional license through** the substantial equivalency standard set out in subsection 1 of section 326.283, the board may issue a license to an applicant upon a showing that:

(1) The applicant passed the examination required for issuance of the applicant's certificate with grades that would have been passing grades at the time in this state;

(2) The applicant had four years of experience outside of this state of the type described in subdivision (6) of subsection 1 of section 326.280 or meets equivalent requirements prescribed by the board by rule, after passing the examination upon which the applicant's license was based and within the ten years immediately preceding the application; and

(3) If the applicant's certificate, license or permit was issued more than four years prior to the application for issuance of a license pursuant to this section, the applicant has fulfilled the requirements of continuing professional education that would have been applicable pursuant to subsection 6 of this section.

4. As an alternative to the requirements of subsection 3 of this section, a certified public accountant licensed by another state who establishes a principal place of business in this state shall request the issuance of a license from the board prior to establishing the principal place of business. The board may issue a license to the person who obtains verification from the NASBA National Qualification Appraisal Service that the individual's qualifications are substantially equivalent to the licensure requirements of sections 326.250 to 326.331.

5. An application pursuant to this section may be made through the NASBA Qualification Appraisal Service.

6. For renewal of a license pursuant to this section, each licensee shall participate in a program of learning designed to maintain professional competency. The program of learning shall comply with rules adopted by the board. Licensees granted an exception by the board shall place the word "inactive" adjacent to their certified public accountant title on any business card, letterhead or any other document or device, except their certified public accountant certificate, on which their certified public accountant title appears.

7. Applicants for initial issuance or renewal of licenses pursuant to this section shall list all states in which they have applied for or hold certificates, licenses or permits and list any past denial, revocation or suspension or any discipline of a certificate, license or permit. Each holder of or applicant for a license shall notify the board in writing within thirty days after its occurrence of any issuance, denial, revocation or suspension or any discipline of a certificate, license or permit by another state.

8. The board may issue a license to a holder of a substantially equivalent foreign designation, provided that:

(1) The foreign authority which granted the designation makes similar provisions to allow a person who holds a valid license issued by this state to obtain such foreign authority's comparable designation; and

(2) The foreign designation:

(a) Was duly issued by a foreign authority that regulates the practice of public [accountancy] **accounting** and the foreign designation has not expired or been revoked or suspended;

9. An applicant pursuant to subsection 8 of this section shall list all jurisdictions, foreign and domestic, in which the applicant has applied for or holds a designation to practice public [accountancy] **accounting**. Each holder of a license issued pursuant to this subsection shall notify the board in writing within thirty days after its occurrence of any issuance, denial, revocation, suspension or any discipline of a designation or commencement of a disciplinary or enforcement action by any jurisdiction.

10. The board has the sole authority to interpret the application of the provisions of subsections 8 and 9 of this section.

[11. The board shall require by rule as a condition for renewal of a license by any licensee who performs review or

A firm shall hold a permit issued pursuant to this section to provide attest, review or compilation services or to use the title certified public accountant or certified public accounting firm.

2. Permits shall be initially issued and renewed for periods of not more than three years or for a specific period as prescribed by board rule following issuance or renewal.

3. The board shall determine by rule the form for application and renewal of permits and shall annually determine the fees for permits and their renewals.

4. An applicant for initial issuance or renewal of a permit to practice pursuant to this section shall be required to show that:

(1) Notwithstanding any other provision of law to the contrary, a simple majority of the ownership of the firm, in terms of financial interests and voting rights of all partners, officers, principals, shareholders, members or managers, belongs to licensees who are licensed in some state, and the partners, officers, principals, shareholders, members or managers, whose principal place of business is in this state and who perform professional services in this state are licensees pursuant to section 326.280 or the corresponding provision of prior law. Although firms may include nonlicensee owners, the firm and its ownership shall comply with rules promulgated by the board;

(2) Any certified public accounting firm may include owners who are not licensees, provided that:

(a) The firm designates a licensee of this state who is responsible for the proper registration of the firm and identifies that individual to the board;

(c) The firm complies with other requirements as the board may impose by rule;

(3) Any licensee, **initially licensed on or after August 28, 2001**, who is responsible for supervising attest[, review or compilation] services, or signs or authorizes someone to sign the licensee's report on the financial statements on behalf of the firm, shall meet competency requirements as determined by the board by rule which shall include one year of experience in addition to the experience required pursuant to subdivision (6) of subsection 1 of section 326.280 and shall be verified by a licensee. The additional experience required by this subsection shall include experience in attest work supervised by a licensee;

(4) Any licensee who is responsible for supervising review services or signs or authorizes someone to sign review reports shall meet the competency requirements as determined by board by rule which shall include experience in review services.

5. An applicant for initial issuance or renewal of a permit to practice shall register each office of the firm within this state with the board and show that all attest, review and compilation services rendered in this state are under the charge of a licensee.

6. No licensee or firm holding a permit pursuant to this chapter shall use a professional or firm name or designation that is misleading as to:

- (1) The legal form of the firm;
- (2) The persons who are partners, officers, members, managers or shareholders of the firm; or
- (3) Any other matter.

The names of one or more former partners, members or shareholders may be included in the name of a firm or its successor unless the firm becomes a sole proprietorship because of the death or withdrawal of all other partners, officers, members or shareholders. A firm may use a fictitious name if the fictitious name is registered with the board and is not otherwise misleading. The name of a firm shall not include the name **or initials** of an individual who is **not** a present or a past partner, member or shareholder of the firm or its predecessor. The name of the firm shall not include the name of an individual who is not a licensee.

7. Applicants for initial issuance or renewal of permits shall list in their application all states in which they have applied for or hold permits as certified public accounting firms and list any past denial, revocation, suspension or any discipline of a permit by any other state. Each holder of or applicant for a permit pursuant to this section shall notify the board in writing within thirty days after its occurrence of any change in the identities of partners, principals, officers, shareholders, members or managers whose principal place of business is in this state; any change in the number or location of offices within this state; any change in the identity of the persons in charge of such offices; and any issuance, denial, revocation, suspension or any discipline of a permit by any other state.

8. Firms which fall out of compliance with the provisions of this section due to changes in firm ownership or personnel after receiving or renewing a permit shall take corrective action to bring the firm back into compliance as quickly as possible. The board may grant a reasonable period of time for a firm to take such corrective action. Failure to bring the firm back into compliance within a reasonable period as defined by the board may result in the suspension or revocation of the firm permit.

9. The board shall require by rule, as a condition to the renewal of permits, that firms undergo, no more frequently than once every three years, peer reviews conducted in a manner as the board shall specify. The review shall include a verification that individuals in the firm who are responsible for supervising attest, review and compilation services or sign or authorize someone to sign the accountant's report on the financial statements on behalf of the firm meet the competency requirements set out in the professional standards for such services, provided that any such rule:

- (1) Shall include reasonable provision for compliance by a firm showing that it has within the preceding three years undergone a peer review that is a satisfactory equivalent to peer review generally required pursuant to this subsection;
- (2) May require, with respect to peer reviews, that peer reviews be subject to oversight by an oversight body established or sanctioned by board rule, which shall periodically report to the board on the effectiveness of the review program under its charge and provide to the board a listing of firms that have participated in a peer review program that is satisfactory to the board; and
- (3) Shall require, with respect to peer reviews, that the peer review processes be operated and documents maintained in a manner designed to preserve confidentiality, and that the board or any third party other than the oversight body shall not have access to documents furnished or generated in the course of the peer review of the firm except as provided in subdivision (2) of this subsection.

10. Prior to January 1, 2008, licensees who perform fewer than three attest services during each calendar year shall be exempt from the requirements of subsection 9 of this section.

11. The board may, by rule, charge a fee for oversight of peer reviews, provided that the fee charged shall be substantially equivalent to the cost of oversight.

12. In connection with proceedings before the board or upon receipt of a complaint involving the licensee performing peer reviews, the board shall not have access to any documents furnished or generated in the course of the performance of the peer reviews except for peer review reports, letters of comment and summary review memoranda.

The documents shall be furnished to the board only in a redacted manner that does not specifically identify any firm or licensee being peer reviewed or any of their clients.

13. The peer review processes shall be operated and the documents generated thereby be maintained in a manner designed to preserve their confidentiality. No third party, other than the oversight body, the board, subject to the provisions of subsection 12 of this section, or the organization performing peer review shall have access to documents furnished or generated in the course of the review. All documents shall be privileged and closed records for all purposes and all meetings at which the documents are discussed shall be considered closed meetings pursuant to subdivision (1) of section 610.021, RSMo. The proceedings, records and workpapers of the board and any peer review subjected to the board process shall be privileged and shall not be subject to discovery, subpoena or other means of legal process or introduction into evidence at any civil action, arbitration, administrative proceeding or board proceeding. No member of the board or person who is involved in the peer review process shall be permitted or required to testify in any civil action, arbitration, administrative proceeding or board proceeding as to any matters produced, presented, disclosed or discussed during or in connection with the peer review process or as to any findings, recommendations, evaluations, opinions or other actions of such committees or any of its members; provided, however, that information, documents or records that are publicly available shall not be subject to discovery or use in any civil action, arbitration, administrative proceeding or board proceeding merely because they were presented or considered in connection with the peer review process.

326.292. 1. Only licensees may issue a report on financial statements of any person, firm, organization or governmental unit or offer to render or render any attest service. Such restriction shall not prohibit any act of a public official or public employee in the performance of the person's duties as such; nor prohibit the performance by any nonlicensee of other services involving the use of accounting skills, including the preparation of tax returns, management advisory services and the preparation of nonattest financial statements. Nonlicensees may prepare financial statements and issue nonattest transmittals or information thereon which do not purport to be in compliance with the Statements on Standards for Accounting and Review Services (SSARS).

2. Only certified public accountants shall use or assume the title certified public accountant, or the abbreviation CPA or any other title, designation, words, letters, abbreviation, sign, card or device tending to indicate that such person is a certified public accountant. Nothing in this section shall prohibit:

(1) A certified public accountant whose certificate was in full force and effect, issued pursuant to the laws of this state prior to August 28, 2001, and who does not engage in the practice of public accounting, auditing, bookkeeping or any similar occupation, from using the title certified public accountant or abbreviation CPA;

(2) A person who holds a certificate, then in force and effect, issued pursuant to the laws of this state prior to August 28, 2001, and who is regularly employed by or is a director or officer of a corporation, partnership, association or business trust, in his or her capacity as such, from signing, delivering or issuing any financial, accounting or related statement, or report thereon relating to such corporation, partnership, association or business trust provided the capacity is so designated, and provided in the signature line the title CPA or certified public accountant is not designated.

3. No firm shall provide attest services or assume or use the title certified public accountants or the abbreviation CPAs, or any other title, designation, words, letters, abbreviation, sign, card or device tending to indicate that such firm is a certified public accounting firm unless:

(1) The firm holds a valid permit issued pursuant to section 326.289; and

The title enrolled agent or EA shall only be used by individuals so designated by the

Internal Revenue Service. Nothing in this section shall prohibit the use or issuance of a title for nonattest services provided that the organization and the title issued by the organization existed prior to August 28, 2001.

5. (1) Nonlicensees shall not use language in any statement relating to the financial affairs of a person or entity that is conventionally used by certified public accountants in reports on financial statements. Nonlicensees may use the following safe harbor language:

I (We) have not audited the accompanying financial statements and accordingly do not express an opinion or any other form of assurance on them.".

(2) Only persons or firms holding a valid license or permit issued pursuant to section 326.280 or 326.289 shall assume or use any title or designation that includes the words accountant or accounting in connection with any other language, including the language of a report, that implies that the person or firm holds a license or permit or has special competence as an accountant or auditor; provided, however, that this subsection shall not prohibit any officer, partner, principal, member, manager or employee of any firm or organization from affixing such person's own signature to any statement in reference to the financial affairs of the firm or organization with any wording designating the position, title or office that the person holds therein nor prohibit any act of a public official or employee in the performance of the person's duties as such. Nothing in this subsection shall prohibit the singular use of "accountant" or "accounting" for nonattest purposes.

6. Licensees **signing or authorizing someone to sign reports on financial statements when** performing attest, review or compilation services shall provide those services in accordance with professional standards as determined by the board by rule.

7. No licensee or holder of a provisional license or firm holding a permit pursuant to sections 326.280 to 326.289 shall use a professional or firm name or designation that is misleading about the legal form of the firm, or about the persons who are partners, principals, officers, members, managers or shareholders of the firm, or about any other matter.

- (1) Signs the compilation or review report identifying the individual as a licensee;
- (2) Meets the competency requirement provided in applicable standards; and

- (c) An examination of prospective financial information.

Such prohibition applies during the period in which the licensee is engaged to perform any of the services listed above and the period covered by any historical financial statements involved in such listed services.

(2) A licensee who is not prohibited by this section from performing services for or receiving a commission and who is paid or expects to be paid a commission shall disclose in writing that fact to any person or entity to whom the licensee recommends or refers a product or service to which the commission relates.

(3) Any licensee who accepts a referral fee for recommending or referring any service of a licensee to any person or entity or who pays a referral fee to obtain a client shall disclose in writing the acceptance or payment to the client.

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 2008, Page 1, Section A, Line 11, by inserting after all of said line the following:

"301.144. 1. The director of revenue shall establish and issue special personalized license plates containing letters or numbers or combinations of letters and numbers, not to exceed six characters in length. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Any person desiring to obtain a special personalized license plate for any motor vehicle other than a commercial motor vehicle licensed for more than twelve thousand pounds shall apply to the director of revenue on a form provided by the director and shall pay a fee of fifteen dollars in addition to the regular registration fees. The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void. No two owners shall be issued identical plates. An owner shall make a new application and pay a new fee each year such owner desires to obtain or retain special personalized license plates; however, notwithstanding the provisions of subsection 8 of section 301.130 to the contrary, the director shall allow the special personalized license plates to be replaced with new plates every three years without any additional charge, above the fee established in this section, to the renewal applicant. Any person currently in possession of an approved personalized license plate shall have first priority on that particular plate for each of the following years that timely and appropriate application is made.

2. No personalized license plates shall be issued containing any letters, numbers or combination of letters and numbers which are obscene, profane, [inflammatory or contrary to public policy] **patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found.** The director may recall any personalized license plates, including those issued prior to August 28, 1992, if the director determines that the plates are obscene, profane, [inflammatory or contrary to public policy] **patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found.** Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. **The director shall not apply the provisions of this statute in a way that violates the Missouri or United States constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle licence plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum.** Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes.

3. The director may also establish categories of special license plates from which license plates may be issued. Any such person, other than a person exempted from the additional fee pursuant to subsection 6 of this section, that desires a personalized special license plate from any such category shall pay the same additional fee and make the same kind of application as that required by subsection 1 of this section, and the director shall issue such plates in the same manner as other personalized special license plates are issued.

4. The director of revenue shall issue to residents of the state of Missouri who hold an unrevoked and unexpired official amateur radio license issued by the Federal Communications Commission, upon application and upon payment of the additional fee specified in subsection 1 of this section, except for a person exempted from the additional fee pursuant to subsection 6 of this section, personalized special license plates bearing the official amateur radio call letters assigned by the Federal Communications Commission to the applicant. The application shall be accompanied by an affidavit stating that the applicant has an unrevoked and unexpired amateur radio license issued by the Federal Communications Commission and the official radio call letters assigned by the Federal Communications Commission

to the applicant.

5. Notwithstanding any other provision to the contrary, any business that repossesses motor vehicles or trailers and sells or otherwise disposes of them shall be issued a placard displaying the word "Repossessed", provided such business pays the fees presently required of a manufacturer, distributor, or dealer in subsection 1 of section 301.253. Such placard shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the motor vehicle or trailer.

6. Notwithstanding any provision of law to the contrary, any person who has retired from any branch of the United States armed forces or reserves, the United States Coast Guard or reserve, the United States Merchant Marines or reserve, the National Guard, or any subdivision of any such services shall be exempt from the additional fee required for personalized license plates issued pursuant to section 301.441. (2) "Owner", the registered owner of a motor vehicle or lessee of a motor vehicle under a lease of six months or more as shown by the records of the department of revenue.

2. Ten cities designated by the director of the department of public safety with reference to any intersection involving highways, roads or streets under its jurisdiction, except a state highway as defined in section 304.001, may adopt an ordinance authorizing the use of an automated traffic control signal enforcement system to detect motor vehicles entering an intersection in violation of a red signal indication authorized pursuant to section 304.281. 4. Photos obtained from an automated traffic control signal enforcement system along with proof of identity of the owner in whose name such motor vehicle is registered shall raise a rebuttable presumption that such owner was the person who committed the violation. If the motor vehicle is alleged to have been stolen, the owner of the motor vehicle shall submit proof that a police report was filed indicating that the motor vehicle was stolen at the time of the alleged violation.

5. A summons issued pursuant to this section shall be sent by certified mail to the most recent address of the owner of the motor vehicle within twenty-one days of the violation. The cost of issuing the certified letter may be charged in addition to the fine imposed pursuant to subsection 10 of this section. The summons shall include the date, time and location of the violation, a photo of the motor vehicle's license plate, and a photo of the actual violation as detected by the automated traffic control signal enforcement system. The summons must also include instructions on how to dispose of the violation through court appearance or payment of the fine and costs.

6. Any city that establishes a traffic control signal enforcement pursuant to the provisions of this section shall make a public announcement of any automated traffic control signal enforcement system at least thirty days prior to its official use.

Any compensation paid to a private vendor shall not be based upon a contingency basis nor shall such compensation be based upon revenues generated from the use of such system. The city may enter into an agreement with the department of revenue for the purpose of obtaining relevant records regarding the owner in order to prepare and mail summonses on behalf of the city.

The report shall include, but not be limited to, recommendations of whether such a system shall be instituted on a statewide basis.
